### ***THE ACTIVITY OF THE ISSUER - VW BANK POLSKA S.A.***

Volkswagen Bank Polska S.A. was created in the beginning of 1998. However, it started its operations on the 24th of July, 1998. The Issuer belongs in 60% to Volkswagen Bank GmbH – a company belonging in 100% to Volkswagen Financial Services AG (a holding company created in 1994 as the daughter-company of Volkswagen AG). Since June, 2001 as a result of the joint-venture agreement concluded between Volkswagen Financial Services AG and Kulczyk PON Investment B.V., 40% of shares changed the owner for Kulczyk PON Investment B.V. and the Issuer took over 100% shares of Volkswagen Ubezpieczenia Sp. z o.o. (currently Volkswagen Serwis Ubezpieczeniowy Sp. z o.o.) Volkswagen Financial Services AG is one of the largest financial institutions, which offers credit and leasing services in the automobile market in Europe. The main aim of Volkswagen Financial Services AG is to support sales of cars produced within the Volkswagen Group in all the countries, where the firm is present.

Combining car offering with financial services within one company seems to be the best solution in the era of severe competition in the automobile market.

### ***THE ACTIVITY OF THE ISSUER IN 2007***

Volkswagen Bank Polska still maintains its position as a leader among the car banks, specialising in financing of the purchase of Volkswagen group cars, i.e. such car makes as Volkswagen, Audi, Škoda and SEAT.

In addition, the Bank offers the direct/retail banking services for individual clients and businesses under the Volkswagen Bank *direct* brand name.

The year 2007 proved to be a breakthrough year in the sales of new cars. After years of decline, with the sales level for new cars slightly exceeding 200 thousand (compared to the total market), we finally witnessed a rise in sales. The Bank granted 16,644 (14,901 in 2006) loans for purchase of cars in instalments system of the total value of PLN 618.5 mio (PLN 557.8 mio in 2006). In 2006 as well, almost 100% of credit portfolio was denominated in PLN. In 2007 took place a further decrease in lending in EUR. The share of EUR-denominated credit agreements, compared to the total number of credit agreements concluded in 2007, decreased more than in the previous year. In 2007, credit agreements denominated in EUR in comparison with the total number of newly concluded credit agreements for the purchase of automobiles amounted to 0.2% (0.4 % in 2006).

Last year, the sales structure was dominated by promotional products prepared in co-operation with the Group's Importers (Kulczyk Tradex, Škoda Auto Polska, Iberia Motor Company) and independent promotions of Volkswagen Bank Polska.

In 2007, Volkswagen Bank Polska was actively developing its activity in second-hand cars financing segment. As the financial partner co-operating with importers it took part in the programmes prepared with the second-hand cars in mind: Tested Automobile (Škoda – Škoda Auto Polska S.A.) and Audi Select Plus (Audi – Kulczyk Tradex Sp. z o.o.).

Last year, the Bank paid special attention to improving the quality of the service offered to Clients and in servicing the dealers network. The call centres within the Loan and Leasing Department were combined which improved the service level indices. Last year, over 98% of credit applications were granted a decision within 90 minutes from their reception at the Bank. The VIP program, introduced in order to service credit agreements for Audi cars, proved to be particularly large success. Special and individual approach to the service of Audi dealers and clients resulted in a big growth dynamics of luxury cars financing segment.

Apart from ensuring the highest level of service for new Clients, the Bank has also devoted a lot of attention to its current Clients by implementing the sales support process for credit agreements in which

the consultants from Loan and Lease Department support and monitor the process of the purchase of a second car and conclusion of the credit agreement at the dealer showroom.

The new products include the loan for financing of transport insurance; in addition there exists a possibility of financing within the credit agreement of bank insurance fees (RTI – in case of a total damage or theft ensures the payment of the indemnity up to the invoice value of the automobile, XWA – prolonged guarantee). The process of handling of modifications in credit agreements was also changed, especially the take over of a debt, thanks to which the Clients received a possibility of maintenance service close to their home – at the dealer's station.

In the basic offer of the Bank are: standard loan, MiniMax loan for individual Clients, businesses and products for dealer showrooms, companies selling car makes belonging to the group.

### **CREDIT OFFER**

Volkswagen Bank Polska S.A. offers to its clients auto credits, that cover purchases of Volkswagen, Audi, Seat and Škoda. The bank offers loans in PLN and denominated in EUR for purchase of new and secondhand cars.

#### **Instalment loan**

Instalment loan is destined for the purchase of new or second-hand cars. The loan for the purchase of new cars concerns the Volkswagen Group car makes, that is Volkswagen, Audi, Skoda and SEAT. The loan is targeted at individual Clients and at entities carrying out business activity. The minimum term of loan is 6 months and the maximum 84 months (at 6-month intervals). Within simplified procedure, the amount of down payment was set at the level of minimum 5%. Standard collateral for the loan is the assignment of rights from insurance policy and transfer of ownership of the moveable asset. The loan disbursed in PLN or EUR can be repaid in equal or decreasing instalments.

#### **Standard loan**

Standard loan for the purchase of second-hand cars, in turn, concerns the Volkswagen Group car makes and all other car makes offered at the showrooms of Volkswagen, Audi, Skoda and SEAT dealers. The loan, denominated in PLN or EUR, is aimed at individual Clients and for entities carrying out business activity. The term of loan for the purchase of second-hand cars is between 12 to 84 months and the age of a car financed with the loan – from 13 to 72 months. The term of the loan and the age of the car combined cannot exceed 144 months, that is 12 years. The minimum amount of down payment equals 15%. The loan may be repaid in equal or decreasing instalments and during the term of the credit agreement the car may be exchanged for a different one. It is also possible to include the insurance premium into the credit amount.

#### **MiniMax Loan**

Apart from the standard loan the Bank's offer includes MiniMax loan (balloon loan). The maximum term of loan in case of this loan is 36 months. Applying a higher, residual rate, called a balloon, enables the Client to lower significantly the monthly credit instalments. The last balloon rate may be repaid with own funds or be financed with another loan. The level of the balloon rate depends on the duration of the credit agreement and is between 30% (in case of a 36-months loan) and 55% (in case of a loan granted for 12 months). The MiniMax loan is granted in PLN and concerns only new cars of makes belonging to Volkswagen Group, Audi, Skoda and SEAT. The loan is destined for individual Clients and entities

carrying out business activity. The down payment level in case of natural persons begins already at the level of 5% of value of the financed vehicle.

### **Loan with collateral insurance**

In the Bank's offer exist insurance products ensuring financial safety for borrowers and their families in case of occurrence of insured events. The Bank serves as an intermediary in the sales of insurance products offered by insurance companies. By paying a monthly credit instalment increased by a small insurance premium, the Client receives:

- Insurance against the Unemployment Risk – the insurance covers the event of losing a job by the borrower, in result of which he or she gain the unemployed status
- Loan Repayment Insurance – insures the repayment of loan in case of an illness of the borrower, his or her incapacity to work or other random incidents covered with insurance protection.
- Insurance Against Financial Loss – the insurance protects against financial loss incurred by the insured borrower as a result of a total damage or theft of the car purchased with a loan. Thanks to the Insurance Against Financial Loss, the Client receives an additional 20% of the value of the vehicle as at the day of the occurrence of the damage, notwithstanding the level of indemnity from comprehensive motor insurance (AC). The insurance is especially useful in case of a low down payment on the part of the Client and the FX risk in agreements denominated in EUR, when the payment of indemnity from comprehensive motor insurance (AC) does not cover liabilities under the credit agreement. In case of new cars, it protects the Client against a significant value loss of the vehicle.
- Insurance of 100 % of value of the vehicle (RTI) – insurance of the invoice value of the vehicle. Thanks to the indemnity from RTI and comprehensive motor insurance (AC), the Client may recover the full amount equal to the invoice value of the lost vehicle as at the day of its purchase.

### **Offer for the entities belonging to the group**

As in the previous years, in 2007 Volkswagen Bank Polska offered to the companies carrying out sales of the car makes belonging to Volkswagen Group a financing of their activity in the form of a revolving credit, an overdraft in the current account and investment loans. The value of the loans granted in 2007 for activity financing increased by 158.25% compared to 2006, attaining the amount of PLN 289.4 mio (PLN 112.1 mio in 2006). The total related exposure of the Bank increased, in comparison with 2006, by 37.68% to reach PLN 782.3 mio.

The Bank continued the financing of the fleet of new cars for the Škoda dealers in the form of the Unit Funding loan. The offer was taken up by 62 out of 69 dealers of this car make. In the 1st quarter of 2007, Volkswagen Bank Polska prepared and launched an identical credit product for the VW and Audi dealers network.

### **Volkswagen Bank *direct***

The value of term deposits increased by 13.3% compared to the previous year and reached the level of PLN 929 mio (PLN 820 mio in 2006). The growth of term deposits in the segment of direct banking for businesses was very dynamic – at the speed of 34.6% per year.

The value of cash loans granted in 2007 within direct banking, compared to 2006, diminished by PLN 115 thousand. The value of overdrafts granted for personal accounts increased by PLN 1.67 mio.

The year 2007 was an exceptional year for the entire lease sector, which noted record sales and a high growth dynamics in all the segments of the market. The growing significance of the car lease can be observed, the share of which in the vehicle lease segment was as high as 35% in 2007, compared to only a few percentage points few years earlier.

Such dynamic growth in the passenger car segment is strictly connected with income tax and VAT regulations. They have been constantly changing over the last decade, being a source of fear and uncertainty for the Clients using this form of investment finance. The growth of significance of car lease in last years is also a result of changes in vehicle classification.

In addition 2007 proved to be a breakthrough year on the new cars sales market in Poland. After several years with the sales level slightly exceeding 200 thousand new cars per year, additional 24% of cars were sold.

According to the data collected and presented by the Lease Companies Association, the value of the new leasing agreements portfolio in 2007 on the moveable asset market was PLN 29.6 bn, which is a 50% growth compared to the same period last year.

Thanks to the lease on the moveable asset market in 2007 the following were financed:

- road transport vehicles for approx. PLN 19.5 bn (increase by 59% compared to 2006), including cars for approx. PLN 7.3 bn (increase by 68%)
- machines and industrial equipment for approx. PLN 8.9 bn (increase by 37%)
- computers and office equipment for approx. PLN 476.5 mio (increase by 30%)
- rail, air and water transport means for approx. PLN 583.4 mio (increase by 0.3%)

### **GUARANTEE**

by

Volkswagen Financial Services AG

in favour of the Holders of the

Zloty Denominated Debt Instruments

issued by Volkswagen Bank Polska S.A. and

Volkswagen Leasing Polska Sp. z o.o.

up to the aggregate nominal amount not exceeding

Three Billion Zlotys

The undersigned:

Volkswagen Financial Services AG is a duly organised and existing company under the laws of Germany, whose registered company seat is located at Gifhorner Strasse 57, 38112 Braunschweig, Germany (the "**Guarantor**").

Any capitalized terms not defined herein shall have the same meaning as ascribed to them in the relevant terms and conditions.

### **WHEREAS**

Volkswagen Bank Polska S.A. with its seat in Warsaw and Volkswagen Leasing Polska Sp. z o.o with its seat in Warsaw (each of them the "**Issuer**" and jointly the "**Issuers**") will issue debt instruments (the "**Debt Instruments**") under the Debt Instrument Program up to the aggregate nominal amount not exceeding Three Billion Zlotys, organised in accordance with the Issue Agreement dated 24<sup>th</sup> November 2006, as amended, and the Agency and Deposit Agreements dated 7<sup>th</sup> June 2002, as amended, entered into between respectively Volkswagen Bank Polska S.A. or Volkswagen Leasing Polska Sp. z o.o. and BRE Bank S.A., Bank Handlowy w Warszawie S.A., ABN AMRO Bank (Polska) S.A., ING Bank Śląski S.A., Bank Pekao S.A. and Societe Generale S.A. Oddział w Polsce (the "**Program**") to the Holders;

and

The Guarantor has been requested to issue to the Holders of Debt Instruments issued under the Program by Volkswagen Bank Polska S.A. and Volkswagen Leasing Polska Sp. z o.o. a guarantee (the "**Guarantee**") supporting the fulfilment of all obligations of the Issuers under the Debt Instruments and the Guarantor is hereby issuing the Guarantee on the following terms:

**NOW, THEREFORE**, the Guarantor hereby declares the following:

The Guarantor hereby irrevocably and unconditionally guarantees to the Holders the due and punctual payment of the amounts payable on the Debt Instruments issued by the Issuers under the Program in accordance with the terms and conditions applicable to the respective Debt Instruments.

Therefore, upon any Holder's written demand, the Guarantor shall pay to the Holder the amount stated by the Holder to be due to it from the respective Issuer under the Debt Instruments together with the Polish statutory interests, the costs associated with the enforcement of this Guarantee and all the collection of payment hereunder.

Each written demand made by the Holder must be in English and shall be accompanied by: (i) a written confirmation issued by Volkswagen Bank Polska S.A. that the Debt Instruments of such Holder demanding payment under the Guarantee are deposited with Volkswagen Bank Polska S.A.; or (ii) an original of the Debt Instrument of such Holder - in case of the Debt Instruments issued by Volkswagen Bank Polska S.A. or an original of a depositary receipt - in case of the Debt Instruments issued by Volkswagen Leasing Polska Sp. z o.o. Each written demand shall be made to the Guarantor on the following address: Gifhorner Strasse 57, 38112 Braunschweig, Germany.

Each written demand shall be accompanied by a statement of such Holder confirming that the Issuer is in default in the payment of principal and interest due and payable under the Debt Instruments and must further set forth the amount, if any, previously received by such Holder with respect to such Debt Instrument(s). All payments under the Guarantee shall be made to the bank account in Poland indicated in the Holder's written demand delivered to the Guarantor.

The intent and purpose of this Guarantee is to ensure that the Holders under all circumstances, whether factual or legal, and regardless of the validity and enforceability of the obligations of any of the Issuers under the Debt Instruments and of any other grounds on the basis of which the Issuers may fail to effect payment, shall receive the amounts payable on the Debt Instruments on the due dates provided for in terms and conditions applicable to the respective Debt Instruments.

The Guarantor represents and warrants that:

- A) it is duly incorporated and validly existing under the laws of Germany and is lawfully qualified to do business in those jurisdictions in which business is conducted by it;

- B) (i) the execution and performance of this Guarantee, and (ii) the performance of the obligations hereby undertaken have been duly authorised, executed and delivered by the Guarantor and constitute valid, legally binding and enforceable obligations of the Guarantor;
- C) no other action or things is required to be taken, fulfilled or done (including without limitation, the obtaining of any consent, licence, approval or authorisation or the making of any filing or registration) for the execution of this Guarantee or the compliance by the Guarantor with the terms of this Guarantee; and
- D) the obligations of the Guarantor under this Guarantee constitute direct, unconditional, irrevocable and unsecured obligations of the Guarantor and rank and will rank at least *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, subject to exceptions under mandatory provisions of the German law.

Payments of all amounts due under this Guarantee shall be made by the Guarantor without deduction or withholding at source of any taxes, duties or governmental charges imposed, levied or collected by or in or on behalf of the Republic of Poland or the Federal Republic of Germany or by or on behalf of any political subdivision or authority therein having power to tax, unless such deduction or withholding is required by law. In such event, the Guarantor shall pay such additional amounts.

The Guarantor further undertakes, as long as the Program is continuing and the Debt Instruments issued by the Issuers are outstanding under the Program, but in case of the Debt Instruments issued by Volkswagen Leasing Polska Sp. z o.o. only up to the time all amounts payable have been placed at the disposal of ING Bank Śląski S.A. acting as the Paying Agent, not to provide any security by encumbering any of its own assets, for other bonds, notes, debentures or similar debt instruments or indemnities in respect thereof without at the same time having the Holders share equally and rateably in such security, unless such collateralisation is required by law or by an authority. For the avoidance of doubt, this undertaking shall not apply to security provided in connection with asset backed securities issued by the Guarantor or by a special purpose vehicle where the Guarantor is the originator of the underlying assets.

This Guarantee applies to all Debt Instruments issued by the Issuers and specified in the terms and conditions as being part of the Program, regardless of whether the limitation on the total aggregate amount of the Debt Instruments outstanding provided for in the Program issued by the Issuers is observed or exceeded for whatever reason.

This Guarantee is given to BRE Bank S.A., Bank Handlowy w Warszawie S.A., ABN AMRO Bank (Polska) S.A., ING Bank Śląski S.A., Bank Pekao S.A. and Societe Generale S.A. Oddział w Polsce in favour of the Holders with the consequence that the Holders acquire the right to directly demand from the Guarantor the performance of the obligations assumed in this Guarantee (contract for the benefit of third parties pursuant to § 328 BGB (German Civil Code)).

BRE Bank S.A., Bank Handlowy w Warszawie S.A., ABN AMRO Bank (Polska) S.A., ING Bank Śląski S.A., Bank Pekao S.A. and Societe Generale S.A. Oddział w Polsce do not assume any trustee obligations on behalf of

the Holders. They agree, however, on the instruction of the Guarantee, to hold the original of this Guarantee in custody until all obligations of the Issuers arising from the Debt Instruments guaranteed hereunder and the Guarantee have been fulfilled.

Any guarantee issued by Volkswagen Financial Services AG before the date hereof remains in force with respect to the debt instruments issued before signing of this Guarantee. All obligations of the Issuers under the Debt Instruments issued under the Issue Agreement dated 24<sup>th</sup> November 2006 and the Agency and Deposit Agreements dated 7<sup>th</sup> June 2002, both executed on 6<sup>th</sup> August 2008 shall be secured by this Guarantee.

The rights and obligations arising from this Guarantee shall in all respects be determined in accordance with German law. Place of jurisdiction shall be Frankfurt am Main.

If no such account is indicated, the Issuer shall, subject to court permission, submit the amount due and payable under this Certificate of Deposit to a court deposit. The "**Record Date**" shall mean the day on which the number of and ownership of the Certificates of Deposit is determined in order to specify the persons entitled to receive payments under the Certificates of Deposit held on Deposit, in respect of which a given depositary is entitled to receive payment, and which shall fall at 4:00 p.m. two Business Days before the Maturity Date.

Payment under this Certificate of Deposit shall be made after this Certificate of Deposit has been presented to the Issuer for redemption pursuant to the Terms and Conditions. On the Issue Date this Certificate of Deposit shall be deposited at the deposit maintained by the depositary i.e. [•] ("**Deposit**"). Certificates of Deposit deposited with a depositary authorized to collect payments under this Certificate of Deposit pursuant to the Terms and Conditions shall be deemed presented for redemption on the Maturity Date without any additional instructions from the Holder. The preceding also applies to Certificates of Deposit held by the given depositary as their Holder. In the case of Certificates of Deposit released to Holders from the Deposit, the remittance of the Maturity Payment shall be contingent on the Issuer's receiving information on the bank account (to which the payment of the Maturity Payment shall be made) at least five (5) Business Days before the Maturity Date. In order to receive payments under Certificates of Deposit released from the Deposit or placed on the Deposit in respect to which the Holder has not authorized the given depositary to receive payments under the Certificates of Deposit, the Holder must present the Certificate of Deposit and submit it to the deposit held by the Issuer 2 days before the Maturity Date. The Maturity Payment under Certificates of Deposit released from the Deposit or placed on the Deposit in respect to which the Holder has not authorized the given depositary to receive payments under the Certificates of Deposit shall be made on the Maturity Date but no earlier than the 2<sup>nd</sup> day after the Certificate of Deposit is presented and deposited. The Holder shall not be entitled to any interest for any delayed payments under the Certificates of Deposit caused by a failure to present the Certificate of Deposit. The term "deposited with the depositary" or "deposited in the Deposit" shall mean Certificates of Deposit, which have not been released from the Deposit in accordance with procedure set out in the Terms and Conditions. The term "*released from the Deposit*" shall mean Certificates of Deposit, which have been released from the Deposit in accordance with procedure set out in the Terms and Conditions.

If any of the following events occurs and is continuing, the Holder may notify the Issuer that the Certificate of Deposit is subject to immediate repayment, after which the Maturity Payment under such Certificate of Deposit shall become immediately due and payable:

- (a) the Issuer has not made a maturity payment on the maturity date under whatever of the certificates of deposit issued under the Programme;
- (b) the Guarantor has not made any payment under the Guarantee;
- (c) any of the representations or warranties made by the Issuer in the disclosure documents, i.e., the information memorandum, the Terms and Conditions or any other document the Issuer shall describe as disclosure document and shall from time to time deliver to the Holders, or by the Guarantor in the Guarantee proves to have been untrue in a material respect on the date on which it was made;
- (d) the Issuer or the Guarantor declares itself insolvent or ceases paying its debts;
- (e) the court with jurisdiction issues a judgment or a resolution is adopted to dissolve the Issuer or the Guarantor or any other circumstance occurs causing the commencement of the liquidation of the Issuer or the Guarantor; or
- (f) a permit, consent or licence necessary for the validity of the Certificates of Deposit or required for the Issuer to diligently perform its obligations under the Certificates of Deposit expires or is revoked.

In the case of Certificates of Deposit deposited in the Deposit in respect of which the depositary is entitled to receive payment, notification that a Certificate of Deposit is subject to immediate repayment will be sent to the Issuer through the depositary.

Volkswagen Financial Services AG with its seat in [ ], as the independent Guarantor has unconditionally and irrevocably guaranteed to the Holders of this Certificate of Deposit the due and punctual repayment by the Issuer to the Holders of this Certificate of Deposit of the Nominal Value of this Certificate of Deposit and all the Issuer's other financial obligations arising under this Certificate of Deposit issued under the Debt Instruments Issuance Programme.

The transfer of rights under a Certificate of Deposit is effective upon the execution of a suitable agreement and delivery of the Certificate of Deposit to the purchaser. Subject to the below paragraph to transfer the rights under a Certificate of Deposit to the purchaser, this Certificate of Deposit must be released from the Deposit. According to the Terms and Conditions the release of the Certificate of Deposit from the Deposit implies the obligation to pay a handling charge that amounts to 5% of the Nominal Value of the Certificate of Deposit. However, the above handling charge shall not be lower than the costs of printing of the secured duplicate of the Certificate of Deposit. The depositary shall inform the Holder within 4 days from the filing date of the request to release the Certificate of Deposit of the exact amount of the handling charge determined by the Issuer.

In the case of the Certificates of Deposit deposited in the Deposit, the transfer of the Certificate of Deposit by the Holder to the purchaser may take place by the intermediation of the depositary acting on the basis of appropriate authorisations without the need to release the Certificate of Deposit from the Deposit and an obligation to pay a handling charge set out above.

If the Maturity Date is on a day that is not a Business Day, this Certificate of Deposit shall be redeemed on the first Business Day thereafter and the Holders shall not be entitled to interest for such period. The term "Business Day" means any business day, except for Saturday, Sunday or other holidays, on which the Issuer and the depositary operate in a way making possible the activities described in the Terms and Conditions.

All payments under the Certificates of Deposit shall be made by the Issuer without withholding for or on account of any withholding tax in force in the Republic of Poland, unless such withholding is required by law. In the event of such withholding, the Issuer shall have no obligation to make payments of any gross-up, indemnification or other amounts with respect to such taxes. In the case when the Holder's seat or place of residence is outside the territory of the Republic of Poland, it shall deliver to the Issuer (in the case of Certificates of Deposit deposited with a depositary who was authorized by the Holder to receive payment under the Certificates of Deposit — through such depositary) a

valid tax residence certificate issued by a competent tax authority at least three (3) business days before the Maturity Date.

In the event of any damage to the secured duplicate of the Certificate of Deposit raising doubts as to its authenticity, no payments shall be made under such Certificate of Deposit.

The Terms and Conditions of this Certificate of Deposit have been made publicly available by being displayed at the Issuer's seat.

This Certificate of Deposit shall be governed by the laws of Poland.

8.2.2 The Interest Rate for a given Interest Period shall be the Screen Rate plus the margin indicated in the Terms and Conditions, and if the Screen Rate cannot be established, it shall be the arithmetic mean, as calculated by the Paying Agent, of the rates given by the Reference Banks, provided that at least two Reference Banks state interest rates, and rounded, if necessary, to two places after the decimal point (0.005 shall be rounded up), plus the margin set in the Terms and Conditions.

8.2.3 If a floating Interest Rate cannot be determined in accordance with the foregoing terms, the Interest Rate shall be the last Interest Rate in force in the Interest Period preceding the Interest Rate Determination Date.

## 8.3 Calculating Interest Payments

On the Business Day following the Interest Rate Determination Date, the Paying Agent shall calculate the Interest Payment on each Bond according to the following formula:

$$KO = SP\% \times WN \times LD/B$$

where:

KO – is the Interest Payment;

SP – is the [floating/fixed] Interest Rate;

WN – is the nominal value of each Bond;

LD – is the number of days in the Interest Period;

B - is  $[\bullet]^{11}/[365]^{12}$
