## Mandating of SVI and verification steps

On 6 November 2025, SVI has been mandated by the Originator (Volkswagen Leasing GmbH) to verify compliance with Article 243 (2) of the CRR for the securitisation transaction "**VCL Master Residual Value S.A., Compartment 2**" (the "Transaction").

As part of our verification work, we have met with representatives of Volkswagen Leasing GmbH ("VWL") and Volkswagen Financial Services AG ("VWFS") to conduct an onsite due diligence meeting in Braunschweig on 13 May 2025. In addition, we have discussed selected aspects of the Transaction with VWL, VWFS and legal counsel and obtained additional information on the transaction structure, the underwriting and servicing procedures of VWL and the underlying transaction documentation.

For the purposes of this Preliminary CRR Assessment, we have reviewed the following (draft) documents and other information related to the Transaction:

- Base Prospectus
- Expectancy Rights Purchase Agreement
- Additional information received by e-mail, such as confirmations, comments, etc.

### Verification Methodology

The fulfilment of each verification point in this Preliminary CRR Assessment provided to the Originator is evaluated based on the three fulfilment values (traffic light status):

Criterion is fully met	
Criterion is mostly met, but with comments or requests for missing information	
Criterion not (yet) met based on available information	

## Disclaimer of SVI

SVI grants a registered verification label “verified – STS VERIFICATION INTERNATIONAL” if a securitisation complies with the requirements for simple, transparent and standardised securitisation as set out in Articles 18 to 26e of the Securitisation Regulation ("STS Requirements"). The same registered verification label is used by SVI in the context of a CRR Assessment, Article 270 Assessment, LCR Assessment and Gap-Analysis. The aim of the Securitisation Regulation is to restart high-quality securitisation markets, and the intention of implementing a framework for simple, transparent and standardised transactions with corresponding STS criteria shall contribute to this. However, it should be noted that the STS verification performed by SVI does not affect the liability of an originator or special purpose vehicle in respect of their legal obligations under the Securitisation Regulation. Furthermore, the use of verification services from SVI shall not affect the obligations imposed on institutional investors as set out in Article 5 of the Securitisation Regulation or set out in the CRR, LCR and other relevant regulations, respectively. Notwithstanding confirmation by SVI, which verifies compliance of a securitisation with the STS Requirements, such verification by SVI does not ensure the compliance of a securitisation with the general requirements of the Securitisation Regulation.

SVI has carried out no other investigations or surveys in respect of the originator, issuer or the notes concerned other than as set out in this Preliminary CRR Assessment and disclaims any responsibility for monitoring the originator’s or Issuer’s continuing compliance with these standards or any other aspect of the issuer’s activities or operations. Furthermore, SVI has not provided any form of advisory, audit or equivalent service to the Originator, Issuer or Sponsor.

SVI is not a legal advisor and nothing in the Preliminary CRR Assessment shall be regarded as legal advice in any jurisdiction.

Accordingly, the Preliminary CRR Assessment is only an expression of opinion by SVI after application of its verification methodology and not a statement of fact. It is not a guarantee or warranty that ECB, any of the ESAs or national competent authorities, courts, investors or any other person will accept the STS status of the relevant securitisation. Therefore, no person should rely on the Preliminary CRR Assessment in determining the STS status but must perform its own analysis and reach its own conclusions.

SVI assumes due performance of the contractual obligation thereunder by each of the parties and the representations made and warranties given in each case by any persons or parties to SVI or in any of the documents are true, not misleading and complete. SVI shall have no liability for any loss of any kind suffered by any person as a result of a securitisation where the Preliminary CRR Assessment indicated that it met, in whole or in part, the STS Requirements, certain CRR or SRT requirements being held for any reason as not so meeting the relevant requirements or not being able to have lower capital allocated against it save in the case of deliberate fraud by SVI. SVI shall also not have any liability for any action taken or action from which any person has refrained from taking as a result of the Preliminary CRR Assessment.

#	Criterion Article 243 (2)	CRR Assessment
1	Qualification of the securitisation position as <b>STS securitisation</b>	<p><u>Verification Method:</u> Legal / Regulatory</p> <p>The Transaction and therefore also the Securitisation Position will be notified according to Article 27 (1) of the Securitisation Regulation by the Originator to ESMA as meeting the requirements of Articles 19 – 22 of the Securitisation Regulation in respect of non-ABCP securitisations, see Section “Securitisation Regulation” in the Base Prospectus. Please also refer to the Preliminary Verification Report.</p>

#	Criterion Article 243 (2) (a)	CRR Assessment
2	<b>Granularity</b> of the securitised portfolio in terms of single obligor concentrations	<p><u>Verification Method:</u> Legal</p> <p>At the time of inclusion in the securitisation, the total amount of Purchased Lease Receivables assigned hereunder resulting from Lease Contracts with one and the same Lessee will not exceed 0.5% of the Aggregate Discounted Receivables Balance in respect of any single Lessee as at the Cut-Off Date, please refer to Clause 6. “Warranties by VWL with respect to Purchased Expectancy Rights”, Subclause 6.2, Item (a) of the ERPA.</p> <p>Furthermore, VW Bank confirmed that there is no group of connected clients with an Aggregate Discounted Receivables Balance which exceeds 0.5%.</p> <p>The underlying exposures for the Transaction consist of Expectancy Rights and Final Payment Receivables. In relation to the Expectancy Rights, the requirements of Article 243 (2) (a) 2nd Paragraph of the CRR are fulfilled as those values are not exposed to refinancing or resell risk due to a legally enforceable obligation of VWL to repurchase the Leased Vehicles under the Repurchase Agreement between the Seller and the Issuer for every car returned from a lessee, please refer to Clause 2 “Repurchase of Leased Vehicles” and Clause 3 “Repurchase Price” of the Repurchase Agreement.</p> <p>VWFS as parent undertaking of VWL is, as “other corporate entity” according to Article 201 (1) (g) of the CRR, a third party eligible under Article 201 (1) of the CRR because VWFS has a credit assessment by three ECAs (Fitch, Moody’s and S&amp;P Global), see Article 201 (1) (g) (i) of the CRR.</p>

#	Criterion Article 243 (2) (b)	CRR Assessment
3	<b>Maximum risk weight under the Standardised Approach</b>	<p><u>Verification Method:</u> Regulatory / Legal / Due Diligence</p> <p>None of the underlying exposures are secured by residential mortgages or commercial mortgages, therefore Article 243(2) (b) (i) and (ii) are not applicable.</p> <p>The underlying exposures represent the residual value portion of the Lease Contracts which have been entered into exclusively with Lessees which, if they are corporate entities have their registered office or, if they are individuals have their place of residence in Germany and the Lessees are not credit-impaired, please refer to Clause 6. "Warranties by VWL with respect to Purchased Expectancy Rights", Subclause 6.1, Item (m) and Subclause 6.2 Item (d)(ii) of the ERPA.</p> <p>The portfolio contains Lease Contracts that have been entered with Lessees that fall into the 'retail exposure' category of Article 243(2) (b) (iii) as</p> <ul style="list-style-type: none"> <li>(i) the exposure is to one or more natural persons or to an SME,</li> <li>(ii) the total amount owed to the institution, its parent undertakings and its subsidiaries, by the obligor or group of connected clients, including any exposure in default but excluding exposures secured by residential property, up to the property value shall not, to the knowledge of the institution, which shall take reasonable steps to confirm the situation, exceed EUR 1 million, when the obligor is an SME,</li> <li>(iii) the exposure represents one of a significant number of exposures with similar characteristics, such that the risks associated with such exposure are substantially reduced, and</li> <li>(iv) the institution concerned treats the exposure in its risk management framework and manages the exposure internally as a retail exposure consistently over time and in a manner that is similar to the treatment by the institution of other retail exposures.</li> </ul> <p>This was confirmed by the Originator and during the Due Diligence, see also Article 123 of the CRR. As a result, these retail exposures would have a risk weight of 75% under the Standardised Approach.</p> <p>The portfolio contains Lease Contracts that have been entered with Lessees that represent 'exposures to corporates' according to Article 122 of the CRR and hence fall into the 'other exposure' category of Article 243(2) (b) (iv). The Seller is not an 'institution' according to Article 4 (1) point 3 of the CRR and is not using a credit assessment by a 'nominated ECAI' according to Article 4 (1) point 99 of the CRR. Hence, the underlying exposures for which such a credit assessment is not available shall be assigned the higher of (i) a 100% risk weight or (ii) the risk weight of the jurisdiction in which the corporate is incorporated (=Germany, see Article 122 (2) of the CRR. The risk weight of the jurisdiction in which the corporates are incorporated (=Germany) is 0% given that Germany is assigned a Credit Quality Step of 1, see Article 114 (2) of the CRR.</p>

		Therefore, the underlying exposures meet the conditions for being assigned under the Standardised Approach and taking into account any eligible credit risk mitigation, a risk weight equal to or smaller than 100 % for other (=corporate) exposures in accordance with Article 122 (2) and equal to or smaller than 75% for retail exposures in accordance with Article 123 of the CRR, on an individual exposure basis.

#	Criterion Article 243 (2) (c)	CRR Assessment
4	<b>Inclusion of loans secured by lower ranking security rights</b> for RMBS and CMBS	<p><u>Verification Method:</u> Legal / Due Diligence</p> <p>The Eligibility Criteria restrict the underlying exposures to Expectancy Rights and Final Payment Receivables under auto Lease Contracts – therefore, residential or commercial mortgage loans do not form part of the portfolio, please refer to Clause 6. “Warranties by VWL with respect to Purchased Expectancy Rights” of the ERPA.</p>

#	Criterion Article 243 (2) (d)	CRR Assessment
5	<b>Maximum loan-to-value</b> for RMBS	<p><u>Verification Method:</u> Legal / Due Diligence</p> <p>The Eligibility Criteria restrict the underlying exposures to Expectancy Rights and Final Payment Receivables under auto Lease Contracts – therefore, residential or commercial mortgage loans do not form part of the portfolio, please refer to Clause 6. “Warranties by VWL with respect to Purchased Expectancy Rights” of the ERPA.</p>

As a result of the verifications documented above, we confirm to **Volkswagen Leasing GmbH** that the requirements pursuant to Article 243 (2) of the CRR, have been fulfilled for the transaction “**VCL Master Residual Value S.A., Compartment 2**”.
