

VCL MULTI-COMPARTMENT S.A.

acting for and on behalf of its Compartment VCL 48

(incorporated with limited liability in Luxembourg with registered number B 148436)

EUR 1,051,600,000 Class A Asset Backed Floating Rate Notes of 2026/2033, Issue Price: 100 per cent.

(the "Class A Notes")

EUR 19,800,000 Class B Asset Backed Floating Rate Notes of 2026/2033, Issue Price: 100 per cent.

(the "Class B Notes")

Each Class A Note and each simultaneously issued subordinated Class B Note (together the "**Notes**") entitles the holder to demand the payment of a particular amount of interest and/or principal only, if and to the extent such amounts have been received by a Luxembourg law public limited liability company, VCL Multi-Compartment S.A., acting for and on behalf of its Compartment VCL 48 (the "**Issuer**") from Collections, from a Cash Collateral Account, from the enforcement of the Security and from the Swap Agreement. The sum of the nominal amount of the Notes plus the overcollateralisation amount plus the Subordinated Loan equals the present value of the Purchased Lease Receivables discounted to the Issue Date using the Discount Rate. Subject to the Available Distribution Amount and in accordance with the Order of Priority, each holder of a Class A Note is entitled to payment of the amount of EUR 100,000 plus interest equivalent to one month EURIBOR plus 0.42 per cent. *per annum* and each holder of a subordinated Class B Note, respectively, to payment of the amount EUR 100,000 plus interest equivalent to one month EURIBOR plus 0.78 per cent. *per annum*, calculated in each case with reference to the principal amount of each Note remaining outstanding immediately prior to the time of each payment and published pursuant to Condition 11. Payments of principal and interest on each class of Notes will be made monthly in arrears on the 21st day of each calendar month in each year, or, in the event such date is not a Business Day, then payments shall be due on the next following Business Day, unless that day falls in the next calendar month, in which case payments shall be due on the first preceding day that is a Business Day. The first Payment Date shall be the Payment Date falling on 21 July 2026.

The Class A Notes and the Class B Notes of the Issuer are backed by a portfolio of receivables in a discounted aggregate amount of EUR 1,100,000,938.37 arising out of the lease of new, ex-demonstration and used cars and light commercial vehicles originated by Volkswagen Leasing GmbH in Germany.

This Prospectus has been approved by the Commission de Surveillance du Secteur Financier (the "**CSSF**") of Luxembourg in its capacity as competent authority under Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation and the Luxembourg law dated 16 July 2019 on prospectuses for securities (*loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières*) (the "**Luxembourg Prospectus Law**"). Such approval should not be considered as an endorsement of the quality of the Notes that are subject to this Prospectus or an endorsement of the Issuer that is subject to this Prospectus. Therefore the investors should make their own assessment as to the suitability of investing in the Notes. In the context of such approval, the CSSF neither assumes any responsibility nor gives any undertaking as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer in line with Article 6(4) of the Luxembourg Prospectus Law. Application has been made to list the Notes on the official list of the Luxembourg Stock Exchange and to be admitted to trade the Notes on the regulated market of the Luxembourg Stock Exchange on 25 June 2026 (the "**Issue Date**"). The Luxembourg Stock Exchange's regulated market is a regulated market for the purpose of Directive 2014/65/EU. This Prospectus constitutes a prospectus for the purpose of Article 6(3) of the Prospectus Regulation, and will be published in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com). The validity of this Prospectus will expire on 19 June 2027. After such date there is no obligation of the Issuer to issue supplements to this Prospectus in the event of significant new factors, material mistakes or material inaccuracies. This Prospectus is published on the website of Circumference FS (Luxembourg) S.A. (<https://circumferencefs-luxembourg.com>).

Any website referred to in this Prospectus does not form part of this Prospectus and has not been scrutinised or approved by the CSSF, except for any website referred to in the section of this Prospectus headed "**DOCUMENTS INCORPORATED BY REFERENCE**".

Each of the Notes in the denomination of EUR 100,000 will be governed by the laws of Germany and will be represented by a global registered note (each a "**Global Note**"), without interest coupons. The Global Notes will not be exchangeable for definitive Notes. The Class A Notes will be deposited on or around 25 June 2026 (the "**Closing Date**") with a Common Safekeeper for Clearstream Luxembourg and Euroclear to be held under the new safekeeping structure ("**NSS**") and which will be registered in the name of a nominee of the Common Safekeeper. The Class B Notes will, on or around the Closing Date, be deposited with a common depository for Clearstream Luxembourg and Euroclear. The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This does not mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon, *inter alia*, satisfaction of the Eurosystem eligibility criteria. See "**OVERVIEW OF THE TERMS AND CONDITIONS OF THE NOTES – Global Notes.**"

Ratings will be assigned to the Notes by DBRS Ratings GmbH ("**DBRS**" or "**Morningstar DBRS**") and S&P Global Ratings Europe Limited ("**S&P Global**"). In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union "EU" and registered in accordance with the CRA3. Each of DBRS and Fitch has been registered in accordance with the CRA3 and is established in the European Union. Reference is made to the list of registered or certified credit rating agencies published by ESMA, as last updated on 10 July 2024, which can be found on the website <http://www.esma.europa.eu/supervision/credit-rating-agencies/risk>. The assignment of ratings to the Notes or an outlook on these ratings is not a recommendation to invest in the Notes and may be revised, suspended or withdrawn at any time.

In accordance with CRA3 as it forms part of domestic law of the United Kingdom by virtue of the EUWA and as amended by the Credit Rating Agencies (Amendment, etc) (EU Exit) Regulations 2019 (the "**UK CRA Regulation**"), the credit ratings assigned to the Notes by DBRS and S&P Global will be endorsed by DBRS Ratings Limited and S&P Global Ratings UK Limited, as applicable, being rating agencies which are registered with the Financial Conduct Authority. UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued or endorsed by a credit rating agency established in the UK and registered or certified under the UK CRA Regulation.

Amounts payable under the Notes will be calculated by reference to the Euro Interbank Offered Rate ("**EURIBOR**"), which is provided by European Money Markets Institute, with its office in Brussels, Belgium (the "**Administrator**"). As at the date of this Prospectus, the Administrator does appear on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of the Benchmarks Regulation (Regulation (EU) 2016/1011, as amended, (the "**Benchmarks Regulation**").

Securitisation Regulation

Whilst any of the Notes remain outstanding, the Seller, in its capacity as originator, will retain, for the life of the Transaction a material net economic interest of not less than 5 per cent. with respect to the Transaction in accordance with Article 6(3)(c) of Regulation (EU) 2017/2402 (the "**Securitisation Regulation**") and undertakes that it will not reduce, hedge or otherwise mitigate its credit exposure to the material net economic interest for the purposes of Article 6(1) of the Securitisation Regulation and Article 6 of Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 on supplementing the Securitisation Regulation with regard to regulatory technical standards specifying in greater detail the risk retention requirements for originators, sponsors, original lenders and servicers, provided that the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023. As at the Closing Date, such interest will, in accordance with Article 6(3)(c) of the Securitisation Regulation and Article 6 of Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023, be comprised of an interest in randomly selected exposures equivalent to no less than 5 per cent. of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the Transaction. The Seller in its capacity as servicer will service all of the retained exposures, the securitised exposures and comparable exposures held on its balance sheet in accordance with its customary practices in effect from time to time.

After the Issue Date, VWL, in its capacity as originator, as designated reporting entity will prepare monthly reports wherein relevant information with regard to the Purchased Lease Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller for the purposes of which the Seller will provide the Issuer with all information reasonably required in accordance with Article 7 of the Securitisation Regulation.

Each prospective investor is required to independently assess and determine the sufficiency of the information described in the preceding two paragraphs for the purposes of complying with Article 6 *et seq.* of the Securitisation Regulation. None of the Issuer, VWL (in its capacity as Seller and Servicer), the Joint Lead Managers, the Bookrunners, the Arranger or any other Transaction Party makes any representation that the information described above is sufficient in all circumstances for such purposes. In addition, each prospective Noteholder should ensure that it complies with Article 5 of the Securitisation Regulation. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction should seek guidance from their regulator and/or independent legal advice on the issue.

None of the Bookrunners, the Joint Lead Managers, the Arranger, their respective Affiliates nor any other person makes any representation, warranty or guarantee that the information provided by any party with respect to the transactions described in the Prospectus are compliant with the requirements of the Securitisation Regulation and no such person shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated by the Prospectus to satisfy or otherwise comply with the requirements of the Securitisation Regulation.

Pursuant to Article 27(1) of the Securitisation Regulation, the Seller intends to notify the European Securities Markets Authority ("**ESMA**") that the Transaction will meet the requirements of Articles 20 to 22 of the Securitisation Regulation (the "**STS Notification**"). The purpose of the STS Notification is to set out how in the opinion of the Seller each requirement of Articles 19 to 22 of the Securitisation Regulation has been complied with. Where the Transaction is classified STS, the STS Notification would then be available for download on the website of ESMA. The STS Notification will be made in accordance with the requirements of Commission Delegated Regulation (EU) 2020/1226. ESMA is obliged to maintain on its website a list of all securitisations which the originators and sponsors have notified as meeting the STS Requirements in accordance with Article 27(5) of the Securitisation Regulation. For this purpose, ESMA has set up a register under https://registers.esma.europa.eu/publication/searchRegister?core=esma_registers_stsre.

The Seller accepts responsibility for the information set out in this section "**Securitisation Regulation**".

The Seller has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation. The policies and procedures of the Seller in this regard broadly include the following:

- (a) criteria for the granting of credit and the process for approving, amending, renewing and re-financing credits, as to which please see further the section of this Prospectus headed "**BUSINESS PROCEDURES OF VOLKSWAGEN LEASING GMBH**" and "**ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**";
- (b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures, as to which we note that the Portfolio will be serviced in line with the usual servicing procedures of the Seller – please see further the section of this Prospectus headed "**ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**";
- (c) diversification of credit portfolios given the Seller's target market and overall credit strategy, as to which, in relation to the Portfolio, please see the section of this Prospectus headed "**DESCRIPTION OF THE PORTOFLIO**";
- (d) policies and procedures in relation to risk mitigation techniques, as to which please see further the sections of this Prospectus headed "**BUSINESS PROCEDURES OF VOLKSWAGEN LEASING GMBH**" and "**ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**".

For a discussion of certain significant factors affecting investments in the Notes, see "**RISK FACTORS**".

Prospectus dated 19 June 2026

The Issuer accepts full responsibility for the information contained in this Prospectus and confirms that, where VWL (also as the Servicer), the Security Trustee, the Swap Counterparty, the Data Protection Trustee, the Account Bank or any other party has expressly accepted responsibility for its own description or information which it provides in this Prospectus, such information has been accurately reproduced and no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer has taken all reasonable care to ensure that the information given in this Prospectus is, to the best of its knowledge, in accordance with the facts and does not omit anything likely to affect its import and the Issuer has taken all reasonable care to ensure that the information stated herein is true and accurate in all material respects and that there are no other material facts the omission of which would make misleading any statement herein, whether of fact or opinion.

VWL (also as the Servicer) only accepts full responsibility for information in this Prospectus relating to the Purchased Lease Receivables, the disclosure of servicing related risk factors, risk factors relating to the Purchased Lease Receivables, the information contained in "**DESCRIPTION OF THE PORTFOLIO**", "**BUSINESS PROCEDURES OF VOLKSWAGEN LEASING GMBH**", "**ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**" and "**BUSINESS AND ORGANISATION OF VOLKSWAGEN LEASING GMBH**".

The Arranger accepts full responsibility for the information contained in "**WEIGHTED AVERAGE LIVES OF THE NOTES**", except to the extent there is any inaccuracy resulting from information provided by VWL to the Arranger, in which case VWL is solely responsible for such information.

No person has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Issuer, VWL, the Security Trustee, the Servicer, the Data Protection Trustee or by the Joint Lead Managers, the Bookrunners or the Arranger shown on the cover page, or any other parties described in this Prospectus.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended from time to time (the "**Securities Act**"). Subject to certain exceptions, the Notes may not be offered, sold or delivered within the United States or to U.S. persons (within the meaning of Regulation S under the Securities Act).

The Notes sold on the Closing Date may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that whilst the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules. Each Purchaser of Notes, including beneficial interests therein will be deemed, and in certain circumstances will be required, to represent and agree that it (1) is not a Risk Retention U.S. Person (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to a U.S. person; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules. Each prospective investor will be required to make these representations (a) on or about the time of the announcement of the securitisation transaction involving the issuance of the Notes and (b) if such representations have not been previously made, as a condition to placing any offer to purchase the Notes. The Issuer, VWL, the Arranger and the Banks will rely on these representations, without further investigation.

The Notes may not be offered, or sold within the United States or to, or for the account or benefit of, U.S. Persons except (i) pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act and (ii) in accordance with an exemption from the U.S. Risk Retention Rules.

The issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section __20 of the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, the Seller, the Joint Lead Managers, the Bookrunners or the Arranger, or any of their Affiliates or any other party to accomplish such compliance.

The Notes are not intended, to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom. For these purposes, a retail investor means a person who is neither one (or both) of the following: (i) not a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("**DISC**") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the United Kingdom has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the United Kingdom may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

MIFID II product governance / Professional investors and ECPs only target market

Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

Neither the Issuer nor VWL has undertaken any target market assessment or assumes responsibility for the results thereof.

Neither the delivery of this Prospectus nor any offering, sale or delivery of any Notes shall, under any circumstances, create any implication (i) that the information in this Prospectus is correct as of any time subsequent to the date hereof, or (ii) that there has been no adverse change in the financial situation of the Issuer or with respect to VWL since the date of this Prospectus or the balance sheet date of the most recent relevant financial statements, or (iii) that any other information supplied in connection with the issue of the Notes is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. This does not affect the obligation of the Issuer to file a supplement in accordance with Article 23 of the Prospectus Regulation. Any such supplement will be published on the website of the Luxembourg Stock Exchange (www.luxse.com) and on the website of Circumference FS (Luxembourg) S.A. (<https://circumferencefs-luxembourg.com>).

No action has been taken by the Issuer, the Arranger, the Bookrunners or the Joint Lead Managers other than as set out in this Prospectus that would permit a public offering of the Notes, or possession or distribution of this Prospectus or any other offering material in any country or jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus (nor any part hereof) nor any information memorandum, prospectus, form of application, advertisement or other offering materials may be issued, distributed or published in any country or jurisdiction except in compliance with applicable laws, orders, rules and regulations, and the Issuer, the Arranger, the Bookrunners and the Joint Lead Managers have represented that all offers and sales by them have been made on such terms.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any securities other than the securities to which it relates or an offer to sell or the solicitation of any offer to buy any of the securities

offered hereby in any circumstances in which such offer or solicitation is unlawful. The distribution of this Prospectus (or of any part thereof) and the offering and sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) comes are required by the Issuer, the Arranger, the Bookrunners and the Joint Lead Managers to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. For a further description of certain restrictions on offerings and sales of the Notes and distribution of this Prospectus (or of any part thereof) see "**SUBSCRIPTION AND SALE**".

If you are in any doubt about the contents of this document you should consult your stockbroker, bank manager, legal advisor, accountant or other financial adviser.

An investment in these Notes is only suitable for financially sophisticated investors who are capable of evaluating the merits and risks of such investment and who have sufficient resources to be able to bear any losses which may result from such investment (including the total loss of the amount invested in the Notes together with the expenses incurred for purchasing and holding the Notes).

It should be remembered that the price of securities and the expected income from them may decrease.

In connection with the Issue of the Notes, ING Bank N.V. as Stabilising Manager or any Person acting on behalf of the Stabilising Manager may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager (or any Persons acting on behalf of the Stabilising Manager) will undertake stabilising action. Any stabilising action may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the Issue Date of the Notes and 60 days after the date of the allotment of the Notes. Any stabilisation action or over-allotment must be conducted by the Stabilising Manager (or any Persons acting on behalf of the Stabilising Manager) in accordance with all applicable laws and rules.

Neither the Arranger nor the Joint Lead Managers, nor the Bookrunners have verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any of the Arranger or the Joint Lead Managers, or the Bookrunners as to the accuracy or completeness of the information contained in this Prospectus or in relation to any of the Transaction Documents. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved.

No person has been authorised to give any information or to make any representation concerning the issue of the Notes other than those contained in this Prospectus. Nevertheless, if any such information is given by any broker, seller or any other person, it must not be relied upon as having been authorised by the Issuer, the Arranger, the Joint Lead Managers the Bookrunners or any other Transaction Party.

Neither the delivery of this Prospectus nor any offer, sale or solicitation made in connection herewith shall, in any circumstances, imply that the information contained herein is correct at any time subsequent to the date of this Prospectus.

Certain of the Arranger, the Joint Lead Managers, the Bookrunners and their Affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their Affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Arranger, the Joint Lead Managers, the Bookrunners and their Affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's Affiliates. Certain of the Arranger, the Joint Lead Managers, the Bookrunners or their Affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Arranger, Joint Lead Managers, Bookrunners and their Affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes. Any such short positions could adversely affect future trading prices of Notes. The Arranger, the Joint Lead Managers, the Bookrunners and their Affiliates may also make

investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

RISK FACTORS

THE PURCHASE OF THE NOTES MAY INVOLVE SUBSTANTIAL RISKS AND BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER, EITHER OF THE BOOKRUNNERS, THE JOINT LEAD MANAGERS, OR THE ARRANGER.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. These factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the risks described herein are the principal risks inherent in the transaction for Noteholders. Although the Issuer believes that the various structural elements described in this document mitigate some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all.

I. Risk factors which are specific and material to the Issuer

No Recourse to other Compartments

The Notes are limited recourse contractual obligations of the Issuer solely in respect of Compartment VCL 48 within the meaning of the Luxembourg Securitisation Law. Pursuant to Article 62(2) of the Luxembourg Securitisation Law, where individual compartment assets are insufficient for the purpose of meeting the Issuer's obligations under a respective issuance, it is not possible for the noteholders in that compartment's issuance to obtain the satisfaction of the debt owed to them by the Issuer from assets belonging to another compartment. Hence, recourse of the Noteholders in respect of claims against the Issuer under or in relation to the Notes will be strictly limited to the net assets allocated to Compartment VCL 48 (the "**VCL 48 Assets**") and shall not extend to the remainder of the Issuer's estate. Furthermore, the other parties to the Transaction Documents are not liable for the obligations of the Issuer and no third party guarantees have been granted for the fulfilment of the Issuer's obligations under the Notes. Consequently, the noteholders have no rights of recourse against such third parties.

In this context, it is possible that any proceeds from the realisation by the Security Trustee of the security upon the occurrence of a Foreclosure Event prove insufficient to enable the Issuer to meet all payments due in respect of the Notes, taking into account the Order of Priority and the Noteholders will then have no further claim against the assets of any other compartment or any non-compartmental assets of the Issuer.

Consequently, in case of enforcement of the claims under the Notes, to the extent that the proceeds from the liquidation of the VCL 48 Assets prove insufficient to make all payments due in respect of the Notes (the "**Shortfall**"), any claims arising against the Issuer due to such Shortfall shall be extinguished and neither the Noteholders nor any person on their behalf shall have the right to petition for the winding up of the Issuer to recover the Shortfall amount.

Finally, should the Issuer be declared bankrupt, the Luxembourg court will appoint a bankruptcy trustee ("*curateur*") who shall be the sole legal representative of VCL Multi-Compartment S.A. and obliged to take such action as he deems to be in the best interests of VCL Multi-Compartment S.A. and of all creditors of VCL Multi-Compartment S.A. The conditions for opening bankruptcy proceedings are the cessation of payments ("*cessation des paiements*") and the loss of commercial creditworthiness ("*ébranlement du crédit commercial*"). The failure of controlled management proceedings may also constitute grounds for the opening of bankruptcy proceedings. Certain preferred creditors of VCL Multi-Compartment S.A. (including the Luxembourg tax authorities) may have a privilege that ranks senior to the rights of the Noteholders in such circumstances. This may further reduce the available VCL 48 Assets, therefore increasing the risk of the Issuer not being able to meet in full its payment obligations against the Noteholders under Luxembourg law.

As a result, the Noteholders may face the risk of not being able to receive any income in respect of their investment or, at worst, of being unable to recover their initial investment.

Furthermore, the enforcement of the payment obligations under the Notes shall solely be effected by the Security Trustee in accordance with the Trust Agreement.

Risk in respect of payments made and Security provided during the "suspect period"

VCL Multi-Compartment S.A. is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg, has its registered office in Luxembourg and is managed by its Board of Directors, professionally residing in Luxembourg. Accordingly, bankruptcy proceedings with respect to VCL Multi-Compartment S.A. would likely proceed under, and be governed by, the bankruptcy laws of Luxembourg. VCL Multi-Compartment S.A. can be declared bankrupt upon petition by a creditor of VCL Multi-Compartment S.A. or at the initiative of the court or at the request of VCL Multi-Compartment S.A. in accordance with the relevant provisions of Luxembourg insolvency law. Under Luxembourg law, a company is bankrupt ("*en faillite*") when it is unable to meet its current liabilities and when its creditworthiness is impaired ("*ébranlement de crédit*"). The conditions for opening bankruptcy proceedings are, indicatively, the cessation of payments ("*cessation des paiements*") and the loss of commercial creditworthiness ("*ébranlement du crédit commercial*"). Other insolvency proceedings under Luxembourg law include moratorium of payments (*sursis de paiement*) of the Issuer, administrative dissolution without liquidation (*dissolution administrative sans liquidation*), judicial proceedings ("*liquidation judiciaire*"), judicial reorganisation (*réorganisation judiciaire*), or any reorganisation pursuant to the Luxembourg law dated 7 August 2023 on business continuity and the modernisation of bankruptcy.

Under Luxembourg bankruptcy law, certain acts deemed to be abnormal if carried out by the bankrupt party during the so-called "suspect period" or ten days preceding the "suspect period" may be unenforceable against the bankruptcy estate of such party. Whilst the unenforceability is compulsory in certain cases, it is optional in other cases. The "suspect period" is the period that lapses between the date of cessation of payments ("*cessation des paiements*"), as determined by the bankruptcy court, and the date of the court order declaring the bankruptcy. The "suspect period" cannot exceed six months.

Under Article 445 of the Luxembourg Code of Commerce, (a) a contract for the transfer of movable or immovable property entered into or carried out without consideration, or a contract or transaction entered into or carried out with considerably insufficient consideration for the insolvent party; (b) a payment, whether in cash or by transfer, assignment, sale, set-off or otherwise for debts not yet due, or a payment other than in cash or bills of exchange for debts due or (c) a contractual or judiciary mortgage, pledge, or charge on the debtor's assets for previous debts, would each be unenforceable against the bankruptcy estate if carried out during the "suspect period" or ten days preceding the "suspect period".

Under Article 448 of the Luxembourg Code of Commerce, transactions entered into by the bankrupt debtor with the intent to deprive its creditors are null and void, regardless of the date on which they were made.

Under Article 446 of the Luxembourg Code of Commerce, any payments or transfers made by the bankrupt debtor in the "suspect period" may be rescinded if the creditor was aware of the cessation of payment of the debtor.

Should the Issuer be declared bankrupt, it cannot be excluded that a competent court in Luxembourg considers that the Issuer's entry into the Transaction and the Transaction Documents have been carried out within the so-called "suspect period". In such a case, any payment of principal or interest in respect of the Notes could be unenforceable against the Issuer, in application of Article 445 or Article 446 of the Luxembourg Code of Commerce. Consequently, in the event of bankruptcy, the Noteholders could face the risk of non-recovery of payments due under the Notes.

In addition, in case of bankruptcy, the entry into any of the Transaction Documents, including without limitation those relating to the transfer of the Collateral Ownership Interest in the Leased Vehicles to the Security Trustee and, more generally, the entry into the Security could also be held unenforceable and ineffective if effected during the "suspect period" or ten days preceding the "suspect period", in application of Article 445 of the Luxembourg Code of Commerce. However, according to Article 61(4) second paragraph of the Luxembourg Securitisation Law the validity and perfection of each of the security interests mentioned under item (c) in the above paragraph cannot be challenged by a bankruptcy receiver even if granted by the company during the "suspect period" or ten days preceding the "suspect period", if (i) the articles of

incorporation of the company granting the security interests are governed by the Luxembourg Securitisation Law and (ii) the company granted the respective security interest no later than the issue date of the securities or at the conclusion of the agreements secured by such security interest. In other words, security entered into in accordance with Article 61(4) second paragraph of the Luxembourg Securitisation Law and hence no later than the date of the issue of the Notes or the conclusion of the agreements secured by the Security could not be challenged by a bankruptcy receiver even if granted by the Issuer during the "suspect period" or ten days preceding such "suspect period".

II. Risks related to the nature of the Notes

Liability and Limited Recourse under the Notes

All payment obligations of the Issuer under the Notes and the Subordinated Loan Agreement constitute limited recourse obligations to pay only the respective Available Distribution Amount which includes, *inter alia*, amounts received by the Issuer from the Purchased Lease Receivables and under the Transaction Documents. The Available Distribution Amount may not be sufficient to pay amounts accrued under the Notes, which may result in an Interest Shortfall, however, only an Interest Shortfall on the most senior Class of Notes when the same becomes due and payable, and only if such default continues for a period of five (5) Business Days will constitute a Foreclosure Event. The Notes shall not give rise to any payment obligation in addition to the foregoing. A Foreclosure Event results in the enforcement of the collateral held by the Security Trustee. If the Security Trustee enforces the claims under the Notes, such enforcement will be limited to the assets which were transferred to the Security Trustee for security purposes. To the extent that such assets, or the proceeds of the realisation thereof, prove ultimately insufficient to satisfy the claims of all respective Noteholders in full, then any shortfall arising shall be extinguished and neither any Noteholder, nor the Security Trustee shall have any further claims against the Issuer. Such assets and proceeds shall be deemed to be "ultimately insufficient" at such time when no further assets are available and no further proceeds can be realised therefrom to satisfy any outstanding claims of the Noteholders, and neither assets nor proceeds will be so available thereafter.

For the avoidance of doubt, the recourse of the Transaction Creditors is limited to the assets of the Issuer allocated to its Compartment VCL 48.

Subordination of Notes

Holders of Class B Notes will bear more credit risk with respect to the Issuer than holders of Class A Notes and will incur losses, if any, prior to holders of the Class A Notes because of the subordination of the Class B Notes in relation to the Class A Notes.

Upon the occurrence of a Foreclosure Event, no payment of interest will be made on the Class B Notes until all of the Issuer's senior expenses (including applicable fees for Agents), and all interest on the Class A Notes are paid in full and no payment of principal will be made on the Class B Notes until the principal amount of the Class A Notes is paid in full.

A Foreclosure Event will occur *inter alia* if the Issuer defaults in the payment of any interest on the most senior Class of Notes when the same becomes due and payable, and such default continues for a period of five (5) Business Days. If a Foreclosure Event has occurred, the Issuer will not pay interest or principal on any Notes other than the Class A Notes until all of the Issuer's expenses and all interest and principal on the Class A Notes are paid in full.

No gross up of payments

The Notes will not provide for gross-up of payments in the event that the payments on the Notes become subject to withholding taxes, so that in case the Issuer would have to withhold payments due under the Notes for tax reasons, the Noteholders would receive reduced payments only.

Change of Law

The structure of the issue of the Notes and this Transaction is based on German and Luxembourg law (including tax law) in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or changes to any relevant law, the interpretation thereof or administrative

practice after the date of this Prospectus. Any change of law might have an adverse effect on the Issuer's ability to make interest and principal payments on the Notes.

Risks in connection with the application of the German Debenture Act (Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG))

A Noteholder is subject to the risk to be outvoted and to lose rights towards the Issuer against his will in the case that the Noteholders agree pursuant to the Conditions to amendments of the Conditions by majority vote according to the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*). In the case of an appointment of a Noteholder's representative for all Noteholders a particular Noteholder may lose, in whole or in part, the possibility to enforce and claim his rights against the Issuer regardless of other Noteholders.

Modification of Conditions of the Notes

The Conditions of the Notes which are governed by German law may be modified through contractual agreement to be concluded between the Issuer and all Noteholders as provided for in section 4 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - SchVG)*) or by a Noteholder's resolution adopted pursuant to sections 5 to 22 of aforementioned act.

Ratings of each Class of Notes

The Issuer has not requested a rating of any Class of Notes by any rating agency other than the Rating Agencies. Rating organisations other than the Rating Agencies may seek to rate any Class of Notes and, if such "shadow ratings" or "unsolicited ratings" are lower than the comparable ratings assigned to such Class of Notes by the Rating Agencies, such shadow or unsolicited ratings could have an adverse effect on the value of any Class of Notes.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organisation. There is no assurance that the ratings will continue for any period of time or that they will not be lowered, reviewed, suspended or withdrawn by the Rating Agencies. In the event that the ratings initially assigned to any Class of Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement to the Notes.

Responsibility of Prospective Investors

The purchase of the Notes is only suitable for investors (i) that possess adequate knowledge and experience in structured finance investments and have the necessary background and resources to evaluate all relevant risks related with such investments; (ii) that are able to bear the risk of loss of their investment (up to a total loss of the investment) without having to prematurely liquidate the investment; and (iii) that are able to assess the tax and regulatory aspects and implications of such investment independently.

Furthermore, each potential investor should base its investment decision on its own and independent investigation and on the advice of its professional advisors (with whom the investor may deem it necessary to consult), be able to assess if an investment in the Notes (i) is in compliance with its financial requirements, its targets and situation (or if it is acquiring the Notes in a fiduciary capacity, those of the beneficiary); (ii) is in compliance with its principles for investments, guidelines for or restrictions on investments (regardless of whether it acquires the Notes for itself or as a trustee); and (iii) is an appropriate investment for itself (or for any beneficiary if acting as a trustee), notwithstanding the risks of such investment.

Interest Rate Risk / Risk of Swap Counterparty Insolvency

During those periods in which the floating rates payable by the Swap Counterparty under the Swap Agreement are substantially higher than the fixed rates payable by the Issuer under the Swap Agreement, the Issuer will be more dependent on receiving payments from such Swap Counterparty in order to make interest payments on the Notes. If the Swap Counterparty fails to pay any amounts when due under the Swap Agreement, the Collections from Purchased Lease Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

During periods in which the floating rate payable by the Swap Counterparty under the Swap Agreement is less than the fixed rate payable by the Issuer under such Swap Agreement, the Issuer will be obliged to make a payment to such Swap Counterparty. The Swap Counterparty's claims for payment (including certain termination payments required to be made by the Issuer upon a termination of the Swap Agreement) under the Swap Agreement will be higher in priority than all payments on the Notes. If a payment under the Swap Agreement is due to the Swap Counterparty on any Payment Date, the Purchased Lease Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments under the Notes.

The Swap Counterparty may become insolvent or may suffer from a rating downgrade, in which case it would have to be replaced or, in case of a certain rating downgrade would have to provide collateral. The Swap Agreement may also be terminated by either party due to an event of default or a termination event. However, there can be no assurance that a guarantor or replacement Swap Counterparty will be found or that the amount of collateral will be sufficient to meet the Swap Counterparty's obligations. Nevertheless, the Issuer shall use its best efforts to find a replacement Swap Counterparty. In such events the Noteholders may experience delays and/or reductions in the interest and principal payments due in respect of such Notes.

The enforceability of a contractual provision which alters the priorities of payments to subordinate the claim of the Swap Counterparty (to the claims of other creditors of its counterparty) upon the occurrence of an insolvency of or other default by the Swap Counterparty has been challenged in the English and U.S. courts. However this is an aspect of cross border insolvency law which remains untested. Whilst the priority issue is considered largely resolved in England and Wales, concerns still remain that the English and U.S. courts will diverge in their approach which, in the case of an unfavourable decision in the U.S., may adversely affect the Issuer's ability to make payments on the Notes. If a creditor of the Issuer (such as the Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the Transaction Documents (such as a provision of the relevant Order of Priority which refers to the ranking of the Swap Counterparty's rights in respect of certain amounts under the Swap Agreement). In particular there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy law. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as a Swap Counterparty, including U.S. established entities and certain non-U.S. established entities with assets or operations in the U.S. (although the scope of any such proceedings may be limited if the relevant non-U.S. entity is a bank with a licensed branch in a U.S. state). In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, such actions may adversely affect the rights of the Noteholders, the ratings and/or the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Market and Liquidity Risk for the Notes

The secondary markets in general are currently experiencing severe disruptions resulting from reduced investor demand for asset-backed securities and increased investor yield requirements for those securities. As a result, the secondary market for asset-backed securities is experiencing extremely limited liquidity. These conditions may continue or worsen in the future. Limited liquidity in the secondary market for asset-backed securities has had a severe adverse effect on the market value of asset-backed securities and may continue to have a severe adverse effect on the market value of asset-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, any purchaser of the Notes must be prepared to hold such Notes for an indefinite period of time or until final redemption or maturity of such Notes. The market values of the Notes are likely to fluctuate and could decrease. Any such fluctuation or decrease may be significant and could result in significant losses to investors in the Notes.

Eurosystem Eligibility

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper and does not necessarily mean that the Class A Notes will be

recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem (the "**Eurosystem eligible collateral**") either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria set out in the Guideline (EU) 2015/510 of the European Central Bank (the "**ECB**") of 19 December 2014 on the implementation of the Eurosystem monetary policy framework (ECB/2014/60) (recast), which applies since 1 May 2015, as amended by Guideline (EU) 2019/1032 of the ECB of 10 May 2019 (ECB/2019/11), Guideline (EU) 2020/1690 of 25 September 2020 (ECB/2020/45) and Guideline (EU) 2026/689 of 22 January 2026 (ECB/2026/1).

If the Class A Notes do not satisfy the criteria specified by the ECB, then the Class A Notes will not qualify as Eurosystem eligible collateral. As a consequence Noteholders will not be permitted to use the Class A Notes as collateral for monetary policy transactions of the Eurosystem and may sell the Notes into the secondary market at a reduced price only.

III. Risks related to the Purchased Lease Receivables

Credit Risk of the Parties

The ability of the Issuer to make any principal and interest payments in respect of the Notes depends to a large extent upon the ability of the parties to the Transaction Documents to perform their contractual obligations. In particular, and without limiting the generality of the foregoing, the timely payment of amounts due in respect of the Notes depends on the ability of the Servicer to collect the Purchased Lease Receivables and on the maintenance of the level of interest rate protection offered by the Swap Agreement.

Risk of Late Payment of Monthly Instalments

In the event of late payment of Purchased Lease Receivables due in the respective Monthly Period, the risk of late payment under the Notes is in part mitigated for the Noteholders by funding from the General Cash Collateral Amount to the extent that funds are available therein.

Adverse macroeconomic and geopolitical developments may have a material negative impact on the performance of the Issuer under the Notes

The ongoing geopolitical developments, including the current uncertainty in the banking sector, the war in Ukraine and the confrontations in the Middle East (including escalating tensions involving the USA, Israel and the Islamic Republic of Iran), the increase of trade barriers (such as tariffs) and the sanctions imposed by the United States, the United Kingdom, the European Union, in particular, against Russia, may result in an adverse impact on global economic, financial, political, social or government conditions which may result or already resulted in (including but not limited to) limited access to workplaces, and limited availability of key personnel, higher inflation, higher interest rates, higher cost of living, declining access to credit, lower or stagnating wages, increasing unemployment, changes in government regulatory, fiscal or tax policies, including changes in applicable tax rates and the modification of existing or adoption of new tax legislation, sanctions regimes, removal of subsidies, reduced public spending, increases in fuel prices, weakness in energy markets or a loss of consumer confidence. Such conditions may have an adverse impact on both the operational business of VWL and the financial performance of the Purchased Lease Receivables.

Risk of Losses on the Purchased Lease Receivables

Due to the risk of losses on the Purchased Lease Receivables, there is no assurance that the Noteholders will receive for each Note the total nominal amount of such Note plus the respective interest rate nor that the distributions which are made will correspond to the monthly payments originally agreed upon in the underlying Lease Contracts.

Risks Relating to the Insolvency of the Seller of the Purchased Lease Receivables

In case insolvency proceedings are commenced in relation to VWL as German seller of the Purchased Lease Receivables, the expected cash flows of the Purchased Lease Receivables could be adversely affected as laid out below.

The legal existence of the Purchased Lease Receivables assigned under the Receivables Purchase Agreement would generally survive the institution of insolvency proceedings against VWL pursuant to section 108 (1) sentence 2 of the German Insolvency Code (*Insolvenzordnung*) under the condition that (i) the Leased

Vehicles were financed by a third party and (ii) the title to the Purchased Leased Vehicles were transferred to such third party as security for such financing.

The transaction relies on the interpretation of section 108 (1) sentence 2 of the German Insolvency Code (*Insolvenzordnung*) that, if applied to the transaction, the insolvency administrator of VWL will not have the right to discontinue Lease Contracts on the grounds that the acquisition finance of the Leased Vehicles has been refinanced through securitisation. Hence, it should be noted that there is no case law on this point. However should a court come to the conclusion that section 108 (1) sentence 2 of the German Insolvency Code (*Insolvenzordnung*) does not apply, this would have, under section 103 of the German Insolvency Code (*Insolvenzordnung*), the following consequences:

Section 103 of the German Insolvency Code (*Insolvenzordnung*) grants VWL's insolvency administrator for mutual contracts which have not been (or have not been completely) performed by VWL and the Lessees at the date when insolvency proceedings were opened against VWL the right to opt whether or not such contracts will be continued.

If VWL's insolvency administrator chooses not to continue any Lease Contracts with the Lessees, then the Purchased Lease Receivables arising from such Lease Contracts will be extinguished. If VWL's insolvency administrator chooses to continue a Lease Contract, the payment obligation of the Lessee will be continued and such obligation will remain. In such event, the payment obligation of the Lessee will be reinstated to an obligation against the estate of the Seller and such reinstated payment obligation would not be subject to any assignment under the Receivables Purchase Agreement which came into effect prior to the commencement of insolvency proceedings against VWL, but would be owed to the estate of the Seller. However, the Issuer's shortfall would be covered by the security title (*Sicherungseigentum*) of the Issuer in the Leased Vehicle which would entitle the Issuer to the realisation of the Leased Vehicle. In this case, VWL's insolvency administrator may, however, deduct his fees from such proceeds; such fees may amount up to 9 per cent. or more of the enforcement proceeds plus applicable VAT (sections 166 (2), 171 (2) of the German Insolvency Code (*Insolvenzordnung*)).

Commingling Risk

VWL as Servicer is entitled to commingle Collections with its own funds during each Monthly Period in accordance with the following procedure:

If the Monthly Remittance Condition is satisfied, VWL as Servicer is entitled to commingle Collections with its own funds during each Monthly Period and will be required to make a single transfer to the Distribution Account on the following Payment Date. If the Monthly Remittance Condition is not satisfied, VWL as Servicer is entitled to commingle Collections with its own funds during each Monthly Period only if it has deposited the Monthly Collateral for the respective Monthly Period in the Distribution Account. Otherwise, Collections and other amounts collected by the Servicer on Purchased Lease Receivables will be required to be remitted by it to the Distribution Account on the first Business Day after receipt of such amounts.

Commingled funds may be used or invested by VWL at its own risk and for its own benefit until the relevant Payment Date. If VWL were unable to remit such amounts or were to become an insolvent debtor, losses or delays in distributions to investors may occur.

Risk of Change of Servicer

In the event VWL is replaced as Servicer, there may be losses or delays in processing payments or losses on the Purchased Lease Receivables due to a disruption in service because a successor not immediately available, or because the substitute servicer is not as experienced and efficient as VWL. This may cause delays in payments or losses on the Notes.

Risk of Non-Existence of Purchased Lease Receivables

In the event that any of the Purchased Lease Receivables have not come into existence at the time of its assignment to the Issuer under the Receivables Purchase Agreement, such assignment would not result in the Issuer acquiring ownership title in such Purchased Lease Receivable. The Issuer would not receive adequate value in return for its purchase price payment. This result is independent of whether the Issuer, at the time of assignment, is unaware of the non-existence and therefore acts in good faith (*gutgläubig*) with respect to the existence of such Purchased Lease Receivable. This risk, however, will be mitigated by

contractual representations and warranties and the contractual obligation of VWL to pay to the Issuer a Settlement Amount in respect of any Purchased Lease Receivable affected by such breach.

Restriction on Assignment

VWL standard vehicle leasing conditions for the leasing of business vehicles and the standard vehicle leasing conditions for private customers do not prohibit VWL from assigning claims arising from such Leasing Contracts. In case VWL should have agreed or will agree with any Lessee that it is restricted from assigning the Purchased Lease Receivables arising under the respective Lease Contract, such Purchased Lease Receivables could generally not be validly assigned to the Issuer under the Receivables Purchase Agreement. Any assignment of a Purchased Lease Receivable which contravenes such assignment restriction will be invalid. However, under an exception contained in section 354a (1) of the German Commercial Code (*Handelsgesetzbuch*), the assignment of monetary claims (i.e. claims for the payment of money) governed by German law cannot effectively be contractually excluded if the underlying agreement between the contracting parties constitutes a commercial transaction for both parties (*beiderseitiges Handelsgeschäft*). In such circumstances, monetary claims to which such restriction applies can be validly assigned notwithstanding a contractual restriction on assignment in the underlying contract *provided that* the debtor under such claim is a merchant (*Kaufmann*). Notwithstanding that German courts would not enforce restrictions on the assignment of monetary claims to the extent to which section 354a (1) of the German Commercial Code (*Handelsgesetzbuch*) provides that they are not enforceable, section 354a (1) nonetheless allows the Lessee of an assigned claim to discharge its obligations by payment to the original creditor (i.e. VWL) even if it is notified of the assignment of its debt obligation. In the event that some of the Lessees would not be merchants (*Kaufleute*) in the meaning of the German Commercial Code (*Handelsgesetzbuch*), contractually stipulated restrictions on assignment would render any assignment in violation of such restrictions to be invalid.

Risks Resulting from Consumer Credit Legislation

Some of the Lessees qualify as consumers (*Verbraucher*) within the meaning of section 13 of the German Civil Code or enter into the Lease Contracts to take up a trade or self-employed occupation (*Existenzgründer*). In each of these cases, additional rules for the protection of these types of Lessees may apply in case the Lease Contracts are considered instalment payment transactions (*Teilzahlungsgeschäft*). Although rather unlikely for Closed End Lease Contracts in the light of the latest case law, Lease Contracts with the above-described types of Lessees could also be regarded as instalment payment transactions (*Teilzahlungsgeschäft*) within the meaning of section 506 (3) of the German Civil Code, under which the consumer credit legislation would also apply. This would require that under the Lease Contract the Lessee is granted an option to purchase the Leased Vehicle which is binding for the Issuer. Such qualification may vest Lessees with the above defences, in particular but not limited to a revocation right, in case the Seller breaches the above consumer protection rules pursuant to sections 358 to 360 and 491a to 502 of the German Civil Code, which may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

Risk of Defences and other Set-Off Rights of Lessees against Assignment

With respect to a Purchased Lease Receivable assigned by VWL to the Issuer in fulfilment of the Receivables Purchase Agreement, the Issuer's claim to payment may further be subject to possible defences and objections resulting from consumer credit legislation (as described in detail above under the section "Risks Resulting from Consumer Credit Legislation") and be subject to defences and set-off rights of the Lessee of such Purchased Lease Receivable; provided such rights (i) were in existence and due at the time of the assignment of such Purchased Lease Receivable (section 404 of the German Civil Code) or (ii) were acquired by the Lessee after such assignment without such Lessee having knowledge of the assignment at the time of acquiring the right or at the time when the right falls due where the right's maturity would not fall beyond the maturity of the respective right under the Purchased Lease Receivable) (section 406 of the German Civil Code). In addition, as long as the Lessee has no knowledge of the assignment, e.g. because it is not notified by VWL, it may discharge its debt by paying to VWL. In such case, the Issuer would have a claim for compensation against VWL and would therefore be subject to VWL's insolvency risk. Because it would not be typical for VWL to have other legal relationships with Lessees than the relevant Lease Contracts the likelihood of counterclaims or defences other than those arising from consumer credit legislation in connection with Lease Contracts is rather small. In this context it should be noted that VWL is not a bank and does not offer bank deposits. Also VWL warrants as of the Cut-Off Date that each Purchased Lease Receivable is free

of defences (see "DESCRIPTION OF THE PORTFOLIO" and "Warranties and Guarantees in relation to the Sale of the Purchased Lease Receivables").

Further German Civil Law Aspects

Pursuant to section 496 (2) of the German Civil Code, any assignor of loan receivables and/or financial leases, has the obligation to notify its debtors of the contact details of its assignee except if such assignor remains the servicer for the relevant loan receivables and/or financial leases. As such, in case of a Servicer Replacement Event, the Lessees need to be notified provided the underlying Lease Contracts are construed as financial leases. Until the relevant Lessees have been notified of the assignment of the relevant Purchased Lease Receivables, they may undertake payment with discharging effect to the Seller. Each Lessee may further raise defences against the Issuer arising from its relationship with the Seller which are existing at the time of the assignment of the Purchased Lease Receivables. Moreover, each Lessee is entitled to set-off against the Issuer its claims against the Seller or such claims against the Seller which become due only after the Lessee acquires such knowledge and after the relevant Purchased Lease Receivables themselves become due. As a consequence the respective Lessee may no longer be obliged to pay his lease instalments which may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

If and to the extent Leased Vehicles are sold by the Servicer in its own name but for the account of the Issuer in the open market, the sale agreements entered into with individuals (*Privatpersonen*) as final customers may be within the applicability of the law of sale regarding consumer products (*Verbrauchsgüterkaufrecht*). Pursuant to such statutory mandatory law, the prescription period for claims resulting from the fact that the sold used vehicle had defects cannot be shortened to less than a year (section 476 (2) of the German Civil Code). The burden of proof that there was no such defect at the time the used vehicle was surrendered to the individual (*Gefahrübergang*) is, generally, to be borne by the seller for a period of six months (section 477 (1) of the German Civil Code). Depending on the intensity of the defect it can happen that the entire previous realisation proceeds are consumed or even exceeded by costs of repair. Further, sale agreements concluded via internet portals, communications by electronic systems, telemarketing, letters etc. are contracts of distant marketing (*Fernabsatzverträge*). The individual final customer in such case is entitled to revoke the sales agreement within a period of two weeks after conclusion of the agreement without giving reasons. Such period begins on the later of the date on which: (i) the sale contract has been concluded; (ii) the consumer has been duly notified of his right of revocation in a form that meets the requirements set forth in section 355(2) of the German Civil Code; (iii) the consumer received a copy of the contract document (*Vertragsurkunde*); (iv) the consumer has received the purchased vehicle; or (v) the consumer has received the information required pursuant to section 312d (2) of the German Civil Code. In this case the Servicer (on behalf of the Issuer and the Relevant Expectancy Rights Purchaser) has to refund the purchase price and additionally pay the whole rescission of contract, which would decrease the realisation proceeds, although the vehicle can be sold again afterwards.

Termination for Good Cause (*Kündigung aus wichtigem Grund*)

As a general principle of German law, a contract may always be terminated for good cause (*Kündigung aus wichtigem Grund*) and such right may not be totally excluded nor may it be subject to unreasonable restrictions or the consent from a third party. This may also have an impact on several limitations on the right of the parties to terminate any of the Transaction Documents for good cause.

Risk of Re-characterisation of the Transaction as Loan Secured by Purchased Lease Receivables

The sale of the Purchased Lease Receivables under the Receivables Purchase Agreement has been structured to qualify as a true sale from VWL to the Issuer. In particular, total default risk enhancement in respect of the Purchased Lease Receivables will be not higher than 9 per cent. of the purchase price. However, there are no statutory or case law based tests with respect to when a securitisation transaction qualifies as an effective sale or as a secured loan. Therefore, there is a risk that a court may re-characterise the sale of Lease Receivables under the Receivables Purchase Agreement as a secured loan. If a sale of the Lease Receivables is re-characterised as a secured loan, sections 166 and 51 No. 1 of the German Insolvency Code (*Insolvenzordnung*) would apply with the following consequences:

The insolvency administrator of VWL would have possession of Lease Receivables or other movable objects (other than the Leased Vehicles) assigned as security and the Issuer is barred from enforcing the security. The Issuer will, however, be entitled to sell the Leased Vehicles. The insolvency administrator of VWL as transferor of the Purchased Lease Receivables which have been assigned for security purposes is authorised

by German law to enforce and realise the assigned Purchased Lease Receivables (on behalf of the assignee) and the Issuer is barred from enforcing the Purchased Lease Receivables assigned to it itself or through an agent. The insolvency administrator is obliged to transfer the proceeds from such realisation of the Purchased Lease Receivables to the Issuer. He may, however, deduct from the enforcement proceeds his fees which amount to 4 per cent. of the enforcement proceeds for assessing his preferential rights plus up to 5 per cent. or more of the enforcement proceeds as compensation for the costs of enforcement. In case the enforcement costs are considerably higher than 5 per cent. of the enforcement proceeds, the compensation for the enforcement costs may be higher. Where applicable, the insolvency administrator may also withhold VAT on such amounts (sections 166 (2), 171 (2) of the German Insolvency Code (*Insolvenzordnung*)).

Reliance on Warranties

If the Purchased Lease Receivables should partially or totally fail to conform, at the Closing Date, with the warranties given by VWL in the Receivables Purchase Agreement and such failure materially and adversely affects the interests of the Issuer or the Noteholders, VWL shall have until the end of the Monthly Period which includes the 60th day (or, if VWL elects, an earlier date) after the date that VWL became aware or was notified of such failure to cure or correct such failure. Any such breach or failure will be deemed not to have a material and adverse effect if such breach or failure does not affect the ability of the Purchaser to receive and retain timely payment in full on any related Purchased Lease Receivable. The Issuer's sole remedy will be to require VWL to take one of the following remedial actions:

- remedy the matter giving rise to such breach if such matter is capable of remedy *provided that*, if a remedy within the time period provided above is not practicable, VWL may remedy such breach by the last day of the following monthly period; or
- replace the relevant Purchased Lease Receivable by taking into account the warranties and guaranties set out in clause 4.1 of the Receivables Purchase Agreement, with a Lease Receivable the present value of which shall be at least the Settlement Amount of such Purchased Lease Receivable as at the monthly period immediately preceding such replacement, provided that, if a remedy within the time period specified above is not practicable, VWL may replace such Purchased Lease Receivable by the last day of the following monthly period; or
- repurchase the relevant Purchased Lease Receivable and all related Lease Collateral at a price equal to the Settlement Amount of such Purchased Lease Receivable as of the monthly period immediately preceding such repurchase *provided that*, if it is not practicable to repurchase such Purchased Lease Receivable within the time period provided above, VWL may repurchase such Purchased Lease Receivable on the Payment Date immediately following the last day of the following monthly period.

Reliance on Servicing and Collection Procedures

VWL, in its capacity as Servicer, will carry out the servicing, collection and enforcement of the Purchased Lease Receivables, including foreclosure on the Purchased Lease Receivables, in accordance with the Servicing Agreement (see "**ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**").

Accordingly, the Noteholders are relying on the business judgment and practices of VWL as they exist from time to time, in its capacity as Servicer to collect and enforce claims against the Lessees.

Conflicts of Interest

VWL is acting in a number of capacities in connection with the transaction. VWL will have only those duties and responsibilities expressly agreed to by it in the relevant agreement and will not, by virtue of it or any of its Affiliates' acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided in each agreement to which it is a party. VWL in its various capacities in connection with the Transaction may enter into business dealings from which it may derive revenues and profits without any duty to account therefore to any other Transaction Parties.

VWL may hold and/or service claims against Lessees other than the Purchased Lease Receivables. The interests or obligations of VWL in its respective capacities with respect to such other claims may in certain aspects conflict with the interests of the Noteholders.

VWL may freely engage in other commercial relationships with other parties. In such relationships VWL is not obliged to take into account the interests of the Noteholders. Accordingly, because of these relationships, potential conflicts of interest may arise.

Risks regarding the Sale of Used Vehicles

The rate of recovery upon a Lessee default may itself be influenced by various economic, tax, legal and other factors such as changes in the value of the Leased Vehicles or the level of interest rates from time to time.

There might be various risks involved in the sales of used vehicles which could have the potential of significantly influencing the proceeds generated from the sale of vehicles, e.g. disproportionately high damages and mileage, correlation between the age of the vehicle and its value on the balance sheet of VWL, less popular configuration of cars (e.g. engine, colour), oversized special equipment (the sale value of special vehicle equipment is comparatively low in relation to the resale value of the vehicle), large numbers of homogeneous types of vehicles over short time intervals (e.g. fleet vehicles), general price volatility in the used vehicles market or seasonal impacts on sales (e.g. winter vs. spring).

Present Value of Purchased Lease Receivables

There is no assurance that the present value of the Purchased Lease Receivables will at any time be equal to or greater than the principal amount outstanding of the Notes. If the Purchased Receivables will not be equal or greater than the principal amount outstanding of the Notes, this may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

Risks Resulting from Data Protection Rules

Since 25 May 2018, the Regulation (EU) 2015/679 of the European Parliament and of the Council of 27 April 2016 (the "**General Data Protection Regulation**") applies and, together with the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*), which implements Directive (EU) 2016/680 of the European Parliament and the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data, replaced the German Federal Data Protection Act (*Bundesdatenschutzgesetz*).

Pursuant to the General Data Protection Regulation, a transfer of personal data is permitted, *inter alia*, if (i) the data subject has given consent to the processing of his or her personal data for one or more specific purposes or (ii) processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party, except where such interests are overridden by the interests or fundamental rights and freedoms of the data subject which require protection of personal data.

The assignment of the Purchased Lease Receivables, however, is not structured in strict compliance with the guidelines for German true sale securitisations of bank assets set out in the circular 4/97 of the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*). In particular, these guidelines require a neutral entity to act as data trustee that is a public notary, a domestic credit institution or a credit institution having its seat in any member state of the European Union or any other state of the European Economic Area and being supervised pursuant to the EU Banking Directives. The Data Protection Trustee does not fall into any of these categories. Arguably, the rationale for identifying regulated credit institutions and notaries as eligible data trustees is, besides their neutrality, their reliability in relation to the protection of data when handling personal data. Thus, the Issuer has been advised that there are good arguments to construe the term neutral entity for this purpose to include other entities having their seat in the European Union or European Economic Area if the relevant entity is equally neutral and reliable in relation to the handling of personal data which is also backed by the view of the German Federal Financial Supervisory Authority (cf. letter of the German Federal Financial Supervisory Authority of 14 December 2007, section capacity as data trustee, BA 37-FR 1903-2007/0001).

If the Issuer was considered to be in breach of the General Data Protection Regulation or the Data Protection Amendment and Implementation Act (*Datenschutzanpassungs- und Umsetzungsgesetz*), it could be fined and in case of such fines being substantial, this could have an impact on the ability of the Issuer to make payments on the Notes ultimately leading to a risk of the Noteholders to incur a loss.

Historical and other Information

The historical information set out in particular in "**DESCRIPTION OF THE PORTFOLIO**" reflects the historical experience and sets out the procedures applied by the initial Servicer to the Portfolio of VWL. However, the past performance of financial assets is no assurance as to the future performance of the Purchased Lease Receivables. Any deterioration of the future performance of the Purchased Lease Receivables, however, may result in the Issuer not receiving sufficient Collections to redeem part or all of the Notes.

IV. Risks related to regulatory changes

Risk retention and due diligence requirements

Investors, to which the Securitisation Regulation is applicable, should make themselves aware of the requirements of Article 5 of the Securitisation Regulation, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

The Securitisation Regulation replaced the former risk retention requirements by one single provision, Article 6 of the Securitisation Regulation, which provides for a new direct obligation on originators to retain risk. Article 5 (1)(c) of the Securitisation Regulation requires institutional investors as defined in Article 2 (12) of the Securitisation Regulation (which term also includes an insurance or reinsurance undertaking as defined in the Solvency II Regulation and an alternative investment fund manager as defined in the AIFM Regulation) to verify that, if established in the European Union, the originator, sponsor or original lender retains on an ongoing basis a material net economic interest in accordance with Article 6 of the Securitisation Regulation and the risk retention is disclosed to the institutional investor in accordance with Article 7(1)(e) of the Securitisation Regulation.

With respect to the commitment of the Seller, in its capacity as originator, to retain a material net economic interest with respect to the Transaction, following the issuance of Notes as contemplated by Article 6(3)(c) of the Securitisation Regulation, the Seller, in its capacity as originator, will retain, for the life of the Transaction, such net economic interest through an interest in randomly selected exposures. Such interest in randomly selected exposures has been and will be equivalent to no less than 5 per cent. of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the Transaction, on an ongoing basis *provided that* the level of retention may reduce over time in compliance with Article 10 (2) of the Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023. The Seller in its capacity as servicer will service all of the retained exposures, the securitised exposures and comparable exposures held on its balance sheet in accordance with its customary practices in effect from time to time.

The outstanding balance of the retained exposures may be reduced over time by, amongst other things, amortisation and allocation of losses or defaults on the underlying Purchased Lease Receivables. The Monthly Reports will also set out monthly confirmation as to the Seller continued holding of the original retained exposures.

It should be noted that there is no certainty that references to the retention obligations of the Seller in this Prospectus will constitute explicit disclosure (on the part of the Seller) or adequate due diligence (on the part of the Noteholders) for the purposes of Article 5 of the Securitisation Regulation.

Article 5 of the Securitisation Regulation places an obligation on institutional investors (as defined in the Securitisation Regulation) before investing in a securitisation and thereafter, to analyse, understand and stress test their securitisation positions and monitor on an ongoing basis in a timely manner performance information on the exposures underlying their securitisation positions. After the Issue Date, VWL, in its capacity as originator, as designated reporting entity under Article 7 of the Securitisation Regulation, will prepare Monthly Reports wherein relevant information with regard to the Purchased Lease Receivables will be disclosed publicly together with an overview of the retention of the material net economic interest by the Seller in accordance with the Securitisation Regulation Disclosure Requirements and will make such information available via the Securitisation Repository.

Where the relevant retention requirements are not complied with in any material respect and there is negligence or omission in the fulfilment of the due diligence obligations on the part of a credit institution that is investing in the Notes, a proportionate additional risk weight of no less than 250 per cent. of the risk weight (with the total risk weight capped at 1250 per cent.) which would otherwise apply to the relevant securitisation

position will be imposed on such credit institution, progressively increasing with each subsequent infringement of the due diligence provisions.

If the Seller does not comply with its obligations under Article 6 of the Securitisation Regulation, the ability of the Noteholders to sell and/or the price investors receive for, the Notes in the secondary market may be adversely affected.

Following the issuance of the Notes, relevant investors, to which the Securitisation Regulation is applicable, are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with Article 5 of the Securitisation Regulation.

Noteholders should take their own advice and/or seek guidance from their regulator on compliance with, and the application of, the provisions of Article 6 of the Securitisation Regulation in particular.

On 17 June 2025 the European Commission published a proposal to amend the Securitisation Regulation and Regulation (EU) 2024/1623 of 31 May 2024 and commenced consultations on Delegated Regulation (EU) 2025/61 (together the "**Amendment Package**"). In December 2025, the Council and the Committee on Economic and Monetary Affairs provided a report setting out its view on the Amendment Package. On 20 May 2026, the European Parliament has adopted its Committee on Economic and Monetary Affairs compromise proposals on the Amendment Package. The Amendment Package suggests changes to Article 6 and Article 7 of the Securitisation Regulation. The European Commission, the Council and the European Parliament are now due to enter into a Trilogue to agree on the final content of the Amendment Package, so that at the date of this Prospectus it cannot be predicted to what extent such changes will come into force. Hence, potential investors should seek professional advice on how an investment in the Notes may be affected by the Amendment Package.

Securitisation Regulation and simple, transparent and standardised securitisation

Although the Transaction has been structured to comply with the requirements for simple, transparent and standardised securitisations transactions as set out in Articles 20, 21 and 22 of the Securitisation Regulation and the Transaction will be verified by STS Verification International GmbH on the Closing Date, there can be no guarantee that it maintains this status throughout its lifetime. Noteholders and potential investors should verify the current status of the Transaction on the website of ESMA. Non-compliance with such status may result in higher capital requirements for investors as an investment in the Notes would not benefit from Articles 243, 260, 262 and 264 of the CRR. Furthermore, following STS classification, any non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer which may be payable or reimbursable by the Issuer. As the Order of Priority does not foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures the repayment of the Notes may be adversely affected.

The Amendment Package suggests changes to the due diligence requirements under the Securitisation Regulation. At the date of this Prospectus it cannot be predicted to what extent such changes will come into force. Hence, potential investors should seek professional advice on how an investment in the Notes may be affected by the Amendment Package.

Prospective investors should carefully consider (and, where appropriate, take independent advice) in relation to the capital charges associated with an investment in the Notes. In particular, investors should carefully consider the capital charges associated with an investment in the Notes for credit institutions and investment firms, depending on the particular exposure. These effects may include, but are not limited to, a decrease in demand for the Notes in the secondary market, which may lead to a decreased price for the Notes. It may also lead to decreased liquidity and increased volatility in the secondary market. Prospective investors are themselves responsible for monitoring and assessing changes to the EU risk retention rules and their regulatory capital requirements.

Investor compliance with due diligence requirements under the UK Securitisation Regulation

Following the UK's withdrawal from the EU at the end of 2020, the Securitisation Regulation (together with applicable directions, secondary legislation, guidance, binding technical standards and related documents published by the FCA and the PRA of the United Kingdom) (the "**UK Securitisation Regulation**") has applied in the United Kingdom. The UK Securitisation Regulation largely mirrors (with some adjustments) the

Securitisation Regulation as it applied in the EU at the end of 2020. However, from 1 November 2024, the UK Securitisation Regulation is revoked and replaced with a new recast regime introduced under the Financial Services and Markets Act 2000, as amended ("**FSMA**") and related thereto (i) the Securitisation Regulations 2024 (SI 2024/102), as amended ("**SR 2024**"; as well as (ii) the Securitisation Part of the Prudential Regulation Authority (PRA) Rulebook (the "**PRA Securitisation Rules**") and the securitisation sourcebook ("**SECN**") of the Financial Conduct Authority (FCA) Handbook (collectively, the "**UK Securitisation Framework**"). The UK Securitisation Framework applies to this Transaction.

The reforms were introduced under the Financial Services and Markets Act 2023 as part of the "Edinburgh Reforms" of UK financial services unveiled on 9 December 2022. On 29 January 2024, HM Treasury made the SR 2024 which empowers the FCA and the PRA to make rules applicable to securitisation market participants. On 30 April 2024, the FCA Policy Statement 24/4: Rules relating to securitisation and the PRA Policy Statement 7/24 – Securitisation: General requirements were published. The new UK Securitisation Framework is being introduced in phases.

It should be noted that the implementation of the UK Securitisation Framework is a protracted process and will be introduced in phases. The first phase was the publication of the Financial Services and Markets Act 2023 (Commencement No 7) Regulations 2024 on 2 September 2024, which revoked the previous UK Securitisation Regulation regime and replaced it with the recast SR 2024 with effect from 1 November 2024. We note also that on 17 February 2026, both the FCA and the PRA published parallel consultations on possible changes to the securitisation rules in the UK. These are expected to lead to changes to the UK Securitisation Framework. Therefore, at this stage, not all the details are known on the implementation of the UK Securitisation Framework.

Please note that some divergence between EU and UK regimes exists already. While the UK Securitisation Framework regime bring some alignment with the EU regime, it also introduces new points of divergence and the risk of further divergence between EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how the ongoing reforms or any future reforms will be finalised and implemented in the UK or the EU.

The UK Securitisation Framework includes investor due diligence requirements as prescribed under Article 5 of Chapter 2 of the PRA Securitisation Rules (the "**PRA Due Diligence Rules**"), SECN 4 (the "**FCA Due Diligence Rules**") and regulations 32B, 32C and 32D of the 2024 UK SR SI (the "**OPS Due Diligence Rules**"), with respect to occupational pension schemes with their main administration in the United Kingdom) (the "**UK Due Diligence Rules**"). Among other things, prior to holding a securitisation position, such institutional investors are required to verify certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements and, on transactions notified as a simple, transparent and standardised securitisation, compliance of that transaction with the EU or UK STS requirements, as applicable. If the UK Due Diligence Rules are not satisfied then, depending on the regulatory requirements applicable to such UK institutional investors, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on such UK institutional investor.

In respect of the UK Due Diligence Rules, potential UK institutional investors (as defined in the UK Securitisation Framework) should note in particular that:

- in respect of the risk retention requirements set out in SECN 5.2.8R(1)(c), VWL, in its capacity as originator, commits to retain a material net economic interest with respect to this Transaction in compliance with Article 6(3)(c) of the Securitisation Regulation and Article 6 of Commission Delegated Regulation (EU) 2023/2175 of 7 July 2023 or any successor delegated regulation only and not in compliance with SECN 5.2.8R(1)(c), and
- in respect of the transparency requirements set out in SECN 6.2.1(R), the Servicer in its capacity as designated reporting entity under Article 7 of the Securitisation Regulation will make use of the standardised templates developed by ESMA in respect of the Securitisation Regulation Disclosure Requirements for the purposes of this Transaction and will not make use of the standardised templates adopted by the FCA.

No assurance can be given that the information included in this Prospectus or provided in accordance with the Securitisation Regulation Disclosure Requirements will be sufficient for the purposes of assisting such UK

institutional investors in complying with their due diligence obligations under the UK Due Diligence Rules. This is also relevant given the Amendment Package.

Therefore, relevant UK institutional investors are required to independently assess and determine the sufficiency of the information described in this Prospectus for the purposes of complying with Part 7 of the UK Securitisation Framework, and any corresponding national measures which may be relevant to investors, and no assurance can be given that this is the case. None of the Issuer, the Arranger, the Joint Lead Managers, the Security Trustee, the Servicer, the Seller or any of the other Transaction Parties makes any representation that any such information described in this Prospectus is sufficient in all circumstances for such purposes.

The UK Securitisation Framework makes provisions for a securitisation transaction to be designated as an STS Securitisation. Under the UK Securitisation Framework, securitisation transactions which have been notified to ESMA as meeting the requirements to qualify as an STS Securitisation under the Securitisation Framework can also qualify as an STS Securitisation under the UK Securitisation Framework, provided that the securitisation transaction remains on the ESMA register and continues to meet the requirements for STS Securitisations under the Securitisation Regulation. This Transaction is not intended to be designated as an STS Securitisation for the purposes of the UK Securitisation Framework. Investors should therefore consider the consequence from a regulatory perspective of the Notes not being considered an STS Securitisation, including (but not limited to) that the lack of such designation may negatively affect the regulatory position of the Notes and, in addition, have a negative effect on the price and liquidity of the Notes in the secondary market.

U.S. Risk Retention

The Transaction will not involve risk retention by the Seller for the purposes of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned Affiliate or branch of the sponsor or issuer organised or located in the United States.

There can be no assurance that the exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure of the offering of the Notes to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

Reform of EURIBOR Determinations

EURIBOR qualifies as a benchmark (a "**Benchmark**") within the meaning of Regulation (EU) 2016/1011 of the European Parliament and of the Council on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EC and Regulation (EU) No 596/2014, as amended, (the "**Benchmarks Regulation**"), which is applicable since 1 January 2018. Currently, EURIBOR has been identified as a "critical benchmark" within the meaning of the Benchmarks Regulation. The Benchmarks Regulation applies to "contributors", "administrators" and "users" of benchmarks (such as EURIBOR) in the EU, and among other things, (i) requires benchmark administrators to be authorised and to comply with extensive requirements in relation to the administration of benchmarks and (ii) ban the use of benchmarks of unauthorised administrators. EURIBOR is administered by European Money Markets Institute which is registered in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") as of the date of this Prospectus. Should the European Money Markets Institute become de-registered from ESMA's register of administrators and benchmarks, there is a risk that the use of

EURIBOR might be banned in accordance with the Benchmarks Regulation.

Furthermore, it is not possible to ascertain as at the date of this Prospectus (i) what the impact of the Benchmarks Regulation will be on the determination of EURIBOR in the future, which could adversely affect the value of the Notes, (ii) how changes in accordance with the Benchmarks Regulation may impact the determination of EURIBOR for the purposes of the Notes and the Swap Agreement, (iii) whether any changes in accordance with the Benchmarks Regulation will result in a sudden or prolonged increase or decrease in EURIBOR rates or (iv) whether changes in accordance with the Benchmarks Regulation will have an adverse impact on the liquidity or the market value of the Notes and the payment of interest thereunder.

Any consequential changes to EURIBOR as a result of the European Union, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the value of and return on the Notes. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, trigger changes in the rules of methodologies used in certain Benchmarks, adversely affect the performance of a Benchmark or lead to the disappearance of certain Benchmarks. Upon the occurrence of several predetermined events, the Servicer, on behalf of the Issuer, shall have the right to determine a Substitute Reference Rate in its due discretion, but subject to a prior coordination with the Security Trustee, to replace EURIBOR. There can be no assurance, however, that an appropriate Substitute Reference Rate will be available in such a situation and, if available, that the Substitute Reference Rate will generate interest payments under the Notes resulting in the Noteholders receiving the same yield that they would have received had EURIBOR been applied for the remaining life of the Notes. Furthermore, as alternative or reformed reference rates to replace the EURIBOR calculated according to their original methodology are still in the process of being identified and developed by or with the involvement of administrators, contributors, central banks, supervisory authorities and market participants, it cannot be predicted at the date of this Prospectus what such Substitute Reference Rate would be. Should the Servicer, on behalf of the Issuer, substitute EURIBOR for a Substitute Reference Rate, this could negatively affect the yield and the market value of the Notes. If the Servicer, on behalf of the Issuer, does not make use of its right to determine a Substitute Reference Rate, interest payable on the Notes will be determined in reliance on the ordinary fallback mechanism set forth in the Conditions, pursuant to which the Interest Determination Agent will initially determine EURIBOR by the offered quotation or the arithmetic mean of the offered quotations on the Screen Page on the last day preceding the second Business Day prior to the commencement of the relevant Interest Accrual Period on which such quotations were offered. In a situation where EURIBOR has definitely ceased to exist, no such quotes might be provided, in which event interest payable under the Notes would be determined on the basis of the rate(s) shown on the relevant screen page of the relevant information vendor on last day on which such screen rate was available, effectively turning floating rate notes into Notes with fixed interest payments. The application of this fallback mechanism could have significant negative effects on the yield and the market value of the Notes, particularly because EURIBOR immediately prior to its definite disappearance might be subject to high volatility.

The Benchmarks Regulation as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**UK Benchmarks Regulation**") contains similar requirements with respect to the UK, in particular the requirement for benchmark administrators to be authorised or registered (or, if non-UK-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and prevent certain uses by UK-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-UK based, deemed equivalent or recognised or endorsed). Pursuant to the UK Benchmarks Regulation, as amended by the Financial Services and Markets Act 2023 (Benchmarks and Capital Requirements) (Amendment) Regulations 2023, the transitional period for third country benchmarks has been extended from 31 December 2025 to 31 December 2030.

Basel Capital Accord and regulatory capital requirements

The European authorities have incorporated the Basel III framework into EU law, primarily through Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directive 2006/48/EC and 2006/49/EC (Capital Requirements Directive – "**CRD**"), as amended by Directive (EU) 2019/878 of 20 May 2019 (the "**CRD V**") and Directive (EU) 2024/1619 of 31 May 2024 (the "**CRD VI**"), and the CRR, as amended by Regulation (EU) 2019/876 of 20 May 2019 (the "**CRR II**") and Regulation (EU) 2024/1623 of 31 May 2024 (the "**CRR III**"). The CRR III applies since 1 January 2025.

In respect of the CRD VI Member States will have 18 months to transpose the directive into national legislation.

CRR III implements changes to the output floor which had been introduced to reduce excessive variability of banks' capital requirements calculated with internal models. The output floor will be implemented on a transitional basis starting with 50% since 1 January 2025 and ending with 72.5% from 1 January 2030 onwards. CRR III also implements changes to the p-factor, for the exposures that are risk weighted using the SEC-IRBA or the Internal Assessment Approach and, which shall, until 31 December 2032, apply the following factor p: (a) $p = 0,25$ for a STS (b) $p = 0,5$ for non-STS. Further key changes of CRR III are changes to the risk weight provisions.

Additionally, Regulation (EU) No 2015/61 of 10 October 2014 (the "**LCR Regulation**") sets out assumed asset inflow and outflow rates to better reflect actual experience in times of stress. On 19 November 2018, Delegated Regulation (EU) 2018/1620 amending the LCR Regulation (the "**Delegated Regulation**") entered into force, pursuant to which, *inter alia*, transactions exposures of securitisations, which qualify as simple, transparent and standardised securitisations in accordance with the Securitisation Regulation, shall qualify as Level 2B high quality liquid assets, if they additionally fulfil the conditions laid down in Article 13 of the LCR Regulation.

The CRR III and the CRD VI could affect the risk-based capital treatment of the Notes for investors which are subject to bank capital adequacy requirements under these provisions or implementing measures and may have negative implications on the cost of regulatory capital for certain investors and thereby on the overall return from an investment of the Notes and the liquidity of the Notes. Therefore, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them by the CRR III and the CRD VI and its amendments. No predictions can be made as to the precise effects of such matters on any investor or otherwise. There can be no guarantee that the regulatory capital treatment of the Notes for investors will not be affected by any future implementation of and changes to the CRR III and the CRD VI, or other regulatory or accounting changes.

The Amendment Package suggests changes to the CRR III and the LCR Regulation. The European Commission, the Council and the European Parliament are due to enter into a Trilogue to agree on the final content of the Amendment Package, so that at the date of this Prospectus it cannot be predicted to what extent such changes will come into force. Hence, potential investors should seek professional advice on how an investment in the Notes may be affected by the Amendment Package.

V. Risks related to taxation

The Common Reporting Standard

Directive 2014/107/EU on Administrative Cooperation in the Field of Taxation ("**DAC II**") implements the Common Reporting Standard ("**CRS**") in a European context and creates a mandatory obligation for all EU Member States to exchange financial account information in respect of residents in other EU Member States on an annual basis.

For the purposes of complying with its obligations under CRS and DAC II, if any, the Issuer shall be entitled to require Noteholders to provide any information regarding their and, in certain circumstances, their controlling persons' tax status, identity or residence in order to satisfy any reporting requirements which the Issuer may have as a result of CRS and DAC II and Noteholders will be deemed, by their holding, to have authorised the automatic disclosure of such information by the Issuer (or any nominated service provider) or any other person to the relevant tax authorities who will exchange the information with the tax authorities of other participating jurisdictions, as applicable. Failure by the Issuer to comply with its CRS and DAC II obligations, if any, may result in the Issuer being deemed to be non-compliant in respect of its CRS obligations and monetary penalties may be imposed as a result under applicable law. Such monetary penalties may lead to an inability of the Issuer to pay fully or partially interest on the Notes and or to redeem part or all of the Notes.

Income tax

A foreign corporation is subject to unlimited German resident taxation if it maintains its place of effective management and control (*Geschäftsleitung*) in Germany. As a consequence, the foreign corporation would be subject to German resident taxation on its worldwide income, unless certain branch income is tax-exempt according to the provision of any applicable tax treaty. The determination of where the place of effective

management and control is located is based on factual circumstances and cannot be made with scientific accuracy. If the German tax authorities and German fiscal courts come to the conclusion that the Issuer maintains its effective place of management and control in Germany, the Issuer's worldwide income would be subject to German corporate income except for non-German branch income which is tax-exempted according to the provision of any applicable tax treaty; ancillary charges might be assessed additionally.

A foreign corporation that does not maintain its effective place of management and control in Germany may become subject to limited German corporate income taxation if it maintains a permanent establishment (*Betriebsstätte*) or has a permanent representative (*Ständiger Vertreter*) in Germany. The Issuer does not maintain any business premises or office facilities in Germany. In addition, the servicing activities of the Servicer should not constitute business being rendered for, and subject to the directions of, the Issuer on a permanent basis such that the Issuer would not have a permanent representative in Germany (*ständiger Vertreter*) due to the collection services of the Services. The competent German tax authorities are still in the process of determining which elements of the activities of a foreign entity (including having its receivables serviced by a German entity) may create a permanent establishment or a permanent representative of such entity pursuant to German domestic law. Should the German tax authorities and German fiscal courts come to the conclusion that the Issuer maintains a permanent establishment (*Betriebsstätte*) or has a permanent representative (*Ständiger Vertreter*) in Germany, all income attributable to the functions rendered by the Servicer would be subject to German limited corporate income taxation; plus ancillary charges (if any). Such income might include all refinancing income and expenses of the Issuer and, therefore, the earnings-stripping rule might apply to the interest payable on the issued Notes.

Any German corporate income tax amounts paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

Trade tax

The Issuer is subject to German trade tax if its effective place of management and control is in Germany or the Issuer maintains a permanent establishment in Germany. As outlined above, there is no final position of the German tax authorities and the German fiscal courts with respect to the precise criteria applicable for determining the effective place of management and control and a permanent establishment of a foreign issuer in ABS-transactions. In case the German tax authorities and the German fiscal courts come to the conclusion that the Issuer maintains its effective place of management and control or a permanent establishment in Germany, German trade tax will, in principle, be levied on business profits derived by the Issuer attributable to the German presence; plus ancillary charges (if any). In order to cover such potential German trade tax risk, VWL has undertaken to indemnify the Issuer against any liabilities, costs, claims and expenses resulting from such trade tax claims, except those penalties and interest surcharges that are due to the gross negligence or wilful misconduct of the Issuer. Any German trade tax amounts nevertheless to be paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

Value Added Tax

The VAT position of a foreign Issuer in an ABS-transaction with a German originator was not subject to a decision of the German fiscal courts yet. If the German tax authorities and the German fiscal courts came to the conclusion that the transaction qualifies as a taxable factoring supplied by the Issuer to VWL, the difference between the nominal value of the sold receivables and the purchase price would be subject to German VAT. The person liable for such German VAT would be VWL unless the Issuer would be treated as maintaining its effective place of management and control or a permanent establishment in Germany; please refer to the preceding paragraph "Income Tax" for such risk factor. Should the Issuer be treated as maintaining its effective place of management and control or a permanent establishment in Germany, the Issuer would be the person liable for such German VAT at a VAT rate of 19% calculated on the difference between the nominal value of the sold receivables and the purchase price. Any VAT amounts paid by the Issuer to the German tax authorities not being recoverable from VWL would reduce the amounts available for payments under the Notes.

Under German VAT law the assignor and assignee of a receivable for German VAT are jointly liable for any German VAT not remitted to the German tax authorities unless and to the extent the assignor receives a payment in cash for his free disposal as consideration for the assigned receivables. In case of a consideration the secondary liability of the assignee would be limited to an amount equal to the VAT component of the difference between the nominal value of the assigned receivable and any effectively available amount of cash

paid to the assignor as consideration. The contractual arrangements foresee precautionary measures which should enable the Issuer to settle any secondary liability for German VAT. These arrangements are backed-up by indemnification obligations by VWL. Any amounts nevertheless to be paid by the Issuer to the German tax authorities would reduce the amounts available for payments under the Notes.

U.S. Foreign Account Tax Compliance Act

When dealing with cases with a US connection the regulations of the Foreign Account Tax Compliance Act ("**FATCA**") could apply. Under the FATCA regime and the corresponding local regulations in Luxembourg, and Germany specific financial and non-financial institutions are required to exchange tax relevant information with the US tax authorities. A non-compliance with such reporting obligations can result in a duty to withhold 30 per cent. U.S. withholding tax on, inter alia, interest and other fixed or determinable annual or periodical income of persons or entities taxable in the US. However, if an amount in respect of such withholding tax were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors in the Notes may receive less interest or principal than expected.

ATAD Laws

The Issuer is liable to Luxembourg corporate income tax on its worldwide net profits. The Luxembourg laws of 21 December 2018, which implements the Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market (commonly known as "**ATAD**") and the Luxembourg law of 20 December 2019 implementing the Council Directive (EU) 2017/952 of 29 May 2019 regarding hybrid mismatches with third countries (commonly known as ATAD 2), together known as the "**ATAD Laws**", introduced new tax measures into Luxembourg law, including among others a limitation as regards so-called "exceeding borrowing costs" and hybrid mismatch rules. Whilst certain exemptions and safe harbor provisions (for example, exceeding borrowing costs up to 3 million euro will always remain deductible or the single entity group exemption) exist in relation to the limitation of exceeding borrowing costs, these new rules may in certain situations result in the limitation respectively the denial of the deduction of payments to investors for Luxembourg tax purposes, which may adversely affect the income tax position of the Issuer and as such affect generally its ability to make payments to the holders of the Notes. According to the December infringement package published by the European Commission on 2 December 2021, the European Commission sent a reasoned opinion to Luxembourg asking it to correctly transpose the ATAD into its local laws regarding the treatment of securitisation vehicles subject to and compliant with the Securitisation Regulation. Under current Luxembourg law and contrary to the wording of the ATAD, securitisation companies covered by the Securitisation Regulation are excluded from the scope of the interest deduction limitation rules. The reasoned opinion follows a formal notice sent to Luxembourg on 14 May 2020. In response, Luxembourg adopted a bill of law on 9 March 2022 to remove securitisation vehicles subject to and compliant with the Securitisation Regulation from the list of financial undertakings that are out of scope of the interest deduction limitation rule as from 1 January 2023. Given the absence of ratification of the bill of law so far, the European Commission considered Luxembourg's reply to its reasoned opinion as not satisfactory and decided, on 14 July 2023, to refer Luxembourg to the ECJ for failing to correctly transpose ATAD. The action was brought on 20 February 2024 to the ECJ by the European Commission. The outcome of an ECJ court case and/or of the bill of law, and the impacts on the Issuer, if any, as well as whether such outcome/impacts ultimately will or will not have a retroactive effect remain uncertain and may as such negatively impact this Prospectus or alter the tax position of the Issuer.

In any case, clarifications as regards the ATAD Laws and their interpretation may be enacted after the date of this Prospectus, possibly with retroactive effect, and could alter the tax position of the Issuer. In addition, the Issuer may take positions with respect to certain tax issues resulting from the ATAD Laws which may depend on legal conclusions not yet resolved by the courts. Should any such positions be successfully challenged by the applicable tax authority, there could be a materially adverse effect on the Issuer and its ability to make payments to the holders of the Notes.

Therefore, prospective holders of the Notes should make an investment decision only after careful consideration, with its independent advisers, as to the consequences of the ATAD Laws and its potential impacts on the Issuer.

ASSETS AND COLLATERAL	The assets and collateral backing payments under the Class A Notes, the Class B Notes and the Subordinated Loan (together the " Funding ") consist of the following:
Lease Receivables	Under the Receivables Purchase Agreement, the Issuer has purchased from VWL on the Issue Date the Purchased Lease Receivables together with the Lease Collateral. The Purchased Lease Receivables consist of Lease Receivables originally purchased by VCL Master, acting for and on behalf of its

Compartment 1 from VWL and on-transferred for security purposes to the VCL Master Security Trustee, with respect of which VWL has been authorised (*ermächtigt*) by the VCL Master Security Trustee and by VCL Master, acting for and on behalf of its Compartment 1 to assign such Lease Receivables to the Issuer. Such authority is granted subject to the conditions precedent that VCL Master, acting for and on behalf of its Compartment 1 has received an amount of EUR 1,077,600,938.37 which is the sum of EUR 1,100,000,938.37 (equal to the sum of the Purchased Lease Receivables discounted by the Discount Rate (whereas discounting shall take place on the basis of one year of 360 days being equivalent to 12 months, each month consisting of 30 days)), less (i) an amount of EUR 9,200,000.00 for overcollateralisation purposes (*zusätzliche Absicherung von Portfoliorisiken*), and less (ii) an amount of EUR 13,200,000.00 for the endowment of the Cash Collateral Account (representing the Purchase Price for the Purchased Lease Receivables). The Purchased Lease Receivables will include payments by Lessees for the use of the vehicles from Lease Contracts originated by Volkswagen, Audi, SEAT, Skoda and Volkswagen Nutzfahrzeuge dealers as agents and to a lesser extent also by certain other third parties. Under the Lease Receivables, the Lessees make monthly payments to amortise, over the life of the Lease Contract, the difference between the purchase price of the vehicle and such vehicle's predetermined calculation of value at the expiration of the Lease Contract. The Issuer has not purchased portions of the Lease Receivables which reflect value-added tax and the residual value in the Leased Vehicles.

VWL has transferred title for security purposes (*Sicherungseigentum*) to the Leased Vehicles relating to the Purchased Lease Receivables to VCL Master, acting for and on behalf of its Compartment 1, subject to the resolatory condition (*auf lösende Bedingung*) of the occurrence of a Lease Contract Termination Event, thereby creating expectancy rights (*Eigentumsanwartschaftsrechte*) with respect to such Leased Vehicles in favour of VWL. VWL has then sold and transferred or assigned for security purposes such expectancy rights to the Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Purchaser has further transferred for security purposes such expectancy rights to the Relevant Expectancy Rights Trustee. Such expectancy rights shall not be affected by the transfer of title for security purposes from the VCL Master Security Trustee to the Issuer under the Receivables Purchase Agreement and further from the Issuer to the Security Trustee under the Trust Agreement. If the Lease Receivables should partially or totally fail to conform as at the Cut-Off Date or the Closing Date (as applicable) to the warranties given by VWL in the Receivables Purchase Agreement (for a detailed description of the warranties (eligibility criteria) which apply to the Lease Receivables see "DESCRIPTION OF THE PORTFOLIO – The Purchased Lease Receivables under the Receivables Purchase Agreement" and "Warranties and Guarantees in relation to the Sale of the Purchased Lease Receivables") and such failure materially and adversely affects the interests of the Issuer or the Noteholders, VWL shall have until the end of the Monthly Period which includes the 60th day (or, if VWL elects, an earlier date) after the date that VWL became aware or was notified of such failure to cure or correct such failure (whichever is earlier). The Issuer's sole remedy will be to require VWL to take one of the following remedial actions: (a) remedy the matter giving rise to such breach if such matter is capable of remedy *provided that*, if a remedy within the time period provided above is not practicable, VWL may remedy such breach by the last day of

the following monthly period; or (b) replace the relevant Purchased Lease Receivable by taking into account the warranties and guaranties set out in clause 4.1 of the Receivables Purchase Agreement, with a Lease Receivable the present value of which shall be at least the Settlement Amount of such Purchased Lease Receivable as at the monthly period immediately preceding such replacement, provided that, if a remedy within the time period specified above is not practicable, VWL may replace such Purchased Lease Receivable by the last day of the following monthly period; or (c) repurchase the relevant Purchased Lease Receivable and all related Lease Collateral at a price equal to the Settlement Amount of such Purchased Lease Receivable as of the monthly period immediately preceding such repurchase *provided that*, if it is not practicable to repurchase such Purchased Lease Receivable within the time period provided above, VWL may repurchase such Purchased Lease Receivable on the Payment Date immediately following the last day of the following monthly period.

Cut-Off Date	29 May 2026.
Additional Rights	Under the Receivables Purchase Agreement the Issuer has purchased certain rights associated with the premature termination of the Lease Contracts or with the transfer of Lease Receivables.
Cash Collateral Account	On the Issue Date, VWL will fund the Cash Collateral Account in an amount of EUR 13,200,000.00. Such amount of EUR 13,200,000.00 will be funded by means of a deduction from the Purchase Price in accordance with the definition of Purchase Price. The Issuer will deposit such amount in the Cash Collateral Account of the Issuer. This amount consists of EUR 13,200,000.00 (approximately 1.2 per cent. of the Aggregate Cut-Off Date Discounted Receivables Balance) in respect of the General Cash Collateral Amount. The Cash Collateral Amount will amortise in the course of the Transaction and will be on each Payment Date after the Closing Date, the greater of (a) 1.2 per cent. of the Aggregate Discounted Receivables Balance as of the end of the relevant Monthly Period, and (b) the lesser of (i) EUR 11,000,000.00 and (ii) the aggregate outstanding principal amount of the Class A Notes and Class B Notes as of the end of the relevant Monthly Period.
VWL Risk Reserve	Within thirty (30) calendar days upon occurrence of a VWL Risk Reserve Trigger Event, VWL will pay an amount equal to the VWL Risk Reserve into the Cash Collateral Account. The VWL Risk Reserve shall exclusively secure the VWL Secured Obligations. On the earlier of the exercise of a Clean-up Call or the Legal Maturity Date, all remaining amounts standing to the credit of the VWL Risk Reserve will be released to VWL.
Subordinated Loan	The Subordinated Lender will grant the Subordinated Loan in a total nominal amount of EUR 19,400,938.37 to the Issuer on the Issue Date. The Subordinated Loan serves as credit enhancement and ranks junior to the Notes with respect to payment of interest and principal and will provide credit enhancement in the form of subordination for the Class A Notes and the Class B Notes.
Overcollateralisation	As at the Closing Date, the Aggregate Discounted Receivables Balance will exceed the sum of the Nominal Amount of the Notes and the nominal amount of the Subordinated Loan by EUR 9,200,000.00.

Title to the Leased Vehicles

In order to secure the existence and validity of the Purchased Lease Receivables outstanding at any time, of all claims of the Issuer against VWL under the Receivables Purchase Agreement and the Servicing Agreement as well as the claims of the Issuer in the event of invalidity of the assignment of the Purchased Lease Receivables and the respective claims of the Issuer against VWL for participation in Distributable Amounts pursuant to clause 18.2(d) of the Trust Agreement in the event of early termination of the respective Lease Contracts as well as any present and future claims arising from the cancellation of the Receivables Purchase Agreement, VWL will no later than on the Issue Date transfer title to the Leased Vehicles relating to the Purchased Lease Receivables to the Issuer by way of security (*Sicherungseigentum*).

VWL has transferred title for security purposes (*Sicherungseigentum*) to the Leased Vehicles relating to the Purchased Lease Receivables to VCL Master, acting for and on behalf of its Compartment 1, subject to the resolatory condition (*auflösende Bedingung*) of the occurrence of a Lease Contract Termination Event, thereby creating expectancy rights (*Eigentumsanwartschaftsrechte*) with respect to such Leased Vehicles in favour of VWL. VWL has then sold and transferred or assigned for security purposes such expectancy rights to the Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Purchaser has further transferred for security purposes such expectancy rights to the Relevant Expectancy Rights Trustee. Such expectancy rights shall not be affected by the transfer of title for security purposes from the VCL Master Security Trustee to the Issuer (or the further transfer from the Issuer to the Security Trustee).

**IMPORTANT TRANSACTION
DOCUMENTS AND TRANSACTION
FEATURES**

Receivables Purchase Agreement

Pursuant to the provisions of the agreement for the purchase of Lease Receivables entered into by VWL and the Issuer (the "**Receivables Purchase Agreement**"), the Issuer acquires from VWL the Purchased Lease Receivables.

Under the Receivables Purchase Agreement the VCL Master Security Trustee and VCL Master, acting for and on behalf of its Compartment 1 have authorised (*ermächtigt*) VWL in the meaning of section 185 of the German Civil Code (i) to assign the Purchased Lease Receivables together with the related Lease Collateral held by the VCL Master Security Trustee to the Issuer, and (ii) to transfer for security purposes (*Sicherungsübereignung*) to the Issuer title to the relevant Leased Vehicles relating to the Purchased Lease Receivables.

The Relevant Expectancy Rights Trustee and the Relevant Expectancy Rights Purchaser has explicitly consented to such authorisation. The parties to the Receivables Purchase Agreement have agreed that the transfer of title to the Leased Vehicles for security purposes to the Issuer and to the Security Trustee shall not affect the expectancy rights to the Leased Vehicles which VWL transferred to the Relevant Expectancy Rights Purchaser.

Early Settlement

Pursuant to the provisions of the Receivables Purchase Agreement, the Issuer is, in certain circumstances, entitled to demand from VWL the retransfer of the Lease Receivables under a Lease Contract against payment of the Settlement Amount. These circumstances include, inter alia, the assertion

of invalidity of the Lease Contract or of rights to refuse to perform by the Lessee. The Settlement Amount to be paid by VWL to the Issuer equals the present value of such Purchased Lease Receivable that would have become due during the remaining term of the relevant Lease Contract, calculated using the Discount Rate.

In case of a reduction of the Purchased Lease Receivables, e.g., due to any amendment to the relevant Lease Contract, the Settlement Amount shall be equal to the difference of the present value of the Purchased Lease Receivable that would have become due under that relevant Lease Contract had such reduction not occurred and the present value of the Purchased Lease Receivable that will be due under the relevant Lease Contract with such reduction, calculated using the Discount Rate.

Each Early Settlement may lead to earlier payments of the Notes than would be the case in the event of collection of the Purchased Lease Receivables in accordance with the relevant Receivables Purchase Agreement as set forth in more detail in "**RISK FACTORS - Risk of Early Repayment**".

Clean-up Call

VWL will have the right at its option to exercise a clean-up call (the "**Clean-up Call**") and to repurchase the Lease Receivables from the Issuer at any time when the sum of the Discounted Receivables Balances for all Lease Contracts (the "**Aggregate Discounted Receivables Balance**") is less than 10 per cent. of the sum of the Discounted Receivables Balances for all Lease Contracts as of the Cut-Off Date (the "**Aggregate Cut-Off Date Discounted Receivables Balance**"), *provided that* all payment obligations under the Notes and the other Secured Creditors ranking senior to the Notes will be thereby fulfilled according to the Order of Priority. The exercise of the Clean-up Call will lead to early final repayment of interest and principal on the Notes.

Servicing Agreement

Under the Servicing Agreement between, *inter alios*, the Issuer, the Security Trustee, the VCL RV C2 Expectancy Rights Trustee, the VCL RV C3 Expectancy Rights Trustee and VWL, VWL agrees to:

- administer the Lease Contracts and in particular to collect the Purchased Lease Receivables in accordance with its usual business practices as they exist from time to time;
- repossess the respective Leased Vehicles on behalf of the Relevant Expectancy Rights Purchaser upon termination of a Lease Contract and consistent with its customary practices as they exist from time to time;
- transfer to the Issuer Collections made in a Monthly Period on each relevant Payment Date;
- advance the Monthly Collateral if the Monthly Remittance Condition is not satisfied; and
- perform other tasks incidental to the above.

Trust Agreement

The Issuer entered into the Trust Agreement with, *inter alios*, the Security Trustee and VWL, under which the Issuer has instructed the Security Trustee to act as trustee (*Treuhänder*) for the Transaction Creditors and has undertaken to the Security Trustee to duly make all payments owed under and in

accordance with the Transaction Documents to the holders of the Notes, to the Subordinated Lender and the other Transaction Creditors or, in case of non-performance, to the Security Trustee for purposes of transfer of the respective amounts to the relevant Transaction Creditors (the "**Trustee Claim**").

To provide collateral for the Trustee Claim, the Issuer assigns and/or pledges, as applicable, to the Security Trustee the Purchased Lease Receivables, the claims to the Cash Collateral Account, the claims to the Distribution Account, the claims from obligations of VWL in case of breach of warranties, the claims arising from the comprehensive insurance policies concluded for the Leased Vehicles, the rights to unilaterally alter the Lease Contracts (*Gestaltungsrechte*), the rights under the Swap Agreement (other than in relation to credit support provided thereunder), and all other surrender claims to which the Issuer is entitled under the Receivables Purchase Agreement as well as the Issuer's ownership interest in the Leased Vehicles. VWL has transferred the title to the Leased Vehicles to the Issuer for security purposes (*Sicherungseigentum*) and the Issuer has transferred the title to the Leased Vehicles for security purposes (*Sicherungseigentum*) to the Security Trustee. The Security Trustee has agreed to realise the ownership in the Leased Vehicles for security purposes (*Sicherungseigentum*) or have the ownership for security purposes (*Sicherungseigentum*) realised and to distribute the proceeds from such realisation between the Issuer, VWL and the Relevant Expectancy Rights Purchaser in accordance with the provisions of the Trust Agreement. The Issuer has also pledged to the Security Trustee its claims for disbursement of its portion of the Distributable Amounts pursuant to clause 18.2(d) of the Trust Agreement.

Data Protection Trust Agreement

No later than the Closing Date, VWL appoints Circumference Services S.à r.l. as Data Protection Trustee under the provisions of the Data Protection Trust Agreement and makes the Portfolio Decryption Key (which is for the identification of the names and addresses of the Lessees in respect of the Purchased Lease Receivables) available to the Data Protection Trustee. The Data Protection Trustee will keep the Portfolio Decryption Key in safe custody and protect it against unauthorised access by any third party. Delivery of the data list is permissible only to a replacement Servicer or the Qualified Replacement Data Protection Trustee upon request of VWL, the Issuer or the Security Trustee and subject to applicable data protection laws and banking secrecy provisions (*Bankgeheimnis*). The Data Protection Trustee will notify the Lessees of the assignment of the Purchased Lease Receivables to the Issuer and instruct the Lessees to make all payments in respect of the Purchased Lease Receivables to the Distribution Account of the Issuer upon the occurrence of a Lessee Notification Event (i.e. the earlier of (i) the institution of Insolvency Proceedings in respect of VWL and/or (ii) non-compliance by VWL with its statutory obligation to transfer any VAT (*Umsatzsteuer*) on the Purchased Lease Receivables to the tax office when such VAT becomes due and/or (iii) any notification in connection with a Servicer Replacement Event).

Account Agreement

Under the terms of the Account Agreement, the Issuer will hold the Cash Collateral Account with the Cash Collateral Account Bank and maintain the Distribution Account with the Distribution Account Bank. Should the Cash Collateral Account Bank or the Distribution Account Bank (together the "**Account Bank**") cease to have the Account Bank Required Ratings or fail to

maintain an Account Bank Required Guarantee, the Account Bank shall within sixty (60) days, at its own cost, do one of the following: (i) transfer any amount standing to the credit of any Account to an Eligible Collateral Bank which shall be appointed by the Issuer within the sixty (60) calendar day period referred to above (and the Issuer undertakes to the Security Trustee to take such action) and notified to the Account Bank, or (ii) find an irrevocable and unconditional guarantor providing the Account Bank Required Guarantee, or (iii) take any other action in order to maintain the rating of the Notes or to restore the rating of the Notes or such other rating or ratings as may be agreed by the relevant Rating Agency from time to time as would maintain the then current ratings of the Notes.

Swap Agreement

The Issuer will enter into the Swap Agreement with the Swap Counterparty. The Swap Agreement will hedge the interest rate risk deriving from fixed rate interest payments owed by the Lessees to the Issuer under the Purchased Lease Receivables and floating rate interest payments owed by the Issuer under the Notes.

Corporate Services Agreement

VCL Multi-Compartment S.A. has entered into the Corporate Services Agreement with, *inter alios*, Circumference FS (Luxembourg) S.A. as Corporate Services Provider, pursuant to which the Corporate Services Provider shall perform certain services for VCL Multi-Compartment S.A., particularly taking over the accounting for VCL Multi-Compartment S.A. and providing the directors of VCL Multi-Compartment S.A. in any company law matters and providing the registered office of VCL Multi-Compartment S.A.

Risk Factors

Prospective investors in the Notes should consider, among other things, certain risk factors in connection with the purchase of the Notes. Such risk factors as described above may influence the ability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes. The risks in connection with the investment in the Notes include, *inter alia*, risks relating to the assets and the Transaction Documents, risks relating to the Notes and risks relating to the Issuer. These risk factors represent the principal risks inherent in investing in the Notes only and shall not be deemed as exhaustive.

ARTICLE 7 AND ARTICLE 22 OF THE SECURITISATION REGULATION

For the purposes of Article 7 and Article 22 of the Securitisation Regulation the Servicer (on behalf of the Seller as the originator for the purposes of the Securitisation Regulation) confirms and (where applicable) will make available the following information:

- (a) Before pricing of the Notes, for the purpose of compliance with Article 22(1) of the Securitisation Regulation, the Servicer will make available to investors and potential investors information on static and dynamic historical default and loss performance, for a period of at least 5 years. In this regard, see the section "**HISTORICAL PERFORMANCE DATA**" of this Prospectus.
- (b) For the purpose of compliance with Article 22(2) of the Securitisation Regulation, the Servicer confirms that a sample of Lease Contracts has been externally verified by an appropriate and independent party prior to the date of this Prospectus (see also the section "**Description of the Lease Contracts, Lease Receivables, Leased Vehicles and Lessees at the Cut-Off Date**") (as well as an agreed upon procedures review, amongst other things, of the conformity of the Lease Contracts in the Portfolio with certain of the Warranties and Guarantees in relation to the Sale of the Purchased Lease Receivables (where applicable)). For the purposes of the verification a confidence level of at least 95% was applied. The Servicer confirms no significant adverse findings have been found. The independent party has also performed agreed upon procedures on the data included in the stratification tables in the section "**Description of the Lease Contracts, Lease Receivables, Leased Vehicles and Lessees at the Cut-Off Date**" in order to verify that the stratification tables are accurate. The Servicer confirms no significant adverse findings have been found. Based on the review by the independent party, the Servicer confirms that to the best of its knowledge such information is accurate and in accordance with the facts and does not omit anything likely to affect its import.
- (c) Before pricing of the Notes, for the purpose of compliance with Article 22(3) of the Securitisation Regulation, the Servicer will make available a cashflow liability model of the Transaction on the websites of Bloomberg and Intex which precisely represents the contractual relationship between the Purchased Lease Receivables and the payments flowing between the Seller and investors in the Notes. Such cashflow model will be available after the Closing Date to investors on an ongoing basis and to potential investors on request.
- (d) For the purpose of compliance with Article 22(4) of the Securitisation Regulation, the Servicer confirms that, so far as it is aware, information on environmental performance of the Vehicles relating to the Purchased Lease Receivables is not available to be reported pursuant to Article 22(4). The Servicer confirms that once information on environmental performance of the Vehicles relating to the Purchased Lease Receivables is available and able to be reported, it will make such information available to investors on an ongoing basis in order to comply with the requirements of Article 22(4) of the Securitisation Regulation.
- (e) Before pricing of the Notes and within 15 days of the Closing Date, for the purposes of compliance with Article 22(5) and Article 7(1)(b) of the Securitisation Regulation, the Servicer will make available certain Transaction Documents and the Prospectus. It is not possible to make final documentation available before pricing of the Notes and so the Servicer has made available the Prospectus and drafts of the Trust Agreement, Security Assignment Deed, Agency Agreement, Account Agreement, Receivables Purchase Agreement, Servicing Agreement, Data Protection Trust Agreement, Subordinated Loan Agreement and template Swap Agreement via the Securitisation Repository.
- (f) Before pricing of the Notes in initial form and on or around the Closing Date in final form, for the purposes of compliance with Article 7(1)(d) of the Securitisation Regulation, the Servicer will make available a STS notification referred to in Article 27 of the Securitisation Regulation via the Securitisation Repository.
- (g) For the purposes of Article 7(1)(a) and (e) of the Securitisation Regulation, information on the Purchased Lease Receivables will be made available before pricing of the Notes, and on a monthly basis the Servicer will make available information on the Purchased Lease Receivables and an

investor report (such information to be provided simultaneously) in accordance with the Securitisation Regulation Disclosure Requirements via the Securitisation Repository.

- (h) For the purposes of Article 7(1)(f) of the Securitisation Regulation the Issuer will, without delay, publish any inside information relating to the Transaction. The Servicer is not required to comply with Article 7(1)(f).
- (i) For the purposes of Article 7(1)(g) of the Securitisation Regulation and pursuant to its obligation to comply with the Securitisation Regulation Disclosure Requirements, the Servicer will, without delay, publish information in respect of any significant event such as (i) a material breach of the obligations laid down in the Transaction Documents, (ii) a change in the structural features that can materially impact the performance of the securitisation, (iii) a change in the risk characteristics of the Transaction or the Purchased Lease Receivables that can materially impact the performance of the securitisation, (iv) if the Transaction ceases to meet the STS requirements or if competent authorities have taken remedial or administrative actions and (v) any material amendments to the Transaction Documents.

USE OF PROCEEDS

The aggregate net proceeds from the issuance of the Notes and the borrowings under the Subordinated Loan amount to EUR 1,090,800,938.37 and will be used in full to purchase the Portfolio from VWL (acting under the authority granted by VCL Master, acting for and on behalf of its Compartment 1 and by the VCL Master Security Trustee) and to credit the Cash Collateral Account with EUR 13,200,000.00 which is equal to the initial General Cash Collateral Amount. On the Issue Date of the Notes and receipt of the Subordinated Loan, the discounted value of the Purchased Lease Receivables will be EUR 1,100,000,938.37.

OVERVIEW OF THE TERMS AND CONDITIONS OF THE NOTES

General Conditions of the Notes

No obligation of Volkswagen Leasing GmbH whatsoever will arise from the Notes.

Denomination

The issue in the aggregate nominal amount of EUR 1,071,400,000 consists of 10,516 registered Class A Notes with a nominal amount of EUR 100,000 each, ranking equally among themselves and senior to the Class B Notes, and of 198 registered Class B Notes with a nominal amount of EUR 100,000 each, ranking equally among themselves but subordinated to the Class A Notes and senior to the Subordinated Loan.

Global Notes

The Notes of each Class are, each, issued in registered form and represented by a global note (each a "**Global Note**") without coupons. The Global Note representing the Class A Notes will be deposited with a Common Safekeeper for Clearstream Luxembourg and Euroclear to be held under the new safekeeping structure (NSS); thereafter, the Global Note will be held in book-entry form only. The Global Note representing the Class B Notes will be deposited with a common depository for Clearstream Luxembourg and Euroclear and thereafter, the Global Note will be held in book-entry form only. Each Global Note will bear the personal signature(s) of at least one (1) duly authorised director of VCL Multi-Compartment S.A. and will be authenticated by one or more employees of the Registrar. The Global Note representing the Class A Notes will be effectuated by the Common Safekeeper.

For each Class of Notes, the Issuer will cause to be kept at the specified office of the Registrar a register (the "**Register**") on which will be entered the names and addresses of the Noteholders (as defined below) and the particulars of such Notes held by them and all transfers and payments (of interest and principal) of such Notes. The rights of the Noteholders evidenced by the Global Note and title to the relating Notes itself pass by assignment and registration in the relevant Register. The Global Note representing the Class A Notes will be issued in the name of a nominee of the Common Safekeeper and the Global Note representing the Class B Notes will be issued in the name of a nominee of the common depository for Clearstream Luxembourg and Euroclear (each such nominee, respectively, the "**Registered Holder**"). The Registered Holder will be subsequently registered as Noteholder in the relevant Register.

Each person (other than Euroclear or Clearstream Luxembourg) who is for the time being shown in the records of Euroclear and/or Clearstream Luxembourg, as the holder of a particular nominal amount of such Notes shall be treated by the Issuer and any paying agent as the holder of such nominal amount of the Notes for all purposes.

No transfer of Notes will be valid unless entered into the Register, *provided that* the interests in the Notes represented by a Global Note are transferable only according to applicable rules and regulations of Clearstream Luxembourg, and Euroclear, as the case may be. Each of the Global Note will not be exchangeable for definitive Notes.

Payments of Principal and Interest

Payments of principal and interest, if any, on the Notes shall be made by the Paying Agent on the Issuer's behalf for further payment to Clearstream Luxembourg and Euroclear. All payments in respect of any Note made by, or on behalf of, the Issuer to, or to the order of Euroclear or Clearstream Luxembourg shall discharge the liability of the Issuer under such Note to the extent of sums so paid.

The first payment shall take place on 21 July 2026. The final payment of the then outstanding principal amount plus interest thereon is expected to take place on or before the Payment Date which is the last day on which a lease payment on outstanding Purchased Lease Receivables becomes due, falling in March 2032 (the "**Class A Scheduled Repayment Date**") for the Class A Notes and the Payment Date falling in March 2032 (the "**Class B Scheduled Repayment Date**") for the Class B Notes. All payments of interest on and principal of each Class of Notes will be due and payable at the latest in full on the legal final maturity date of such Class of Notes (a "**Legal Maturity Date**"), which shall be at least 12 months after the Scheduled Repayment Date and which shall be the Payment Date falling in March 2033 for the Class A Notes (the "**Class A Legal**

Maturity Date") and the Payment Date falling in March 2033 for the Class B Notes (the "**Class B Legal Maturity Date**").

On 21 July 2026 and thereafter until the Class A Legal Maturity Date, on the 21st day of each month or, in the event such day is not a Business Day, on the next following Business Day, unless such day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day (the "**Payment Date**") the Issuer shall, subject to Condition 4(3), pay to each Class A Noteholder interest on the principal amount of such Class A Notes immediately prior to the respective Payment Date at the Class A Notes Interest Rate, and shall make repayments of the principal amount of such Class A Notes by paying to the Class A Noteholders the Class A Principal Payment Amount thereof from any amounts remaining from the Available Distribution Amount after payment of interest due on such Payment Date on the Class B Notes, provided that no Enforcement Event has occurred. The calculation of the interest and principal payment of each Class A Note is based on the outstanding nominal amount of each Class A Note outstanding immediately prior to such Payment Date.

On 21 July 2026 and thereafter until the Class B Legal Maturity Date, on each Payment Date the Issuer shall, subject to Condition 4(3), pay to each Class B Noteholder interest on the principal amount of such Class B Note immediately prior to the respective Payment Date at the Class B Notes Interest Rate, and shall make repayments of the principal amount of such Class B Notes by paying to the Class B Noteholders the Class B Principal Payment Amount thereof from any amounts remaining from the Available Distribution Amount after payment of interest due on such Payment Date on the Class A Notes, the Class B Notes and the payment of the Class A Principal Payment Amount. The calculation of the interest and principal payment of each Class B Note is based on the outstanding nominal amount of each Class B Note outstanding immediately prior to such Payment Date.

Such Available Distribution Amount consists of (a) the Lease Receivables Collection Amount received or collected by the Servicer in relation to the preceding Monthly Period, inclusive, for avoidance of doubt, the Monthly Collateral (after any relevant netting); plus (b) interest accrued on the Distribution Account; plus (c) payments from the Cash Collateral Account as provided for in clause 23.1 (*Cash Collateral Account*) of the Trust Agreement to cover any shortfalls which result from a failure by VWL to pay the VWL Secured Obligations; plus (d) the Net Swap Receipts under the Swap Agreement and certain other amounts; plus (e) any repurchase price received from VWL pursuant to clause 4.3(c) of the Receivables Purchase Agreement; plus (f) any amount from the preceding Payment Date which remained as a surplus due to the rounding under the Notes in accordance with Condition 8(3); plus (g) payments from the Cash Collateral Account as provided for in clause 23.1 (*Cash Collateral Account*) of the Trust Agreement; less (h) the Buffer Release Amount to be paid to VWL until the earlier of a (i) Level 2 Credit Enhancement Increase Condition is in effect, or (ii) Servicer Replacement Event has occurred. For the avoidance of doubt if a Level 2 Credit Enhancement Increase Condition is in effect or a Servicer Replacement Event has occurred, the Buffer Release Amount will remain forming part of the Available Distribution Amount as part of the Lease Receivables Collection Amount under limb (a) of the definition of Available Distribution Amount.

The Issuer is only obliged to make any payments to the Noteholders if it has first received such amounts to freely dispose of them. It is understood that interest and principal on the Notes (other than interest on the most senior Class of Notes outstanding) will not be due on any Payment Date prior to the Legal Maturity Date except to the extent there are sufficient funds in the Available Distribution Amount to pay such amounts in accordance with the Order of Priority. Payments to the holders of Class A Notes of principal will be effected only after the payment to the holders of Class B Notes of interest on the relevant Payment Date. All payment obligations of the Issuer are limited recourse and constitute solely obligations of the Issuer to distribute amounts out of the Available Distribution Amount according to the Order of Priority.

Principal Payment Amounts

On each Payment Date, to the extent the Available Distribution Amount is sufficient and in accordance with the Order of Priority of distributions set forth below, the Issuer will pay to the holders of the Class A Notes an aggregate amount in respect of principal up to the Class A Principal Payment Amount and out of the amounts remaining from the Available Distribution Amount to the holders of the Class B Notes an aggregate amount in respect of principal up to the Class B Principal Payment Amount. The Class A Principal Payment Amount is the amount necessary to reduce the outstanding principal amount of the Class A Notes to the Class A Targeted Note Balance. The Class B Principal Payment Amount for any Payment Date is equal to the amount necessary to reduce the outstanding principal amount of the Class B Notes to the Class B Targeted Note

Balance respectively. The Class A Principal Payment Amount and the Class B Principal Payment Amount are intended to reduce the aggregate outstanding principal amounts of the Class A Notes and of the Class B Notes to amounts which would leave an amount of overcollateralisation constant as a percentage of the Aggregate Discounted Receivables Balance subject to certain specified increases in those percentages in case a Credit Enhancement Increase Condition is in effect because the Cumulative Net Loss Ratio for a Payment Date exceeds specified thresholds.

Order of Priority of Distributions

Prior to the occurrence of an Enforcement Event, distributions (other than repayments due to VWL in accordance with clause 10.2 (*Payments, repayment claims*) of the Receivables Purchase Agreement) will be made on each Payment Date from the Available Distribution Amount according to the following order of priority (the "**Order of Priority**"):

first, amounts payable in respect of taxes (if any) by VCL Multi-Compartment S.A. other than any tax filing fees and any annual return or exempt company status fees;

second, amounts (excluding any payments under the Trustee Claim) payable (i) to the Security Trustee under the Trust Agreement and (ii) *pari passu* to any successor of the Security Trustee (if applicable) appointed pursuant to clauses 31 and 32 of the Trust Agreement or under any agreement replacing the Trust Agreement;

sixth, amounts payable in respect of (a) interest accrued during the immediately preceding Interest Period plus (b) Interest Shortfalls (if any) on the Class A Notes;

seventh, amounts payable in respect of (a) interest accrued during the immediately preceding Interest Period plus (b) Interest Shortfalls (if any) on the Class B Notes;

eighth, to the Cash Collateral Account, until the General Cash Collateral Amount is equal to the Specified Cash Collateral Account Balance;

ninth, to the holders of the Class A Notes, an aggregate amount equal to the Class A Principal Payment Amount for such Payment Date;

tenth, to the holders of the Class B Notes, an aggregate amount equal to the Class B Principal Payment Amount for such Payment Date;

eleventh, by the Issuer to the Swap Counterparty, any payments under the Swap Agreement other than those made under item *fifth* above;

fourteenth, to pay all remaining excess to VWL by way of a final success fee.

Following the occurrence of an Enforcement Event, distributions (other than repayments due to VWL in accordance with clause 10.2 (*Payments, repayment claims*) of the Receivables Purchase Agreement) will be made by the Security Trustee from the Available Distribution Amount according to the following Order of Priority:

first, amounts payable in respect of taxes (if any) by VCL Multi-Compartment S.A. other than any tax filing fees and any annual return or exempt company status fees;

second, amounts (excluding any payments under the Trustee Claim) payable (i) to the Security Trustee under the Trust Agreement and (ii) *pari passu* to any successor of the Security Trustee (if applicable) appointed pursuant to clauses 31 and 32 of the Trust Agreement or under any agreement replacing the Trust Agreement;

third, to the Servicer the Servicer Fee;

fifth, amounts payable by the Issuer to the Swap Counterparty in respect of any Net Swap Payments or any Swap Termination Payments under the Swap Agreement (if any and provided that the Swap Counterparty is not the defaulting party (as defined in the relevant Swap Agreement) and there has been no termination of the transaction under the Swap Agreement due to a termination event relating to the Swap Counterparty's downgrade);

sixth, amounts payable in respect of (a) interest accrued during the immediately preceding Interest Period plus (b) Interest Shortfalls (if any) on the Class A Notes;

seventh, to the holders of the Class A Notes in respect of principal until the Class A Notes are redeemed in full;

eighth, amounts payable in respect of (a) interest accrued during the immediately preceding Interest Period plus (b) Interest Shortfalls (if any) on the Class B Notes;

ninth, to the holders of the Class B Notes in respect of principal until the Class B Notes are redeemed in full;

tenth, by the Issuer to the Swap Counterparty, any payments under the Swap Agreement other than those made under item *fifth* above;

eleventh, amounts payable in respect of accrued and unpaid interest on the Subordinated Loan (including, without limitation, overdue interest);

twelfth, to the Subordinated Lender, principal amounts until the aggregate principal amount of the Subordinated Loan has been reduced to zero; and

thirteenth, to pay all remaining excess to VWL by way of a final success fee.

Cash Collateral Account

On the Issue Date, VWL will fund in an amount of EUR 13,200,000.00. The Issuer will deposit such funds in the Cash Collateral Account at the Account Bank and has agreed to keep this account at all times with a bank that has Account Bank Required Ratings. In the event that the Cash Collateral Account Bank ceases to have

Account Bank Required Ratings or fails to maintain an Account Bank Required Guarantee, the Account Bank shall within 60 days of the occurrence of such downgrade or failure, do one of the following: (i) transfer any amount standing to the credit of any Account to an Eligible Collateral Bank which shall be appointed by the Issuer within the sixty (60) calendar day period referred to above (and the Issuer undertakes to the Security Trustee to take such action) and notified to the Account Bank, or (ii) find an irrevocable and unconditional guarantor providing the Account Bank Required Guarantee, or (iii) take any other action in order to maintain the rating of the Notes or to restore the rating of the Notes or such other rating or ratings as may be agreed by the relevant Rating Agency from time to time as would maintain the then current ratings of the Notes.

An amount of EUR 13,200,000.00 (approximately 1.2 per cent. of the Aggregate Cut-Off Date Discounted Receivables Balance) serves as the initial General Cash Collateral Amount. The Cash Collateral Amount will amortise in the course of the Transaction and will be on each Payment Date after the Closing Date, the greater of (a) 1.2 per cent. of the Aggregate Discounted Receivables Balance as of the end of the relevant Monthly Period, and (b) the lesser of (i) EUR 11,000,000.00 and (ii) the aggregate outstanding principal amount of the Class A Notes and Class B Notes as of the end of the relevant Monthly Period.

In addition, pursuant to the Receivables Purchase Agreement, VWL agrees to post within thirty (30) calendar days following the occurrence of a VWL Risk Reserve Trigger Event an amount equal to the VWL Risk Reserve into the Cash Collateral Account. The VWL Risk Reserve shall exclusively secure the VWL Secured Obligations.

On each Payment Date prior to the occurrence of an Enforcement Event, after the payment of interest on the Notes and certain other amounts payable by the Issuer, the Available Distribution Amount remaining after item *seventh* of the Order of Priority will be credited to the Cash Collateral Account pursuant to item *eighth* of the Order of Priority until the General Cash Collateral Amount is equal to the Specified Cash Collateral Account Balance. On each such Payment Date the General Cash Collateral Amount shall be used (a) to cover any shortfalls in the amounts payable under items *first* through *seventh* according to the applicable Order of Priority and (b), on the earlier of (i) the Legal Maturity Date or (ii) the date on which the Aggregate Discounted Receivables Balance has been reduced to zero, for amounts payable under items *ninth*, *tenth*, *eleventh* and *thirteenth* of the applicable Order of Priority.

On any Payment Date on which the General Cash Collateral Amount exceeds the Specified Cash Collateral Account Balance provided that no Credit Enhancement Increase Condition is in effect, such excess will be released for payment to the Subordinated Lender (until all amounts payable in respect of accrued and unpaid interest have been made and the principal of the Subordinated Loan has been reduced to zero) and thereafter to VWL as provided for under the terms of the Trust Agreement.

Duties of the Issuer

In addition to its obligation to make payments to the holders of the Notes as set out in the Conditions of the Notes, the Issuer undertakes to hold, administer and collect or realise in accordance with the Conditions of the Notes, the Receivables Purchase Agreement, the Servicing Agreement and all other Transaction Documents to which it is a party, the Purchased Lease Receivables (including damage claims in case of default of the respective Lessee) and ancillary rights arising from Lease Contracts which VWL has concluded with private individual and commercial Lessees, claims against the insurer pursuant to loss insurance policies covering the respective Leased Vehicles, damage claims arising from a breach of contract or in tort against a respective Lessee, in particular claims to lump-sum damages in case of default of the Lessee as well as any interest due and claims against third parties due to damage or loss of the Leased Vehicles and the right to require VWL to repurchase the Lease Receivables purchased by the Issuer under the Receivables Purchase Agreement and further described below under "**DESCRIPTION OF THE PORTFOLIO**", the General Cash Collateral Amount, the rights arising from the Swap Agreement and the Security, as well as any further rights arising from the Receivables Purchase Agreement, particularly the right to payment of the amount provided for in the event of a settlement.

Duties of VWL

VWL shall deliver to the Issuer at all times upon demand and to the extent available to VWL the following documents insofar as such documents are required for the assertion of the rights transferred herein:

- (1) the certificates of receipt signed by the Lessee concerning the acceptance of the Leased Vehicles;

- (2) the documents concerning the execution of the Lease Contract;
- (3) the respective original vehicle registration certificate (*Fahrzeugbrief* or *Zulassungsbescheinigung Teil II*);
- (4) to the extent that VWL is entitled to a disclosure, any information concerning the Lessee, especially regarding financial standing, which is available to VWL;
- (5) proof of VWL's unrestricted title to the Leased Vehicles through presentation of the invoice with the provision for passage of title and the proof of payment; and
- (6) any further information or documents which are of substantial importance to the Lease Contracts, including, for instance, the commitment of a third party to acquire the Leased Vehicles upon the expiration of the respective Lease Contract.

In accordance with the Data Protection Trust Agreement, VWL promptly after the execution of the Receivables Purchase Agreement is obliged to deposit or cause to be deposited, with the Data Protection Trustee the Portfolio Decryption Key. Furthermore, VWL shall provide the Issuer with the Data File B, i.e. an encrypted list containing the Lease Contract numbers listed in Data File A together with the names and addresses of the Lessees to such Lease Contracts and which, in order to identify such Lessees, can be decrypted only with the Portfolio Decryption Key. The Issuer shall treat as confidential all information on the Lessees and on the business operations of VWL acquired in connection with the performance of the Receivables Purchase Agreement. The foregoing shall not apply (i) to information which is generally known or becomes generally known without the Issuer being responsible for such disclosure, (ii) to information the disclosure of which VWL has expressly or tacitly permitted, (iii) if the Issuer is legally obliged to disclose information, and (iv) if the disclosure of information by the Issuer is necessary for asserting rights arising from the Issue or the agreements concluded in connection with the Issue.

Realisation of Security

Upon the occurrence of a Foreclosure Event, the Security Trustee is authorised and obliged to adequately realise the ownership interest given in the form of a directly enforceable security interest in the Leased Vehicles by selling the Leased Vehicles or having the Leased Vehicles sold by third parties commissioned by the Security Trustee. The proceeds of realisation thus gained shall be divided between the Issuer, VWL and the Relevant Expectancy Rights Purchaser as provided in clause 18 of the Trust Agreement.

Clean-up Call

VWL will have the right at its option to exercise a Clean-Up Call and to repurchase the Purchased Lease Receivables from the Issuer at any time when the then outstanding Aggregate Discounted Receivables Balance is less than 10 per cent. of the Aggregate Cut-Off Date Discounted Receivables Balance, *provided that* all payment obligations under the Notes and the other Secured Creditors ranking senior to the Notes will be thereby fulfilled. If VWL repurchases the Purchased Lease Receivables, the outstanding Notes, if any, will be redeemed at a price equal to their outstanding principal balance, plus accrued and unpaid interest on the Notes.

Paying Agent, Registrar

The Issuer will make payments to the Noteholders through the Paying Agent. Payments shall be made from the Issuer's accounts with the Account Bank, The Bank of New York Mellon, London Branch as Paying Agent does not need to execute an affidavit or fulfil any formalities other than the compliance with tax, currency exchange or other regulations of the country where the distribution takes place. The Bank of New York Mellon, London Branch is an independent credit institution and is not affiliated to VWL or the Issuer and may be substituted as provided for in Condition 8(6) of the Conditions of the Notes.

The Issuer has appointed The Bank of New York Mellon SA/NV, Luxembourg Branch as Registrar to keep the Register. The Bank of New York Mellon SA/NV, Luxembourg Branch is an independent credit institution and is not affiliated to VWL or the Issuer and may be substituted as provided for in Condition 8(6) of the Conditions of the Notes.

Security, Security Trustee and Enforcement

For the benefit of the Transaction Creditors, the Issuer has appointed the Security Trustee pursuant to the Trust Agreement and has assigned for security purposes (*Sicherungseigentum*) and pledged to the Security Trustee as security under German law, the Purchased Lease Receivables and Lease Collateral and all its rights under the Transaction Documents and has transferred for security purposes (*Sicherungseigentum*) to the Security Trustee the title to the Leased Vehicles acquired from VWL for these purposes (including title to newly fitted parts and accessories), whereby the act of delivery has been substituted by the assignment of its delivery claims (*Herausgabeansprüche*) (collectively the "**Security**"). The Security serves to secure the respective obligations of the Issuer arising from the Notes and the Subordinated Loan.

VWL has transferred title for security purposes (*Sicherungseigentum*) to the Leased Vehicles relating to the Purchased Lease Receivables to VCL Master, acting for and on behalf of its Compartment 1, subject to the resolutive condition (*auflösende Bedingung*) of the occurrence of a Lease Contract Termination Event, thereby creating expectancy rights (*Eigentumsanwartschaftsrechte*) with respect to such Leased Vehicles in favour of VWL. VWL has then sold and transferred or assigned for security purposes such expectancy rights to the Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Purchaser has further transferred for security purposes such expectancy rights to the Relevant Expectancy Rights Trustee. Such expectancy rights shall not be affected by the transfer of the title for security purposes from the VCL Master Security Trustee to the Issuer under the Receivables Purchase Agreement and further from the Issuer to the Security Trustee under the Trust Agreement.

The Trust Agreement establishes the right and duty of the Security Trustee – to the extent necessary – to hold, administer or realise the Security for the benefit of the Transaction Creditors and to perform only those other duties which are necessarily incidental thereto. The Transaction Creditors are entitled, subject to the provisions of clauses 17 to 19 of the Trust Agreement, to demand from the Security Trustee the fulfilment of its duties as specified under the Conditions of the Notes. The Security Trustee is not obliged to monitor the fulfilment of the duties of the Issuer under the Notes, the Conditions of the Notes, the Subordinated Loan or any other Transaction Documents to which the Issuer is a party. All rights of the Noteholders shall remain at all times and under all circumstances vested in the Noteholders.

The Security can be realised pursuant to clause 17 of the Trust Agreement if (i) with respect to VCL Multi-Compartment S.A., an Insolvency Event occurs; (ii) the Issuer defaults in the payment of any interest on the most senior Class of Notes when the same becomes due and payable, and such default continues for a period of five (5) Business Days; or (iii) the Issuer defaults in the payment of principal of any Note on the Legal Maturity Date. It is understood that interest and principal on the Notes other than interest on the Class A Notes will not be due and payable on any Payment Date prior to the Legal Maturity Date, except to the extent there are sufficient funds in the Available Distribution Amount to pay such amounts in accordance with the Order of Priority.

VWL shall undertake all steps necessary to protect the Security Trustee's security interest in the Lease Collateral and to hold the Leased Vehicles harmless or free from attachments or secured rights of third parties.

Servicer

Subject to revocation by the Issuer after a Servicer Replacement Event, VWL is commissioned pursuant to the Servicing Agreement as Servicer to collect the Purchased Lease Receivables in accordance with the Servicer's customary practices in effect from time to time using the same degree of skill and attention that the Servicer exercises with respect to comparable vehicle Lease Contracts that the Servicer collects for itself or others. The Servicer is entitled to repossess the respective Leased Vehicles on behalf of the Issuer upon termination of a Lease Contract and consistent with its customary practice as they exist from time to time.

The Servicer has also been empowered to administer the Security for and on behalf of the Issuer. The Servicer has undertaken to transfer to the Distribution Account maintained by the Issuer with the Account Bank amounts received from Purchased Lease Receivables collected, drawn from the Cash Collateral Account or realised from the Leased Vehicles, as the case may be.

Subject to the terms of the Servicing Agreement, if:

- (a) for the first time the Monthly Remittance Condition is not satisfied, VWL shall for the first time advance the Monthly Collateral in respect of the month in which the Monthly Collateral Start Date falls to the Distribution Account; and
- (b) for any subsequent month in which the Monthly Remittance Condition continues to not be satisfied, VWL shall advance the Monthly Collateral to the Distribution Account on the relevant Monthly Collateral Payment Date falling in such month.

Irrespective of its obligation to advance the Monthly Collateral VWL will still remain being obliged to transfer Collections to the Distribution Account in accordance with the provisions of the Servicing Agreement. However, at any time when either (a) the Monthly Remittance Condition is satisfied or (b) the Monthly Remittance Condition is not satisfied but VWL as Servicer has complied with its obligation to remit the Monthly Collateral to the Distribution Account, VWL is entitled to hold, use and invest at its own risk the amounts collected under the Purchased Lease Receivables and other amounts collected by it during each Monthly Period without segregating such funds from its other funds, and VWL will be required to make a single transfer of Collections and other amounts collected by it to the Distribution Account on the following Payment Date. Otherwise, Collections and other amounts collected by it will be required to be remitted by it to the Distribution Account on the first Business Day after receipt of such amounts.

Following a breach of the Monthly Remittance Condition, the Monthly Servicer Report will show for each Monthly Period whether the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period exceeds the collections on the Purchased Lease Receivables and other amounts collected by it for such Monthly Period or whether the collections on the Purchased Lease Receivables and other amounts collected by it for the relevant Monthly Period exceed the Monthly Collateral for such Monthly Period.

On any Payment Date VWL's obligation to pay such collections on the Purchased Lease Receivables and other amounts received by VWL for the relevant Monthly Period into the Distribution Account will be netted with its claim for repayment of the Monthly Collateral for such Monthly Period and such Monthly Collateral (after netting) will form part of the Available Distribution Amount on such Payment Date. If for such Monthly Period the Monthly Servicer Report shows (a) that the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period on the respective Monthly Collateral Payment Date exceeds the collections on the Purchased Lease Receivables and other amounts received by VWL for such Monthly Period, such excess shall be released to VWL outside the Order of Priority on the relevant Payment Date or (b) that the collections on the Purchased Lease Receivables and other amounts received by VWL for such Monthly Period exceed the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period on the respective Monthly Collateral Payment Date, an amount equal to such excess shall be paid into the Distribution Account by VWL on the relevant Payment Date.

When the Monthly Remittance Condition is satisfied again, any Monthly Collateral standing to the credit of the Distribution Account shall be released to the Servicer outside the Order of Priority on the next Payment Date following such satisfaction.

Information as to the present leasing business procedures of VWL are described in "**BUSINESS PROCEDURES OF VOLKSWAGEN LEASING GMBH**" and "**ADMINISTRATION OF THE LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT**", however, VWL will be permitted to change those business procedures from time to time in its discretion.

The Servicer is permitted to delegate some or all of its duties to other entities, including its Affiliates and subsidiaries, although the Servicer will remain liable for the performance of any duties that it delegates to another entity.

The Servicer will be entitled to receive the Servicer Fee on each Payment Date for the preceding Monthly Period. The Servicer Fee for any Payment Date will be an amount equal to the product of (1) one-twelfth, (2) 1.0 per cent. *per annum* and (3) the Aggregate Discounted Receivables Balance as of the first day of the preceding Monthly Period (or as of the Closing Date, in the case of the first Monthly Period). As additional compensation, the Servicer will be entitled to retain all late fees, fees for cheques with insufficient funds, other administrative fees and a final success fee. The Servicer will pay all expenses incurred by it in connection with its collection activities and will not be entitled to reimbursement of those expenses except for auction, painting, repair or refurbishment expenses and similar expenses with respect to the Leased Vehicles. The Servicer will have no responsibility, however, to pay any credit losses with respect to the Purchased Lease Receivables.

Dismissal and Replacement of the Servicer

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer.

Replacement of Issuer

Subject to certain preconditions the Issuer is entitled to appoint another company (the "**New Issuer**") in place of itself as debtor for all obligations arising from and in connection with the Notes. For further information, see Condition 10 of the Notes.

Notices

Notices to the Noteholders will be validly given if transmitted individually to the address set out in the Register for such Noteholder.

As long as the Global Note is registered in the name of the Registered Holder notices to each respective Noteholder may be validly given if transmitted to Euroclear and Clearstream Luxembourg for further communication to the persons shown as holders of the Notes in their records. Any notice so given shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was given to Euroclear and Clearstream Luxembourg.

In addition, as long as the Notes are listed on the official list of the Luxembourg Stock Exchange and the rules of such exchange so require, all notices to the Noteholders regarding the Notes shall be published in a newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.luxse.com). Any notice referred to above shall be deemed to have been given to all Noteholders on the seventh day after the day on which the said notice was published in a newspaper having general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (www.luxse.com). Should an official listing be absent, then such notices shall be published in the German Federal Gazette (*Bundesanzeiger*).

Applicable Law, Place of Performance and Place of Jurisdiction, Prescription

The form and content of the Notes and all of the rights and privileges of the Noteholders, the Paying Agent, the Registrar and the Servicer under the Notes shall be subject in all respects to the laws of Germany. The provisions of articles 470-1 to 470-19 of the Luxembourg Companies Act relating to the noteholders' representations and the noteholder register are expressly excluded.

Place of performance and venue is Frankfurt am Main, Germany.

Claims arising from the Notes including claims for payment of interest and principal shall be prescribed in accordance with general prescription rules under German law, i.e. either (i) upon the expiry of three years after the end of the year in which the respective claim has come into existence and in which the creditor of such claim had knowledge of such claim (or did not have such knowledge due to its own gross negligence) or (ii) in any event upon the expiry of ten years.

SWAP AGREEMENT

The Issuer will enter into the Swap Agreement with ING Bank N.V. (the "**Swap Counterparty**"). The Swap Agreement will hedge the floating interest rate risk on the Notes. The Swap Counterparty will be any entity which is an Eligible Swap Counterparty.

The Swap Agreement

Under the Swap Agreement the Issuer will undertake to pay to the Swap Counterparty on each Payment Date an amount equal to the amount of interest on the nominal amount of the Class A Notes outstanding on each Payment Date, calculated on the basis of a fixed rate of interest of 3.0770 per cent. *per annum* on the basis of 30/360. The Swap Counterparty will undertake to pay to the Issuer on each Payment Date an amount equal to the floating rate of interest on such outstanding nominal amount of the Class A Notes, calculated on the basis of EURIBOR plus 0.42 per cent. *per annum* on the basis of the actual number of days elapsed in an Interest Period divided by 360, and subject to a floor of zero.

Furthermore, under the Swap Agreement the Issuer will undertake to pay to the Swap Counterparty on each Payment Date an amount equal to the amount of interest on the nominal amount of the Class B Notes outstanding on each Payment Date, calculated on the basis of a fixed rate of interest of 3.4864 per cent. *per annum* on the basis of 30/360. The Swap Counterparty will undertake to pay to the Issuer on each Payment Date an amount equal to the floating rate of interest on such outstanding nominal amount of the Class B Notes, calculated on the basis of EURIBOR plus 0.78 per cent. *per annum* on the basis of the actual number of days elapsed in an Interest Period divided by 360, and subject to a floor of zero.

Payments under the Swap Agreement will be exchanged on a net basis on each Payment Date. Payments made by the Issuer under the Swap Agreement (other than termination payments related to an event of default where the Swap Counterparty is a defaulting party, or termination event due to the failure by the Swap Counterparty to take required action after a downgrade of its credit rating) rank higher in priority than all payments on the Notes. Payments by the Swap Counterparty to the Issuer under the Swap Agreement will be made into the Distribution Account and will, to the extent necessary, be increased to ensure that such payments are free and clear of all taxes.

Events of default under the Swap Agreement applicable to the Issuer are limited to, and (among other things) events of default applicable to the Swap Counterparty include, the following:

- (1) failure to make a payment under the Swap Agreement when due, if such failure is not remedied within three Business Days of notice of such failure being given; or
- (2) the occurrence of certain bankruptcy and insolvency events.

Termination events under the Swap Agreement include, among other things, the following:

- (1) illegality of the transactions contemplated by the Swap Agreement; or
- (2) an Enforcement Event under the Trust Agreement occurs or prepayment in full, but not in part, of the Notes occurs; or
- (3) failure of the Swap Counterparty to maintain its credit rating at certain levels required by the Swap Agreement, which failure may not constitute a termination event if (in the time set forth in the applicable Swap Agreement) the Swap Counterparty:
 - (i) posts an amount of collateral (in the form of cash and/or securities) as set forth in the Swap Agreement; or
 - (ii) obtains a guarantee from an institution with an acceptable rating; or
 - (iii) transfers its rights and obligations under the Swap Agreement to an Eligible Swap Counterparty.

Upon the occurrence of any event of default or termination event specified in the Swap Agreement, the non-defaulting party, an affected party or the party which is not the affected party (as the case may be, depending on the termination event) may, after a period of time set forth in the Swap Agreement, elect to terminate the

Swap Agreement. If the Swap Agreement is terminated due to an event of default or a termination event, a Swap Termination Payment may be due to the Swap Counterparty by the Issuer out of its available funds. The amount of any such Swap Termination Payment may be based on the actual cost or market quotations of the cost of entering into a similar swap transaction or such other methods as may be required under the Swap Agreement, in each case in accordance with the procedures set forth in the Swap Agreement. Any such Swap Termination Payment could, if market rates or other conditions have changed materially, be substantial. Under certain circumstances, Swap Termination Payments required to be made by the Issuer to a Swap Counterparty will rank higher in priority than all payments on the Notes. In such event, the Purchased Lease Receivables and the General Cash Collateral Amount may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes. If a Swap Termination Payment is due to the Swap Counterparty, any Swap Replacement Proceeds shall to the extent of that Swap Termination Payment be paid directly to the Swap Counterparty causing the event of default or termination event without regard to the Order of Priority as specified in the Swap Agreement.

The Swap Counterparty may, at its own cost, transfer its obligations under the Swap Agreement to a third party which is an Eligible Swap Counterparty. There can be no assurance that the credit quality of the replacement Swap Counterparty will ultimately prove as strong as that of the original Swap Counterparty. Any Swap Termination Payments exceeding Swap Replacement Proceeds will be paid to such Swap Counterparty in accordance with the Order of Priority.

Governing law

The Swap Agreement, and any non-contractual obligations arising out of or in connection with the Swap Agreement, is and will be governed by, and construed in accordance with, English law.

The Security Assignment Deed

Pursuant to the Security Assignment Deed, the Issuer assigns to the Security Trustee as security for the payment and discharge of the Secured Obligations all of the Issuer's right, title and interest from time to time deriving or accruing from the Swap Agreement (other than in relation to credit support provided thereunder). All rights, benefits and interests granted to or conferred upon the Security Trustee and all other rights, powers and discretions granted to or conferred upon the Security Trustee under the Security Assignment Deed shall be held by the Security Trustee on trust for the benefit of itself and for the Transaction Creditors from time to time subject to and in accordance with the Security Assignment Deed and the Trust Agreement. The Security Assignment Deed is governed by English law.

TAXATION

WARNING

This section sets out a summary of certain taxation considerations relating to the Notes

Potential investors should note that the tax legislation of the Noteholders' member state and of the relevant Issuer's country of incorporation may have an impact on the income received from the Notes. All prospective Noteholders should seek independent advice as to their tax position.

GENERAL INFORMATION ON TAX WITHHOLDINGS (INCLUDING WITHHOLDING TAX/CAPITAL GAINS TAX) FOR PAYMENTS UNDER THE NOTES

As described in the Conditions, all payments of principal and any interest are effected less any legally owed withholding tax (including withholding taxes/capital gains tax or flat rate tax, including any surcharges and church taxes), and without payment of additional amounts pursuant to Condition 9 of the Terms and Conditions of the Class A Notes and Condition 9 of the Terms and Conditions of the Class B Notes.

SPECIFIC INFORMATION ON FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code, commonly known as FATCA, a 30% withholding tax will be imposed on certain payments to certain non-U.S. financial institutions that fail to comply with information reporting requirements or certification requirements in respect of their direct and indirect United States shareholders and/or United States accountholders and on certain payments made by non- U.S. financial institutions. The United States of America has entered into an intergovernmental agreement regarding the implementation of FATCA with Luxembourg (the "**Luxembourg IGA**"). Under the Luxembourg IGA, as currently drafted, a financial institution that is treated as resident in Luxembourg and that complies with the requirements of the Luxembourg IGA will not be subject to FATCA withholding on payments it receives and will not be required to withhold on payments of non-U.S. source income. As a result, the Issuer does not expect payments made on or with respect to the Securities to be subject to withholding under FATCA. Account holders and investors are obliged however to report certain information to the Issuer and the Issuer is obliged to report this information with respect to its account holders and investors to the public authorities of the home country for forwarding to the U.S. Internal Revenue Service (the "**IRS**"). Significant aspects of when and how FATCA will apply remain unclear, and no assurance can be given that withholding under FATCA will not become relevant with respect to payments made on or with respect to the Securities in the future.

Potential investors should consult their own tax advisors regarding the potential impact of FATCA.

VERIFICATION BY SVI

STS Verification International GmbH ("**SVI**") has been authorised by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) as third party verification agent pursuant to Article 28 of the Securitisation Regulation (Regulation (EU) 2017/2402) (the "**Securitisation Regulation**").

The verification label "verified – STS VERIFICATION INTERNATIONAL" has been officially registered as a trade mark and is licensed to an issuer of securities if the securities meet the requirements for simple, transparent and standardised securitisation as set out in Articles 19 to 22 of the Securitisation Regulation ("**STS Requirements**").

The verification label is issued on the basis of SVI's verification process, which is explained in detail on the SVI website (www.sts-verification-international.com). The verification process is based on the SVI verification manual. It describes the verification process and the individual inspections in detail. The verification manual is authoritative for all parties involved in the verification process and its application ensures an objective and uniform verification of transactions to be verified.

The originator will include in its notification pursuant to Article 27(1) of the Securitisation Regulation a statement that compliance of its securitisation with the STS Requirements has been verified by SVI.

The aim of the Securitisation Regulation is to restart high-quality securitisation markets, and the implementation of a framework for simple, transparent and standardised transactions with corresponding STS criteria shall contribute to this. However, it should be noted that the verification performed by SVI does not affect the liability of such originator or special purpose vehicle in respect of their legal obligations under the Securitisation Regulation. Furthermore, the use of such verification by SVI shall not affect the obligations imposed on institutional investors as set out in Article 5 of the Securitisation Regulation. Notwithstanding verification by SVI which verifies compliance of a securitisation with the STS Requirements, such verification by SVI does not ensure the compliance of a securitisation with the general requirements of the Securitisation Regulation.

SVI has carried out no other investigations or surveys in respect of the issuer or the securities concerned other than as such set out in SVI's final Verification Report and disclaims any responsibility for monitoring continuing compliance with the STS Requirements by the parties concerned or any other aspect of their activities or operations.

Verification by SVI is not a recommendation to buy, sell or hold securities. Investors should therefore not evaluate their investment in securities solely on the basis of this verification.

DESCRIPTION OF THE PORTFOLIO

The Purchased Lease Receivables under the Receivables Purchase Agreement

The Lease Receivables arise from fixed-term, level payment lease contracts between VWL and the Lessees for the lease of new, ex-demonstration and used cars and light commercial vehicles. When VWL leases vehicles to its customers, VWL confirms a corresponding lease contract to the customer, purchases the respective vehicles from a dealer or the manufacturer and pays the purchase price to that dealer or the manufacturer, respectively. Residual values of the vehicles at the end of the lease term are calculated by VWL and provided to the dealership for the different makes and models. However, subject to VWL's approval, a dealer may choose a residual value higher or lower than the residual value that is recommended by VWL within restricted limits set by VWL.

VWL obtains unrestricted ownership to the Leased Vehicles upon payment of the purchase price and delivery of the Leased Vehicles to the Lessees, which allows VWL to repossess the Leased Vehicles in the event of termination of a Lease Contract by VWL following certain collections procedures after non-payment by the Lessee. VWL will not select assets to be transferred to the Issuer with the aim of rendering losses on the assets transferred to the Issuer, measured over the life of the Transaction, higher than the losses over the same period on comparable assets held on the balance sheet of VWL.

The Purchased Lease Receivables consist of Lease Receivables originally purchased by VCL Master, acting for and on behalf of its Compartment 1 from VWL and on-transferred for security purposes to the VCL Master Security Trustee, for which VWL has been authorised (*ermächtigt*) by the VCL Master Security Trustee and by VCL Master, acting for and on behalf of its Compartment 1 to assign such Purchased Lease Receivables to the Issuer. Such authority is granted subject to the conditions precedent that VCL Master, acting for and on behalf of its Compartment 1 has received an amount EUR 1,077,600,938.37 which is the sum of EUR 1,100,000,938.37 (equal to the sum of the Purchased Lease Receivables discounted by the Discount Rate (whereas discounting shall take place on the basis of one year of 360 days being equivalent to 12 months, each month consisting of 30 days)), less (i) an amount of EUR 9,200,000.00 for overcollateralisation purposes (*zusätzliche Absicherung von Portfoliorisiken*), and less (ii) an amount of EUR 13,200,000.00 for the endowment of the Cash Collateral Account (representing the Purchase Price for the Purchased Lease Receivables).

With respect to the Purchased Lease Receivables, VWL has transferred title for security purposes (*Sicherungseigentum*) to the related Leased Vehicles to VCL Master, acting for and on behalf of its Compartment 1, subject to the resolatory condition (*auflösende Bedingung*) of the occurrence of a Lease Contract Termination Event, thereby creating expectancy rights (*Eigentumsanwartschaftsrechte*) with respect to such Leased Vehicles in favour of VWL. VWL has then sold and transferred or assigned for security purposes such expectancy rights to the Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Purchaser has further transferred for security purposes such expectancy rights to the Relevant Expectancy Rights Trustee. Such expectancy rights shall not be affected by the transfer of the title for security purposes from the VCL Master Security Trustee to the Issuer under the Receivables Purchase Agreement and further from the Issuer to the Security Trustee under the Trust Agreement.

The majority of the Purchased Lease Receivables are receivables from Lease Contracts originated by Volkswagen, Audi, SEAT, Skoda and Volkswagen Nutzfahrzeuge dealers as agents. The contracts generally contain VWL's leasing conditions for business vehicles or leasing conditions with private customers; the contracts with "large customers" have essentially these conditions (hereinafter collectively the "**Lease Contracts**") as used by VWL in accordance with its customary business practices as in place from time to time. They are non-full-payment Lease Contracts under which the Lessees amortise over the life of the contract the difference between the purchase price of the vehicle and its (calculated) value at the expiration of the contract. Other payments may also be agreed upon in these contracts. Payments under the contracts are due monthly. Approximately 99 per cent. of the Purchased Leased Vehicles are Volkswagen, Audi, SEAT, Skoda or Volkswagen Nutzfahrzeuge vehicles.

In accordance with common practice in Germany, the Lease Contracts provide for an assignment of VWL's warranty claims against the seller of the vehicle in lieu of claim a Lessee may have against VWL under statutory law. Hence, in case of a defect of the Leased Vehicle the Lessee would have to exercise warranty claims in his own name against the seller of the Leased Vehicle. If the Lessee terminates or rescinds from

the purchase contract for the Leased Vehicle, the seller of such Leased Vehicle would have to return the purchase price directly to VWL.

The Lease Contracts expressly exclude the right of the Lessee to acquire the Leased Vehicle. The lease agreements are entered into with commercial business customers and "retail" customers that include private individuals in each case up to the threshold of 0.5% of the Aggregate Discounted Receivables Balance per individual lessee. VWL originates leases under "closed-end" leases as described in more detail below.

The Purchased Lease Receivables include the monthly payments for the use of the related Leased Vehicles with full recourse against the respective Lessees. The amounts payable in each month which have been acquired pursuant to the Receivables Purchase Agreement do not include claims to special payments or insurance premiums or VAT attributable to any payments for the use of the Leased Vehicles or claims arising from service components such as maintenance fees or fees for the excessive use of the Leased Vehicles.

The Purchased Lease Receivables solely include Lease Receivables originated under closed end Lease Contracts (*Verträge ohne Gebrauchtwagenabrechnung* – "**Closed End Lease Contract**"). Closed End Lease Contracts are based on fixed residual values based on the contractual mileage and term of the contract, both being guaranteed by the vehicle dealer in respect of a return of the car in compliance with the term of the contract at the end of the contract term arranging the conclusion of the respective Closed End Lease Contract and VWL. In case of under mileage or if the mileage is exceeded on the return of the car, the residual value will be adjusted by a mileage rate (*Mehr-/ Minderkilometersatz*) which has been agreed at the conclusion of the contract. Under these Closed End Lease Contracts, the respective vehicle-dealer will buy the Leased Vehicle from VWL at an adjusted previously agreed upon repurchase price. The Lessee will get charged or will be refunded with the adjustment.

Under Closed End Lease Contracts, the risk of realisation of the residual value is borne entirely by the respective vehicle dealer. Approximately 95 per cent. of all Closed End Lease contracts is guaranteed by a partner-dealer of VWL.

Warranties and Guarantees in relation to the Sale of the Purchased Lease Receivables

VWL as Seller warrants and guarantees with respect to the Purchased Lease Receivables which are transferred under the authority granted by the VCL Master Security Trustee and VCL Master, acting for and on behalf of its Compartment 1, under the Receivables Purchase Agreement in the form of a separate guarantee undertaking pursuant to section 311(1) of the German Civil Code (*Bürgerliches Gesetzbuch*) that as of the Cut-off Date the following selection criteria have been fulfilled (for the avoidance of doubt when applying the selection criteria below the Purchased Lease Receivables have not been selected to the detriment of the investors):

- (a) that the Lease Contracts are legally valid and binding agreements;
- (b) that the Purchased Lease Receivables are denominated, payable in Euro and assignable;
- (c) that the Leased Vehicles under the Lease Contracts (i) are existing and (ii) are situated (*belegen*) in Germany based on the assumption that (ii) is fulfilled if the Lessee (*Leasingnehmer*) is resident in Germany;
- (d) that it may (subject to the provisions set out in clause 2.2 (*Purchase agreement concerning the Purchased Lease Receivables*) of the Receivables Purchase Agreement) dispose of the Purchased Lease Receivables free from rights of third parties;
- (e) that the Purchased Lease Receivables are free of defences, whether pre-emptory or otherwise (*Einwendungen oder Einreden*) for the agreed term of the Lease Contract as well as (subject to the provisions set out in clause 2.2 (*Purchase agreement concerning the Purchased Lease Receivables*) of the Receivables Purchase Agreement) free from rights of third parties and that the Lessees in particular have no set-off claim;
- (f) that no Purchased Lease Receivable was overdue;

- (g) that the status and enforceability of the Purchased Lease Receivables is not impaired due to warranty claims or any other rights (including claims which may be set off) of the Lessees (even if the Issuer knew or could have known of the existence of such defences or rights on the Cut-Off Date);
- (h) that none of the Lessees is an Affiliate of Volkswagen AG, Familie Porsche Stuttgart and Familie Piech Salzburg Gruppe;
- (i) that (according to VWL's records) terminations of the Lease Contracts have not occurred and are not pending;
- (j) that the Lease Contracts shall be governed by the laws of Germany;
- (k) that the Lease Contracts have been entered into exclusively with Lessees which, if they are corporate entities have their registered office or, if they are individuals have their place of residence in Germany;
- (l) that on the Cut-Off Date at least two (2) lease instalments have been paid in respect of each of the Lease Contracts and that the Lease Contracts require substantially equal monthly payments to be made within 72 months of the date of origination of the Lease Contract;
- (m) that the total amount of Purchased Lease Receivables assigned hereunder resulting from Lease Contracts with one and the same Lessee will not exceed 0.5% of the Aggregate Discounted Receivables Balance in respect of any single Lessee at the Cut-Off Date;
- (n) that the acquisition of the Leased Vehicles by VWL is financed in compliance with the requirements of section 108 (1), 2nd sentence of the German Insolvency Code (*Insolvenzordnung*);
- (o) the percentage of the Discounted Receivables Balance generated under the Lease Contracts for non-VW group (Volkswagen, Audi, SEAT, Skoda or Volkswagen Nutzfahrzeuge) vehicles will not exceed 5 % of the Aggregate Cut-Off Date Discounted Receivables Balance;
- (p) that, subject to the provisions set out in clause 2.2 (*Purchase agreement concerning the Purchased Lease Receivables*) of the Receivables Purchase Agreement, it may freely dispose of title to the Leased Vehicles and that no third-party's rights prevent such dispositions;
- (q) that (according to VWL's records) no insolvency proceedings according to the Applicable Insolvency Law have been initiated against any of the Lessees during the term of the Lease Contracts up to the last day of the month preceding the Closing Date;
- (r) that the Lease Receivables assigned do not represent a separately conducted business or business segment of VWL;
- (s) the Purchased Lease Receivables will not include Lease Receivables relating to:
 - (i) a Lessee who VWL considers as unlikely to pay its obligations to VWL and/or to a Lessee who is past due more than 90 days on any material credit obligation to VWL; or
 - (ii) a credit-impaired Lessee or guarantor who, on the basis of information obtained (i) from the Lessee of the relevant Lease Receivable, (ii) in the course of VWL's servicing of the Lease Receivables or VWL's risk management procedures, or (iii) from a third party,
 - (1) has been declared insolvent or had a court grant his creditors a final non-appealable right of enforcement or material damages as a result of a missed payment within three years prior to the date of origination or has undergone a debt-restructuring process with regard to his non-performing exposures within three years prior to the date of transfer of the Purchased Lease Receivables to the Issuer;
 - (2) was, at the time of origination, where applicable, on a public credit registry of persons with adverse credit history or, where there is no such public credit registry, another credit registry that is available to VWL; or

- (3) has a credit assessment or a credit score indicating that the risk of contractually agreed payments not being made is significantly higher than for comparable receivables held by VWL which are not securitised; and

- (t) none of the Lessees has exercised its right of revocation, if any.

In the event of a breach of any of the warranties set forth above (or, in case of item (c), if the assumption set out therein proves wrong) at the Closing Date which materially and adversely affects the interests of the Issuer or the Noteholders, VWL shall have until the end of the Monthly Period which includes the 60th day (or, if VWL so elects, an earlier date) after the date that VWL became aware or was notified of such breach to cure or correct such breach. The Issuer's sole remedy will be to require VWL to take one of the following remedial actions:

- (a) remedy the matter giving rise to such breach if such matter is capable of remedy *provided that*, if a remedy within the time period provided above is not practicable, VWL may remedy such breach by the last day of the following monthly period; or
- (b) replace the relevant Purchased Lease Receivable by taking into account the warranties and guaranties set out in clause 4.1 of the Receivables Purchase Agreement, with a Lease Receivable the present value of which shall be at least the Settlement Amount of such Purchased Lease Receivable at the monthly period immediately preceding such replacement, provided that, if a remedy within the time period specified above is not practicable, VWL may replace such Purchased Lease Receivable by the last day of the following monthly period; or
- (c) repurchase the relevant Purchased Lease Receivable and all related Lease Collateral at a price equal to the Settlement Amount of such Purchased Lease Receivable as of the monthly period immediately preceding such repurchase *provided that*, if it is not practicable to repurchase such Purchased Lease Receivable within the time period provided above, VWL may repurchase such Purchased Lease Receivable on the Payment Date immediately following the last day of the following monthly period.

VWL warrants and guarantees that the Purchased Lease Receivables are originated in the ordinary course of the business of VWL pursuant to lease granting standards which also apply to leases which will not be securitised. In particular, VWL warrants and guarantees that it has in place (i) effective systems to apply its standard lease criteria for granting the Purchased Lease Receivables and (ii) processes for approving and, where relevant, amending, renewing and re-financing the Purchased Lease Receivables, in order to ensure that granting of the Purchased Lease Receivables is based on a thorough assessment of each Lessee's creditworthiness. Furthermore, VWL warrants and guarantees that the assessment of each Lessee's creditworthiness (i) will be performed on the basis of sufficient information, where appropriate obtained from the Lessee and, where necessary, on the basis of a consultation of the relevant database, and (ii) will be repeated before any significant increase in the total amount is granted after the conclusion of the lease, in combination with an update of the Lessee's financial information. Furthermore, VWL warrants and guarantees that the Lease Contracts relating to the Purchased Lease Receivables do not include a current account arrangement with the relevant Lessee.

Each of the Issuer and the Security Trustee have agreed to notify VWL promptly upon becoming aware of any breach of representation or warranty set out above. This will not constitute an obligation of the Issuer and/or the Security Trustee to investigate whether any such breach has occurred.

The Purchased Lease Receivables acquired and transferred by assignment under any Receivables Purchase Agreement from VWL generally have characteristics that demonstrate capacity to produce funds to service payments due and payable on the Notes.

VWL does not warrant the solvency (credit standing) of the relevant Lessees.

¹ In principal, the number of contracts and the outstanding receivables balance in all stratification tables must be equal. The only exemption is Table 3 - Distribution by contract concentration. For the purpose of customer concentration, the most conservative approach is followed. Contracts are aggregated at customer level and in addition at lessee unit level. This leads to double-counting of a certain share of contracts. However, by following this approach, the most accurate view is provided when it comes to measuring the exposure when large customers default.

Portfolio Losses

VWL has extracted data on the historical performance of the entire German auto lease portfolio. The tables below show historical data on cumulative net losses, for the period from Q1 2019 to Q3 2025 from contracts originated since Q1 2019, and dynamic net losses, for the period from Q1 2011 to Q3 2025 from contracts originated since Q1 2011. Such data was extracted from VW's internal data warehouse which is sourced from its contract management and accounting systems.

The net losses data displayed below are in static format and show the cumulative net losses realised after the specified number of months since origination, for each portfolio of leases originated in a particular month, expressed as a percentage of the original lease balance of that portfolio. Net losses are calculated by deducting the vehicle sales proceeds as well as any other recoveries from the outstanding balances of the respective leases up to the Write-Off of the lease (net losses are shown in the month where the Write-Off of the Lease Contract has been carried out by the Seller). The exposures to which such data relates are substantially similar to those being securitised as they have been originated in accordance with consistent origination procedures, on the basis of similar contractual terms and exposures securitised are selected based on strict eligibility criteria and thus generally perform better than VW's managed portfolio as a whole.

Cumulative Monthly Net Losses

Weighted Average Lives of the Notes / Assumed Amortisation of the Purchased Lease Receivables and Notes

Weighted Average Lives of the Notes

Weighted average lives of the Notes refers to the average amount of time that will elapse (on a Act/360 basis) from the date of issuance of a security to the date of distribution of amounts to the investor distributed in reduction of principal of such security (assuming no losses). The weighted average life of the Notes will be influenced by, amongst other things, the rate at which the Purchased Lease Receivables are paid, which may be in the form of scheduled amortisation, prepayments or liquidations.

The approximate average lives of the Notes, at various assumed rates of prepayment of the Purchased Lease Receivables, would be as follows:

CPR	Class A notes			Class B notes		
	Weighted Average Life (in years)	First Principal Payment in month	Expected Maturity	Weighted Average Life (in years)	First Principal Payment in month	Expected Maturity
0%	1.28	Jul 2026	Jan 2029	2.20	Jan 2028	Jan 2029
3%	1.25	Jul 2026	Jan 2029	2.17	Jan 2028	Jan 2029
5%	1.22	Jul 2026	Dec 2028	2.12	Dec 2027	Dec 2028
10%	1.16	Jul 2026	Nov 2028	2.04	Nov 2027	Nov 2028
3%	1.25	Jul 2026	Jan 2029	2.17	Jan 2028	Jan 2029

The exact average lives of the Notes cannot be predicted as the actual rate at which the Purchased Lease Receivables will be repaid and a number of other relevant factors are unknown.

The average lives of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The amortisation of the Purchased Lease Receivables is subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The exact average lives of the Class A Notes and the Class B Notes cannot be predicted as the actual rate at which the Purchased Lease Receivables will be repaid and a number of other relevant factors are unknown.

The average lives of the Class A Notes and the Class B Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic or that other factors would not impact on them and they must therefore be viewed with considerable caution.

Assumed Amortisation of the Notes

This amortisation scenario is based on the assumptions listed below.

The table assumes, among other things, that the Issuer holds a pool of Purchased Lease Receivables with the following characteristics:

- (a) the Portfolio is subject to a constant rate of prepayment of 3 per cent. *per annum*;
- (b) no Purchased Lease Receivables are repurchased by the Seller;
- (c) the Notes are issued on the Issue Date of 25 June 2026;
- (d) the Payment Date is assumed to be the 21st day of each calendar month;
- (e) the Clean-Up Call is exercised;
- (f) the Purchased Lease Receivables are fully performing;
- (g) the original outstanding balance of each class of Notes is equal to the nominal amount set forth on the front cover of this Prospectus;
- (h) the Discount Rate according to linear method is to be 5.7016 per cent. *per annum* and the Monthly Payments are discounted back to the Cut Off Date;
- (i) third party expenses and servicing fees together are assumed to be 1.03 per cent. *per annum*;
- (j) the fixed rates under the Swap Agreement are 3.0770 per cent. *per annum* for the Class A Notes and 3.4864 per cent. *per annum* for the Class B Notes; and
- (k) a Buffer Release Rate of 1.5579 per cent. *per annum*.
- (l) 1m Euribor Rate of 2.0090 per cent. *per annum*.

The amortisation of Class A and Class B Notes is subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic or that other factors would not impact on them and they must therefore be viewed with considerable caution.

Additional Rights

Settlement and Reduction

In order to reimburse the Issuer, VWL shall pay a Settlement Amount for any Purchased Lease Receivables in respect of which the respective Lessee legitimately terminates or invalidates the lease or asserts a right to refuse performance or to perform by setoff.

In case of a reduction of the Purchased Lease Receivables due to any amendments to a Lease Contract the Settlement Amount shall be equal to the difference of the present value of the Lease Receivables agreed upon at the inception of the Lease Contract and the present value of the future outstanding Purchased Lease Receivables becoming due according to such amendment, discounted with the Discount Rate.

In the event that extensions, deferrals, amendments, modifications or adjustments on a Lease Contract, taking into account all instalments affected by such amendment, cause a difference in the Discounted Receivables Balance before and after such extensions, deferrals, amendments, modifications or adjustments, the Receivables Purchase Agreement provides that VWL and the Issuer shall compensate each other for such difference by means of an Compensation Payment. In such an event, VWL shall calculate the Compensation Payment to be paid by VWL or, as the case may be, the Issuer for the difference of the Discounted Receivables Balance and shall inform the Issuer about the Compensation Payment for a Monthly Period not later than on the Servicer Report Performance Date following such Monthly Period. The

Compensation Payment to be rendered for a Monthly Period increases or, as the case may be, decreases the Available Distribution Amount for such Monthly Period.

The Settlement Amount to be paid in the case of a Clean-Up Call (the "**Clean-Up Call Settlement Amount**") which could be exercised on any Payment Date when the Aggregate Discounted Receivables Balance is less than 10 per cent. of the Aggregate Cut-Off Date Discounted Receivables Balance, *provided that* all payment obligations under the Notes will be thereby fulfilled, means the lesser of (i) an amount equal to the outstanding Discounted Receivables Balance which would have become due if the Clean-Up Call had not occurred, calculated as at the last calendar day of the month in which the repurchase is to become effective and (ii) an amount equal to the theoretical present value of each Purchased Lease Receivables remaining to be paid in the future, calculated using a discount rate equal to (i) the weighted average (calculated based on the outstanding principal amount of Notes and the outstanding principal amount of the Subordinated Loan as of the end of the Monthly Period) of the Class A Swap Fixed Rate, the Class B Swap Fixed Rate and an estimate of the hypothetical swap fixed rate (being higher than the fixed rates under the Swap Agreement) theoretically needed to swap the floating rate interest payments under the Subordinated Loan, plus (ii) the Servicer Fee at a rate of 1 per cent. *per annum*, and plus (iii) 0.03 per cent. for administrative costs and fees. It shall be calculated as at the last calendar day of the month in which the repurchase is to become effective.

Enforcement and Sale of Leased Vehicles

The Relevant Expectancy Rights Trustee has been appointed to exclusively hold, *inter alia*, the expectancy rights purchased by any Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Trustee herewith authorises any Relevant Expectancy Rights Purchaser, or the Security Trustee, as the case may be, to sell or enforce or to have sold or enforced, to administer and to do such other acts as are necessary in connection with the holding, administration and realisation of such expectancy rights assigned to the Relevant Expectancy Rights Trustee. In case expectancy rights relating to Purchased Lease Receivables have been transferred to a Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL shall procure that such Relevant Expectancy Rights Purchaser authorises the Security Trustee to sell or enforce or to have sold or enforced, to administer and to do such other acts as are necessary in connection with the holding, administration and realisation of such expectancy rights.

The Leased Vehicles the ownership of which has been transferred for security purposes (*Sicherungseigentum*) to the Security Trustee shall, following expiry or termination of the underlying Lease Contract, be sold by the Relevant Expectancy Rights Purchaser or enforced by the Security Trustee or the Relevant Expectancy Rights Purchaser, as the case may be, or by agents of the Security Trustee (including VWL) and in case of the expectancy rights with consent of the Relevant Expectancy Rights Trustee holding such expectancy rights or any other Relevant Expectancy Rights Purchaser, as applicable, as follows:

- (a) To the extent no Foreclosure Event and no Servicer Insolvency Event have occurred but upon the occurrence of a prematurely ending of the Lease Contracts prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*), the Relevant Expectancy Rights Purchaser will (i) in case of VCL Master Residual Value C2 or VCL Master Residual Value C3 being the Relevant Expectancy Rights Purchaser, sell the relevant Leased Vehicles to VWL and the Relevant Expectancy Rights Trustee and the Security Trustee will consent to such sale, or (ii) in case of any Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL will pay an amount equal to the Vehicle Sale Amount to Issuer and the Relevant Expectancy Rights Purchaser. The Vehicle Sale Amounts resulting from either such sale to VWL or payment by VWL will be allocated to the Issuer in accordance with clause 18.2(d) of the Trust Agreement.
- (b) To the extent no Servicer Insolvency Event has occurred but upon the occurrence of a Foreclosure Event, (i) in case of VCL Master Residual Value C2 or VCL Master Residual Value C3 being the Relevant Expectancy Rights Purchaser, the Security Trustee will sell the Leased Vehicles to VWL and the Relevant Expectancy Rights Trustee will consent to such sale, or (ii) in case of any Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL will pay an amount equal to the Vehicle Sale Amount to Issuer and the Relevant Expectancy Rights Purchaser. The Vehicle Sale Amounts resulting from either such sale to VWL or payment by VWL will be allocated to the Issuer in accordance with clause 18.2(d) of the Trust Agreement.

- (c) Following the occurrence of a Servicer Insolvency Event, the Security Trustee and the Relevant Expectancy Rights Trustee shall be free to sell or have sold the Leased Vehicles to any third party. Proceeds resulting from such sale shall be allocated to the Issuer by the Security Trustee or the Relevant Expectancy Rights Trustee, as the case may be, in accordance with clause 18.2(d) of the Trust Agreement.
- (d) A fraction of the Vehicle Sale Amount or proceeds from the sale of a Leased Vehicle according to clauses (a), (b) or (c) (each a "**Distributable Amount**") shall be allocated to the Issuer as follows:
- (i) if the Lease Contract relating to such Leased Vehicle has prematurely ended prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*) for any reason other than termination (*Kündigung*) by VWL, insolvency or death of the Lessee, the Issuer's portion of the Distributable Amount shall be an amount equal to the present value of the remaining Purchased Lease Receivables under such Lease Contract; or
 - (ii) if the Lease Contract has prematurely ended prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*) for any reason other than specified in (i) above, the Issuer's portion of the Distributable Amount shall be an amount equal to such Distributable Amount multiplied by a fraction expressed as a percentage :
 - (1) the numerator of which is the present value of the remaining Purchased Lease Receivables under such Lease Contract and the denominator of which is the sum of the present value of the Leased Vehicle's residual value determined as of the originally scheduled contractual end date of the Lease Contract as assessed by a vehicle expert (*Kraftfahrzeugsachverständiger*) and the present value of the remaining Purchased Lease Receivables under such Lease Contract; or
 - (2) to the extent the present value of the Leased Vehicle's residual value has not been assessed by a vehicle expert (*Kraftfahrzeugsachverständiger*), the numerator is the present value of the remaining Purchased Lease Receivables under such Lease Contract and the denominator is the sum of the present value of the contractually agreed Leased Vehicle's residual value as specified in the respective Lease Contract and the present value of the remaining Purchased Lease Receivables under such Lease Contract.

In case of excess payments over the respective Distributable Amount, such excess payments will, provided that all amounts due to the Issuer under the Receivables Purchase Agreement in the context of the Purchased Lease Receivables and all amounts due to the Relevant Expectancy Rights Purchaser with respect to the purchased expectancy rights representing the residual values of the Leased Vehicles related to such Purchased Lease Receivables have been paid, be paid to VWL.

- (e) If the Lessee makes a combined payment on the lease receivables for all lease contracts that it has with VWL and does not instruct which payment needs to be allocated to which Lease Contract, then the allocation between the Purchased Lease Receivables and the other lease receivables still held by VWL or third parties shall be made by VWL after consulting the Lessee. The Lessee will then instruct VWL how to allocate this combined payment. In case this combined payment covers the total amount of all his respective monthly instalments, VWL will allocate the payment to each contract of the Lessee in accordance with the specific payment schedules for such lease contracts.

Payments in respect of the Distributable Amounts and collections on Purchased Lease Receivables which can be collected after a Write-Off shall be allocated to VWL.

Security

The Issuer has also acquired as security for the Purchased Lease Receivables and as security for all of the Issuer's current and future claims against VWL arising from the Receivables Purchase Agreement, and the Servicing Agreement, including all future damage claims pursuant to section 280 (1) in connection with section 280 (3) (*Schadensersatz statt der Leistung*) of the German Civil Code and including all claims arising out of a withdrawal from the Receivables Purchase Agreement, security title (*Sicherungsseigentum*) to the Leased

Vehicles and, notwithstanding the transfer of auxiliary or preferential rights pursuant to section 401 German Civil Code, when the assignment is effectuated pursuant to clause 3.1 (*Assignment of Purchased Lease Receivables and Closing Date*) of the Receivables Purchase Agreement, the following receivables and rights:

- (a) Unilateral right to alter legal relationships (*Gestaltungsrechte*), especially the right of termination. Until revoked, these rights will be exercised by VWL for the Issuer's benefit. VWL may exercise such rights in conformity with VWL's customary practices in effect from time to time. In no event will any Early Settlement or other payment be required by VWL unless there is an alteration or reduction of Lease Contracts by VWL which results in a reduction of the Discounted Receivables Balance of the Lease Receivables under the Lease Contract.
- (b) Damage claims arising from a breach of contract or in tort against the respective Lessee, in particular claims to lump-sum damages in case of default of the Lessee as well as any interest due and claims against third parties due to damage to or loss of the Leased Vehicles.
- (c) The claims arising from the insurance certificate or without an insurance certificate against the respective vehicle insurer for payment of the insurance benefit. The Issuer is entitled to notify the respective insurer of the assignment on behalf of VWL. Although each Lease Contract contains provisions which require the Lessee to obtain insurance with respect to the Leased Vehicle, VWL will have no requirement to monitor the compliance by the Lessees with these provisions and VWL will have no liability for any failure by a Lessee to comply with these provisions.

To the extent that a third party has accepted to purchase the respective Leased Vehicle upon the expiration of a Lease Contract, VWL assigns to the Issuer any claims arising from such acceptance as security for all current claims of the Issuer under the Receivables Purchase Agreement. The Issuer accepts such assignment. VWL is entitled, also after this assignment, within the scope of its usual business policy at the time the Receivables Purchase Agreement is entered into, to waive such claims. The Issuer must be notified of any waiver without undue delay.

Each right, claim or title assigned to the Issuer as security is to be reassigned to VWL when the right or claim to be secured no longer exists.

Amendments to the Receivables Purchase Agreement

VWL will be entitled to unilaterally amend any term or provision of the Receivables Purchase Agreement with the consent of the Issuer but without the consent of any Noteholder, the Swap Counterparty, the Subordinated Lender or any other Person; *provided that* such amendment shall only become valid,

- (a) in case of amendments which do not materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified to the Security Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and it has been demonstrated to the reasonable satisfaction of the Security Trustee that such amendment is not materially prejudicial to the interests of the Noteholders and/or any other Transaction Creditor;
- (b) in case that the Issuer is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards adopted under the Securitisation Regulation; and
- (c) in case of amendments which materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified to the Security Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and the Issuer has received the written consent to such amendment from the Security Trustee and the Transaction Creditors that are materially and adversely affected.

All amendments to the Receivables Purchase Agreement shall be notified to the Rating Agencies.

The Security Trustee shall have the right to request a reputable international law firm to confirm the legal validity of such amendment and/or to describe the legal effects of such amendment and to incur reasonable expenses for such consultation which shall be reimbursed by VWL.

BUSINESS AND ORGANISATION OF VOLKSWAGEN LEASING GMBH

Auto Lease Business in Germany

In the first half of 2025, the global gross domestic product (GDP) grew with a similar rate compared to the previous quarters. Regional growth in advanced economies was lower and in the emerging markets higher compared to the same period one year ago.

In the first two quarters of 2025, real GDP in Germany stagnated on average compared to the same period in the previous year. The seasonally adjusted unemployment rate increased to 6.3 per cent in June (June 2024: 5.9 per cent), while consumer prices decreased to 2.0 per cent (June 2024: 2.2 per cent).

From January to June 2025, 1.4 million new passenger cars (January to June 2024: 1.5 million; -4.7 per cent) were registered in Germany. Total passenger car production reached 2.2 million passenger cars in the period from January to June 2025 which was 4.1 per cent higher compared to the same period last year (January to June 2024: 2.1 million). Exports by German manufacturers increased by 3.3 per cent to 1.7 million vehicles (January to June 2024: 1.6 million). With new passenger car registrations declining by -1.7 per cent the Volkswagen Group's share in the German passenger car market increased to 42.4 per cent (January to June 2024: 41.1 per cent).

Incorporation, Registered Office and Purpose

Volkswagen Leasing GmbH ("VWL"), with its office at Gifhorner Straße 57, 38112 Braunschweig, Germany, is Seller of the Lease Receivables and Servicer under the Servicing Agreement.

VWL was established in 1966. Its registered share capital of EUR 76,004,000.00 is held by Volkswagen Bank GmbH, which in turn is a wholly-owned subsidiary of Volkswagen AG, Wolfsburg.

VWL is responsible for the leasing business of the Volkswagen Group in Germany.

VWL is a financial services institution (*Finanzdienstleistungsinstitut*) according to section 1 (1a) German Banking Act. As such, the originator is supervised by BaFin as competent supervisory authority. As a precaution VWL performs the „Assessment of the borrower's creditworthiness" with respect to lease contracts with consumers in accordance with paragraphs 1 to 4, point (a) of paragraph 5 and paragraph 6 of Article 18 of Directive 2014/17/EU as reflected in section 505 a and section 505 b German Civil Code (BGB).

VWL has five branches in Braunschweig (AUDI Leasing, Seat Leasing, Skoda Leasing, Ducati Leasing and AutoEuropa Leasing) and three branches in Italy (Milan, Verona and Bolzano).

The objectives of VWL are, inter alia, to lease motor vehicles, especially vehicles from the following brands: Volkswagen, Audi, SEAT, Skoda, Ducati and Volkswagen Nutzfahrzeuge and other movable assets as a modern and cost effective alternative to the purchase of vehicles and for the financing of investments, the latter in particular for the business partners of the Volkswagen Group.

VWL offers:

- (i) leasing of new Volkswagen, Audi, SEAT, Skoda, Ducati and Volkswagen Nutzfahrzeuge vehicles;
- (ii) service-leasing to commercial and non-commercial customers;
- (iii) leasing of used vehicles of all makes.

The business purposes of VWL vis-à-vis customers and dealers are largely determined by its membership in the Volkswagen Group. VWL co-operates closely with the approximately 3,708 dealerships of the Volkswagen Group. A dealer can thus offer the customer complete, competent, personal service, at one stop and from a single source, including the financing.

The co-operation between the manufacturer or importer and the dealer-partner respectively is established by a dealer agreement. Under this agreement the dealer-partner is given the responsibility for marketing the products and services of the Volkswagen Group and to service the trade-marked products of the Volkswagen Group.

The dealer-partners procure leasing business for VWL against commissions. VWL buys the vehicles from the dealer, finances and administers the vehicles and assumes the credit risk.

Each dealer-partner is trained in leasing business. The dealer-partner is the local contact person and available to the Lessee during the whole life of the leasing contract.

Origination, Servicing and Securitisation Expertise

As already set out under the section "Incorporation, Registered Office and Purpose" one of the main purposes of VWL for the last five decades has been the origination, underwriting and servicing of lease receivables of a similar nature to those securitised under this Transaction. The members of its management body and the senior staff of VWL have adequate knowledge and skills in originating, underwriting and servicing lease receivables, similar to the lease receivables included in the Portfolio, gained through years of practice and continuing education. The members of the management body and VWL senior staff have been appropriately involved within the governance structure of the functions of originating, underwriting and servicing of the Portfolio. Additionally, VWL has been securitising lease receivables actively since 1996 through private as well as public securitisation transactions, similar to this Transaction. The members of its management body and the senior staff responsible for the securitisation transactions of VWL have also professional experience in the securitisation of lease receivables of many years, gained through years of practice and continuing education. Other subsidiaries of Volkswagen AG have also been securitising lease receivables and loan receivables all across Europe, Australia, Brazil, Canada, Japan, China, Turkey and USA.

BUSINESS PROCEDURES OF VOLKSWAGEN LEASING GMBH

Under the Servicing Agreement, the Purchased Lease Receivables are to be administered together with all other lease receivables of VWL and the Leased Vehicles are to be realised according to VWL's customary practices in effect from time to time. The Lessees will not be notified of the fact that the receivables from their Lease Contracts have been assigned to the Issuer, except under special circumstances.

The normal business procedures of VWL currently include the following:

Negotiation of the Lease Contract and Appraisal of the Creditworthiness of the Prospective Lessee

The customer writes and signs an application for the use of a specific vehicle against a specified monthly payment. By signing the application the customer signifies its acceptance of the leasing conditions.

Before it accepts an application, VWL checks the creditworthiness of the customer. For this purpose all the information from e.g. credit agencies, financial statements and other sources (for instance from dealers) are brought together for scoring and rating purposes and are documented in a credit report about the prospective Lessee. In case VWL already has an existing relationship with the customer, his/her payment behaviour will also be part of the credit assessment. Applications of all 'non risk relevant customers' (customers with an aggregate credit engagement of less or equal €1,400,000) are scored by a numeric system of 16 risk classes, going from 01 as the best up to 15 and a separate class "D" for defaulted customers. VWL's application process is made predominately electronically and based on machine-decisions. However, for customers who are classified as 'corporate customers', i.e. customers who have entered into a master framework agreement with Volkswagen AG, the leasing application will be evaluated individually by at least two credit officers ('four eyes principle'), if scoring is 12 or worse. Customers with an aggregate credit engagement of more than €1,400,000 are classified as 'risk relevant business' and any related credit decision is based not only on the four eyes principle but additionally on a segregation of functions between front and back office. The appropriate internal limit is then set, based on the value of the vehicle and the number of contracts to be signed by the respective Lessee. If, in the case of existing contractual relationships, additional vehicles are to be leased, a check is made whether additional vehicles can be leased to the customer under the existing limits and on the basis of the information at hand, or a new decision has to be taken by using up-to-date information.

Sometimes up-to-date information must be gathered so that a new credit appraisal may be made. The creditworthiness of corporate customers that are classified as 'risk relevant business' is checked at least on a 12-months interval. The customers are asked to provide their financial statements in due time to meet the mentioned interval. Additionally, immediate access to the data base of credit agencies makes it possible to obtain information quickly. For leasing applications in the retail business, which are not automatically approved by credit scoring but instead need to be modified (e.g. prepayment, contractual security, additional documents need to be brought in etc.), there still might be decisions by qualified credit officers. Depending on the internal limit, one or more employees of the credit department jointly decide to accept or reject leasing applications. Each employee is personally assigned a maximum amount up to which she/he can decide regarding the regulations and guidelines given by VWL. A decision outside the specifications will be made by special trained employees of the VWL. The employees are qualified persons (generally with several years' training in banks or in industry or with degrees in business administration or similar business experience, etc.) and with several years' experience in the leasing business. Applications by private individuals may be automatically approved or rejected in the first instance if the information on the application demonstrates that the applicant meets or does not meet VWL's criteria for an automatic approval or rejection. Applications which are rejected at first instance have to be decided by employees of VWL.

Debts Management

The first payment is due once the vehicle is handed over to the Lessee; all subsequent payments are typically due at the first of the corresponding month. The number of payments corresponds to the leasing period in months.

The leasing application includes a clause authorising VWL to debit the payments as they become due, directly on the bank account of the Lessee. Approximately 96 per cent of the Lessees made use of the direct debit system offered by VWL. This ensures that VWL receives instalments due promptly. Customers who do not authorise direct debiting give standing payment orders to their banks or write individual bank remittances. The monthly instalments are generally billed four working days before the end of the month. VWL transmits the required information to its banks, which in turn communicate with the Lessees banks. VWL receives the instalments paid by direct debit between the 5th and 8th working day of the current month.

The debt management process is supported by scorecards.

The advantages of the use of the scorecard process include, *inter alia*:

- Valuation of expected revenues;
- Multi dimensional processing;
- Risk based processing by fixed instructions;
- Increase of revenues; and
- Cost reduction by avoiding court activities.

Receivables from the premature termination of contracts are generally billed weekly. In case the direct debiting orders of VWL are not honoured or are rescinded, the banks immediately debit the respective accounts of VWL accordingly. The overdue payments for any given month are therefore typically known by the 10th to 12th day of the month and reminder notices can be sent out immediately. Around 1 per cent of the direct debit payments are not honoured.

If the Lessee does not pay then, a second reminder letter is generally sent after another two weeks. The reminder (after about one and a half months), the threat of a summary court order and the threat of termination of the contract. In addition, the dealer who intermediated the contract is brought into the proceeding and is requested to investigate the situation and to help with the collection of the debts. In addition, the debts management department of VWL may write an individual letter to the customer or get in touch with the customer or with the dealer by telephone or telefax.

The debt managers of VWL are authorised to grant justifiable payment extensions. The number of such agreements has been negligible. The debt managers of VWL are also authorised to grant different kind of payment holidays up to a period of six months, depending on the creditworthiness of the customer. Payment holidays for a longer period than six months need to be individually approved. When a commercial Lessee has failed to pay two instalments and the reminder process has been completed without having received the respective payments from the customer, the contract will be terminated. In the case of a payment default of a private individual Lessee and after having sent out the respective reminders, the Lease Contract will be terminated by VWL as long as the legal requirements and preconditions are fulfilled (see below "Termination of Lease Contracts"). An application for a court order will normally only be made in order to enforce the debts after the settling of the Lease Contract (see below "Enforcement").

Any restructuring measures (e.g. contract term extension or contract term reduction, recalculation of lease instalments etc.), however, will only be granted to the Lessee by the contract management department, if and to the extent, that all charged lease instalments have been paid and the Lessee's account is not overdue.

Termination of Lease Contracts

A leasing contract in distance selling (*Fernabsatz*) can be revoked by the lessee in writing (letter, fax, e-mail) within 14 days after conclusion of the contract without giving reasons. To comply with the cancellation period, it is necessary to send the document within this period.

Each party to a Lease Contract can terminate the contract without giving prior notice, if it has a material reason to do so, in particular, but not limited to:

- (A) when the other party is unable to pay or engaged in debt composition proceedings; when its cheques are not covered or its bills of exchange not honoured;
- (B) if the other party has made untrue statements in connection with the Lease Contract or has failed to state relevant facts and the lessor cannot, therefore, be reasonably expected to continue to honour the contract;
- (C) if the other party does not stop committing serious breaches of the contract in spite of written requests to this effect or if it fails to provide immediate remedy of any effects of such breaches of contract; or
- (D) if the vehicle has been destroyed or the cost of repairing the damage exceeds 60 per cent of the replacement cost of the vehicle to the end of a contract month.
- (E) Depending on the applicable leasing conditions for the respective contract:

- (a) VWL can terminate Lease Contracts without prior notice when two leasing instalments are overdue
- (b) VWL can terminate Lease Contracts without prior notice, especially in the following cases:
 - (i) when two leasing instalments are overdue by commercial Lessees; or
 - (ii) when two instalments or more representing in the aggregate at least 10 per cent of the total value of the Lease Contract (5 per cent when the term of the Lease Contract exceeds three years) are overdue by private individual Lessees and the lessor has set a final two-week deadline for payment which the Lessee does not honour.

All Lease Contracts have a fixed, agreed upon life (Closed End Lease Contracts). Upon request of the Lessee, the parties can agree to prematurely terminate the Contracts in writing (a) not earlier than six months from the date of the beginning of the contract or (b) if the vehicle has been destroyed or if the cost of repairing the damage sustained in an accident exceeds 60 per cent of the replacement cost of the vehicle. In such cases, the Lessee can then present the vehicle, state the number of kilometers driven and ask the lessor under what financial conditions it would be willing to terminate the Lease Contract.

In case of termination of contract for cause, the Lessee is requested to return the vehicle to the dealer who intermediated the lease. If the Lessee does not voluntarily return the vehicle and all respective appropriate means of VWL or the dealer is without success, external service providers are mandated to secure the vehicles. The leading companies in this area operate with a high level of reliability and trust with a view to protection of VWL's interests. About 99 per cent of the mandates are completed successfully securing the vehicle. In the event that repossession is unsuccessful a criminal complaint will be filed. As a result, the vehicles are taken up by the police and customs for the international search.

If VWL terminates a contract for cause, it can require the Lessee to reimburse it for the damages which it has sustained through the premature termination of the contract. VWL is entitled for full reimbursement of its losses.

For those contracts, which have been terminated by VWL, where the respective underlying vehicle has been sold, the way of calculating the remainder of debt for Closed End Lease Contract is based on a fixed residual value which is guaranteed by the dealers for approximately 95 per cent of all Closed End Lease Contracts (for the other 5 per cent, VWL bears the risk). In case of under mileage, the dealers will be charged. If mileage is exceeded, the dealer will receive an adjustment payment. Under these agreements, the partner-dealer buys the vehicle from VWL at a previously agreed upon price. Under this type of contract the risk of realisation is borne entirely by the dealer-partner.

The remainder for Open End Lease Contracts is based on the difference between the actual realised price for the sold car and the originally calculated residual value of the car. The calculation takes into account the monthly instalments which would have to be paid by the Lessees in case of a contractually agreed end of the contract and additional costs, e.g. running costs or collection costs.

In relation to "Closed End Lease Contracts" the final invoice with the remainder of a debt for the customer has to be calculated based on a binding rule of the BGH (Highest German Federal Supreme Court, WM 2005, 996) from 2004. Here the remainder of a debt is calculated on the difference between the current market value of the car at the time of the car sale and a forecasted car value for the agreed expiration of the contract. The calculation takes into account the monthly instalments which would have to be paid by the Lessees in case of a contractually agreed end of the contract and additional costs, e.g. running costs or collection costs.

The determination of both (i) the actual market value of the car at the time of the sale and (ii) the forecast of the value of the car at the time of the agreed expiration of the contract is being made by an external authorised adjuster.

If a vehicle was totally destroyed or lost or if the estimate cost of repairing the damage is equal to or exceeds 60 per cent of the replacement cost of the vehicle, and the contracting parties do not come to an understanding on a termination agreement and, as a result, one of the contracting parties terminates the contract, VWL may claim the full amortisation. The Lessee shall receive 75 per cent of a surplus, if any, remaining after the final settling of the contract. If a full coverage insurance was taken out through Volkswagen-Versicherungsdienst GmbH (VVD), a full amortisation claim is limited to the amount of the deductible plus the cost of the delivery drive which is taken into account in the calculation of the lease instalment, provided that the vehicle was stolen or if the estimated cost of repairing the damage is equal to

the replacement cost. However, the full amortisation claim will not be limited if the insurer refused to provide insurance coverage to the Lessee. The foregoing provisions shall apply mutatis mutandis to a compensation payment stipulated under a termination agreement. If the Lease Contract provides for any further services apart from the motor vehicle insurance against loss and damage, the above limitation shall also apply to a pro-rata calculation and claims for reimbursement of cost with respect to such other services.

The aforementioned provision does not apply if the lessee has opted for the lessor's KaskoSchutz service. This service provides liability exemption and serves as a substitute for full coverage insurance. Given the lessor's right to full amortisation, the lessee is absolved from liability up to the amount of the lessor's remainder debt from the leasing contract, minus any remaining residual value of the vehicle in the event of total loss, destruction, or loss of the vehicle (gap coverage). In this scenario, the lessor's claim is limited to the amount of any deductible plus any transfer costs included in the leasing payments that have not yet been paid off.

In the event of a termination all debits and credits except for final settling of accounts by Volkswagen Leasing GmbH upon a termination shall be subject to VAT which is in force at such time.

Enforcement

Repossessed leased vehicles are sold to dealers, or through the Vehicle Trading International (VTI) GmbH. The selling process is supported by a used vehicles information system (on a SAP basis platform) which was developed for the specific purpose of selling used motor vehicles. Each sale of a Leased Vehicle will always be made to the highest bidder.

As a rule, an application for a court order is made in order to enforce the debts after the settling of the Lease Contract. The payment order process is instituted by the Uelzen Lower Court as part of automated summary proceedings. The collection and the seizure of Leased Vehicles is handled through the collection information system, an application which was specifically developed for such purpose. This procedure offers the advantage that the entire process of debts management, collection and used vehicles sales is represented in a homogenous systems environment resulting in shorter handling times and increased productivity.

In court proceedings and out of such proceedings, VWL agrees to accept a settlement (*Vergleich*) if and to the extent, it appears to be economically viable or if a complete collection appears to be unlikely due to the financial condition of the Lessee. However, available collateral, such as directly enforceable guarantees, bank guarantees or deposits, will first be utilised.

Write-Off

VWL will write-off any debts owed to it by a Lessee if one of the following criteria is met and to the extent, that available collateral such as directly enforceable guarantees, bank guarantees or deposits has been utilised:

- Unsuccessful enforcement measures (*erfolglose Zwangsvollstreckung*);
- Unsuccessful attachment order and transfer of garnished claim (*erfolgloser Pfändungs- und Überweisungsbeschluss*);
- Insolvency of the Lessee;
- Unsuccessful repossession;
- Lessee is in jail;
- Lessee's address unknown;
- Lessee has left the European Union as a result of which no further payments can be expected;
- Lessee with (legal) care (*Betreuungsmaßnahmen*);
- Scoring red: No court orders (expected court order costs will exceed the expected collections);
- Proven inability to pay (*Zahlungsunfähigkeit*);
- Lessee's death without heir apparent;
- Settlement through or out of court orders (*Gerichtlicher/Außergerichtlicher Vergleich*);

- Lost court proceedings; and
- A claim becomes unenforceable.

Internal Audit

Volkswagen Leasing GmbH uses a system for measuring, monitoring and controlling its risk positions, which is documented and refined on an ongoing basis by means of guidelines. The suitability of individual system elements is reviewed regularly in a risk-oriented manner by the Internal Audit Department and by external auditors as part of their audit of the annual financial statements. On behalf of the Board of Management of Volkswagen Leasing GmbH Internal Audit independently and in a risk-oriented manner reviews the operational and business procedures of Volkswagen Leasing GmbH and its domestic and foreign branches for which contractual auditing rights are in place.

The operational executions of the audits are covered by the internal audit function of a Group company (Corporate Internal Audit). Audits at the foreign branch of Volkswagen Leasing GmbH are further outsourced to a Group company's audit function in Italy. This activity is based on an annual audit plan, which is drawn up on the basis of the legal requirements in a risk-oriented manner. Internal Audit informs the Board of Management of Volkswagen Leasing GmbH of the result of the audits carried out by submitting audit reports as well as a quarterly and annual summary report. The timely implementation of the measures and recommendations agreed in the audit reports is monitored by Internal Audit and, if necessary follow up audits are conducted.

ADMINISTRATION OF THE PURCHASED LEASE RECEIVABLES UNDER THE SERVICING AGREEMENT

VWL has agreed to act as Servicer under the Servicing Agreement. In this capacity it has agreed to perform the following tasks according to its usual business practices as they exist from time to time:

- collect the Lease Receivables.
- administer the contracts underlying the Lease Receivables and in particular to terminate a Lease Contract.
- VWL may allow Lessees to defer payments within the scope of VWL's general business policies as they exist from time to time.
- take actions and remedies against delinquent and defaulted Lessees, exercise debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies against a Lessee.
- VWL shall for the first time advance the Monthly Collateral in respect of the month in which the Monthly Collateral Start Date falls to the Distribution Account; and for any subsequent month in which the Monthly Remittance Condition continues to not be satisfied, VWL shall advance the Monthly Collateral to the Distribution Account on the relevant Monthly Collateral Payment Date falling in such month.
- repossess the respective vehicle on behalf of the Relevant Expectancy Rights Purchaser upon termination of a Lease Contract and to realise such vehicles.
- assert vis-à-vis the respective insurance companies, the claims to payment of other benefits under the vehicle insurance policies assigned to the Issuer pursuant to the Purchase Agreement.

Administration of Collections, Costs of Administration and Replacing of the Servicer

Subject to the terms of the Servicing Agreement, if:

- (a) for the first time the Monthly Remittance Condition is not satisfied, VWL shall for the first time advance the Monthly Collateral in respect of the month in which the Monthly Collateral Start Date falls to the Distribution Account; and
- (b) for any subsequent month in which the Monthly Remittance Condition continues to not be satisfied, VWL shall advance the Monthly Collateral to the Distribution Account on the relevant Monthly Collateral Payment Date falling in such month.

Irrespective of its obligation to advance the Monthly Collateral VWL will still remain being obliged to transfer Collections to the Distribution Account in accordance with the provisions of the Servicing Agreement. However, at any time when either (a) the Monthly Remittance Condition is satisfied or (b) the Monthly Remittance Condition is not satisfied but VWL as Servicer has complied with its obligation to remit the Monthly Collateral to the Distribution Account, VWL is entitled to hold, use and invest at its own risk the amounts collected under the Purchased Lease Receivables and other amounts collected by it during each Monthly Period without segregating such funds from its other funds, and VWL will be required to make a single transfer of Collections and other amounts collected by it to the Distribution Account on the following Payment Date. Otherwise, Collections and other amounts collected by it will be required to be remitted by it to the Distribution Account on the first Business Day after receipt of such amounts.

Following a breach of the Monthly Remittance Condition, the Monthly Servicer Report will show for each Monthly Period whether the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period exceeds the collections on the Purchased Lease Receivables and other amounts collected by it for such Monthly Period or whether the collections on the Purchased Lease Receivables and other amounts collected by it for the relevant Monthly Period exceed the Monthly Collateral for such Monthly Period.

On any Payment Date VWL's obligation to pay such collections on the Purchased Lease Receivables and other amounts received by VWL for the relevant Monthly Period into the Distribution Account will be netted

with its claim for repayment of the Monthly Collateral for such Monthly Period and such Monthly Collateral (after netting) will form part of the Available Distribution Amount on such Payment Date. If for such Monthly Period the Monthly Servicer Report shows (a) that the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period exceeds the collections on the Purchased Lease Receivables and other amounts received by VWL for such Monthly Period, such excess shall be released to VWL outside the Order of Priority on the relevant Payment Date or (b) that the collections on the Purchased Lease Receivables and other amounts received by VWL for such Monthly Period exceed the Monthly Collateral which has been transferred by VWL for the relevant Monthly Period, an amount equal to such excess shall be paid into the Distribution Account by VWL on the relevant Payment Date.

When the Monthly Remittance Condition is satisfied again, any Monthly Collateral standing to the credit of the Distribution Account shall be released to the Servicer outside the Order of Priority on the next Payment Date following such satisfaction.

Unless this power is repealed, the Servicer is entitled and obliged to utilise the Cash Collateral Account to be opened by the Issuer up to the balance of the General Cash Collateral Amount:

- (i) to the extent, in the amounts and for the purposes described in clause 23 of the Trust Agreement; or
- (ii) for costs as a result of the replacement of a Servicer, to the extent that they cannot be covered by income from the investment of the funds in the Distribution Account and the Cash Collateral Account.

The Servicer will be entitled to receive the Servicer Fee on each Payment Date for the preceding Monthly Period. As additional compensation, the Servicer will be entitled to retain all late fees, fees for cheques with insufficient funds, other administrative fees and a final success fee. The Servicer will pay all expenses incurred by it in connection with its collection activities and will not be entitled to reimbursement of those expenses except for auction, painting, repair or refurbishment expenses and similar expenses with respect to the Leased Vehicles. The Servicer will have no responsibility, however, to pay any credit losses with respect to the Purchased Lease Receivables. VWL is entitled to receive late collections on Purchased Lease Receivables which will be collected by the Servicer in case of a termination of a Lease Contract after the date of the Write-Off.

The Servicer may be replaced in case of a Servicer Replacement Event as outlined below. In that case the costs of replacing it are also to be paid from income from the investment of the funds in the Distribution Account and the Cash Collateral Account. If these proceeds do not cover the said costs, the difference is to be made up from the General Cash Collateral Amount.

To the extent to which VWL receives a full or partial advance payment of a Purchased Lease Receivable, it is to hold such amount until it becomes due.

Reporting Duties of the Servicer

Under the Servicing Agreement, the Servicer has undertaken to report the following facts to the Issuer, the Security Trustee, the VCL RV C2 Expectancy Rights Trustee, the VCL RV C3 Expectancy Rights Trustee, the Account Bank, the Cash Administrator, the Paying Agent, the Calculation Agent, the Swap Counterparty and the Rating Agencies on each Servicer Report Performance Date:

Under the aforementioned agreement, the Servicer will also provide the Rating Agencies with such other information as it may reasonably request.

Additionally, VWL in its capacity as originator as designated reporting entity under Article 7 of the Securitisation Regulation undertakes to the Issuer under the Servicing Agreement that it will make the information available to the Noteholders, to competent authorities, as referred to in Article 29 of the Securitisation Regulation and to potential Noteholders all such information as the Issuer is required to make available pursuant to and in compliance with the Securitisation Regulation Disclosure Requirements. The Servicer will make such information available via the Securitisation Repository.

In the event that the Servicer is not able to comply with its reporting obligations as set out above in respect of a Purchased Lease Receivable, due to reasons which are constituted in the internal procedures of the Servicer (e.g. IT procedures or similar), the Servicer shall be entitled to take remedial actions in accordance with clauses 4.3(a) to 4.3(c) of the Receivables Purchase Agreement.

The Servicer further undertakes to disclose to the Noteholders without undue delay any material change to VWL's customary practices, which either refer to the similarity of the underwriting standards further specified in the Commission Delegated Regulation 2019/1851 or changes which materially affect the overall credit risk or expected average performance of the Portfolio.

In addition, under the Servicing Agreement and subject to applicable Data Protection Rules, Volkswagen Leasing GmbH as Servicer undertakes to the Issuer that it will, for as long as the Class A Notes or (if possible in accordance with the Eurosystem eligibility criteria in force from time to time) any other Class of Notes are intended to be held in a manner which will allow Eurosystem eligibility, make loan-level data in such a manner available as required to comply with the Eurosystem eligibility criteria (as set out in Annex VIII (loan-level data reporting requirements for asset-backed securities) of the Guideline of the European Central Bank of 19 December 2014 on monetary policy instruments and procedures of the Eurosystem (recast) (ECB/2014/60) as amended by Guideline (ECB/2019/11), Guideline (ECB/2020/45) and Guideline (ECB/2026/1)).

To a certain extent some of the above information will be included in the reports of the Issuer; such information will be, among other things, accessible on the website of Volkswagen Financial Services AG ([#">https://www.vwfs.com/en/investor-relations/volkswagen-leasing-gmbh/refinancing.html #](https://www.vwfs.com/en/investor-relations/volkswagen-leasing-gmbh/refinancing.html)).

Under the Servicing Agreement, the Servicer has undertaken to the Issuer that no less than once *per annum* commencing on the date of the Swap Agreement, it shall perform with the Swap Counterparty and on behalf of the Issuer, a reconciliation of all outstanding transactions under the Swap Agreement for the purposes of ensuring agreement as to the key terms of such transactions (including, without limitation, the effective date, position of the swap counterparties, currency of the transaction, the underlying instrument, the business day

convention, notional amounts, payment dates, termination dates, fixed amounts and/ or floating amounts) and the then notional value of each such outstanding transactions under the Swap Agreement.

Distribution Duties of the Servicer

On the 21st day of each month or, if this day is not a Business Day, then the next following Business Day (unless that day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day), is a Payment Date. No later than the Payment Date of each month, the Servicer will have made available to the Issuer in the Distribution Account in the manner stated below under "Distribution Procedure" (see below) the amount due and received from Lessees and other sources during the prior month.

Distribution Procedure

The Servicer has undertaken to transfer by the Payment Date of each month to the Distribution Account maintained by the Issuer with the Account Bank the Collections to be paid to the Noteholders and to be paid to the Swap Counterparty under the Swap Agreement on the Payment Date of that month.

Administration of Insurance Benefits and Realisation of Security

The Servicer is authorised and obliged to assert in accordance with its customary practices as they exist from time to time in relation to the respective insurance companies, the claims to payment or other benefits under the vehicle insurance policies assigned to the Issuer pursuant to the Receivables Purchase Agreement. Although each Lease Contract contains provisions which require the Lessee to obtain insurance with respect to the Leased Vehicle, VWL will have no requirement to monitor the compliance by the Lessees with these provisions and VWL will have no liability for any failure by a Lessee to comply with these provisions.

Upon the termination of a Lease Contract, the Servicer is authorised and obliged in accordance with its customary practices as they exist from time to time to appropriate the respective vehicles on behalf of the Relevant Expectancy Rights Trustee, or upon the occurrence of an event described in the Security Agreement, to realise such vehicles on behalf of the Relevant Expectancy Rights Trustee, by private sale or by another measure chosen by the Servicer, upon due assessment of the circumstances.

Amendments to the Servicing Agreement

VWL will be entitled to unilaterally amend any term or provision of the Servicing Agreement with the consent of the Issuer but without the consent of any Noteholder, the Swap Counterparty, the Subordinated Lender or any other Person; *provided that* such amendment shall only become valid,

- (a) in case of amendments which do not materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified to the Security Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and it has been demonstrated to the reasonable satisfaction of the Security Trustee that such amendment is not materially prejudicial to the interests of the Noteholders and/or any other Transaction Creditor;
- (b) in case that the Issuer is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the Securitisation Regulation including the requirements for simple, transparent and standardised securitisations set out therein and in any regulatory technical standards adopted under the Securitisation Regulation; and
- (c) in case of amendments which materially and adversely affect the interests of the Noteholders and/or any other Transaction Creditor, if it is notified to the Trustee and the Rating Agencies in writing, whereby letter, fax or e-mail shall be sufficient, and the Issuer has received the written consent to such amendment from the Security Trustee and the Transaction Creditors that are materially and adversely affected,

All amendments to the Servicing Agreement shall be notified to the Rating Agencies.

The Security Trustee shall have the right to request a reputable international law firm to confirm the legal validity of such amendment and/or to describe the legal effects of such amendment and to incur reasonable expenses for such consultation which shall be reimbursed by VWL.

Dismissal and Replacement of the Servicer

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer by written notification. The Issuer shall use its best efforts to replace the Servicer and to appoint a new Servicer. The dismissal and the appointment of a new Servicer shall only become effective after the new Servicer has (i) taken over all the rights and obligations of the Servicer hereunder and (ii) agreed to indemnify and hold harmless the dismissed Servicer. However, the Servicer shall use best efforts that the appointment of the new Servicer shall become effective no later than three (3) months after the Servicer Replacement Event.

The Issuer is entitled to transfer its right to dismiss the Servicer to the Security Trustee. The Servicer is obliged with respect to the Issuer, for the benefit of the Security Trustee by way of a third party beneficiary contract pursuant to section 328 of the German Civil Code, to hold the Security Trustee harmless from all procedures, claims, obligations and liabilities as well as all related costs, fees, damages claims and expenditures arising in the execution of the Security Trustee's duties or arising from an alleged fault in carrying out its duties except to the extent that any cost, expense, loss, claim, damage or liability arises out of or is incurred as a result of the negligence of the Security Trustee or the non-compliance by the Security Trustee with the provisions of the Transaction Documents.

Audit of Activities of the Servicer

At the request of the Issuer, the activities of the Servicer under the Servicing Agreement shall be audited by chartered accountants who shall be appointed by the Issuer. The costs of such audit shall be borne by the Servicer. For the avoidance of doubt, the maximum number of audits shall be one (1) per annum.

RATINGS

The Class A Notes are expected to be rated AAA (sf) by DBRS and AAA(sf) by S&P Global.
The Class B Notes are expected to be rated AA(low) (sf) by DBRS and AA(sf) by S&P Global.

The rating of "AAA (sf)" is the highest rating DBRS assigns to long term debts and "AAA(sf)" is the highest rating S&P Global assigns to long term debts. The suffix "sf" denotes an issue that is a structured finance transaction.

The rating of the Class A Notes addresses the ultimate repayment of principal and timely payment of scheduled interest according to the Conditions. The rating of the Class B Notes addresses the ultimate payment of principal and timely payment of scheduled interest according to the Conditions. The rating takes into consideration the characteristics of the Lease Receivables and the structural, legal, tax and Issuer-related aspects associated with the Notes.

The ratings assigned to the Notes should be evaluated independently from similar ratings on other types of securities. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time. In the event that the ratings initially assigned to any Class of the Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Class of Notes.

Meaning of Ratings

Rating	Rating Agency	Meaning
AAA (sf)	DBRS	'AAA' ratings denote the highest credit quality. They are assigned only in cases where the capacity for the payment of financial obligations is exceptionally high and unlikely to be adversely affected by future events.
AAA(sf)	S&P Global	Obligations rated 'AAA' are judged to be of the highest quality, subject to the lowest level of credit risk.
AA(low) (sf)	DBRS	An obligation rated 'AA' has a superior credit quality. The capacity for the payment of financial obligations is considered high. Credit quality differs from AAA only to a small degree. Unlikely to be significantly vulnerable to future events.
AA(sf)	S&P Global	An obligation rated 'AA' differs from the highest-rated obligations only to a small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

The Issuer has not requested a rating of the Notes by any rating agency other than the Rating Agencies; there can be no assurance, however, as to whether any other rating agency will rate the Notes or, if it does, what rating would be assigned by such other rating agency. The rating assigned to the Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

Except as provided below, the Common Terms apply to this Agreement and shall be binding on the parties to this Agreement as if set out in full in this Agreement.

(b) Common Terms

If there is any conflict between the provisions of the Common Terms and the provisions of this Agreement, the provisions of this Agreement shall prevail, subject always to compliance with clause 10 (*Non-petition and limited recourse*) of the Common Terms.

(c) Governing law and jurisdiction

This Agreement and all matters (including non-contractual duties and claims) arising from or connected with it shall be governed by German law in accordance with clause 13 (*Governing law*) of the Common Terms. Clause 14 (*Jurisdiction*) of the Common Terms applies to this Agreement as if set out in full in this Agreement.

Part A.

DUTIES AND POSITION OF THE SECURITY TRUSTEE

2. Duties of the Security Trustee

This Agreement establishes the rights and obligations of the Security Trustee to carry out the tasks assigned to it in this Agreement. Unless otherwise set forth in this Agreement, the Security Trustee is not obligated to supervise the discharge of the payment and other obligations of the Issuer arising from the Funding and the Transaction Documents or to carry out duties which are the responsibility of the management of VCL Multi-Compartment S.A.

3. Position of the Security Trustee in relation to the Transaction Creditors

3.1 The Security Trustee carries out the duties specified in this Agreement as a trustee for the benefit of the Transaction Creditors. The Security Trustee shall exercise its duties hereunder with particular regard to the interests of the Transaction Creditors, giving priority to the interests of each Transaction Creditor in accordance with the Order of Priority, especially to the interests of the Noteholder(s).

3.2 This Agreement grants all Transaction Creditors the right to demand that the Security Trustee performs its duties under clause 2 and all its other duties hereunder in accordance with this Agreement and therefore this Agreement constitutes, in favour of the Transaction Creditors that are not (validly) parties to this Agreement (in particular the Noteholders), a contract for the benefit of a third party pursuant to section 328 (*echter Vertrag zugunsten Dritter*) of the German Civil Code. The rights of the Issuer pursuant to clause 4.3 shall not be affected.

4. Position of the Security Trustee in relation to the Issuer

4.1 With respect to the Security, the Security Trustee is legally a secured party (*Sicherungsnehmer*) in relation to the Issuer. Accordingly, to the extent that the Purchased Lease Receivables and the Lease Collateral will be transferred by the Issuer to the Security Trustee for collateral purposes in accordance with clause 5, in insolvency proceedings on the Security Trustee's estate, such rights would be segregated (*Aussonderungsrecht*) as assets of the Issuer held in trust.

4.2 The Issuer hereby grants the Security Trustee a separate Trustee Claim, entitling the Security Trustee to demand from the Issuer:

- (a) that any present or future obligation of the Issuer in relation to the Noteholders shall be fulfilled;
- (b) that any present or future obligation of the Issuer in relation to a Transaction Creditor of the Transaction Documents shall be fulfilled; and
- (c) (if the Issuer is in default in respect of any Secured Obligation(s) and insolvency proceedings have not been instituted against the estate of the Security Trustee) that any payment owed under the respective Secured Obligation will be made to the Security Trustee for on-payment to the Transaction Creditors and discharge the Issuer's obligation accordingly.

The right of the Issuer to make payments to the respective Transaction Creditor shall remain unaffected. The Trustee Claim in whole or in part may be enforced separately from the relevant Transaction Creditor's claim related thereto. In the case of a payment pursuant to clause 4.2(c), the Issuer shall have a claim against the Security Trustee for on-payment to the respective Transaction Creditors.

4.3 The obligations of the Security Trustee under this Agreement are owed exclusively to the Transaction Creditors, except for the obligations and declarations of the Security Trustee to the Issuer pursuant to clause 4.1, clause 4.2, fourth sentence, clause 10, clause 33 and clause 38.

4.4 The parties acknowledge that the Relevant Expectancy Rights Purchaser has granted a separate claim to the Relevant Expectancy Rights Trustee to demand from the Relevant Expectancy Rights Purchaser that any present and future obligations of such Relevant Expectancy Rights Purchaser in

relation to its creditors shall be fulfilled and that (if the Relevant Expectancy Rights Purchaser is in default with any secured obligation(s) and insolvency proceedings have not been instituted against the estate of the VCL Master Security Trustee) any payment owed under the respective secured obligation will be made to the VCL Master Security Trustee (acting on behalf of the Relevant Expectancy Rights Trustee) for on-payment to the creditors of the Relevant Expectancy Rights Purchaser.

Part B.

GRANTING OF COLLATERAL

5. Assignment for security purposes; transfer of title for security purposes

- 5.1 The Issuer hereby assigns or transfers (as applicable) the Collateral Rights other than those pledged pursuant to clause 6 below to the Security Trustee for security purposes.
- 5.2 The right of the Security Trustee under section 402 of the German Civil Code to demand from VWL information and/or documents is limited to such information and data to be provided by VWL to the Issuer pursuant to clause 2.6 of the Receivables Purchase Agreement in accordance with the relevant provisions of the Data Protection Trust Agreement.
- 5.3 The Security Trustee hereby accepts the assignment and, in particular, recognises the obligations of the Issuer to release the Purchased Lease Receivables and Lease Collateral, including, but not limited to, the resolatory condition (*auflösende Bedingung*) subject to which such Lease Collateral has been granted, pursuant to the provisions of the Receivables Purchase Agreement, and confirms to be bound by such obligations as if such obligations were directly owed to VWL by the Security Trustee.
- 5.4 The assignment for security purposes in accordance with clause 5.1 is subject to the condition precedent that the transfer of the relevant rights from VWL to the Issuer under the Receivables Purchase Agreement becomes effective.
- 5.5 If an express or implied current account relationship exists or is later established between the Issuer and a third party, the Issuer hereby assigns to the Security Trustee - without prejudice to the generality of the provisions in clause 5.1 - the right to receive a periodic account statement and the right to payment of present or future balances (including a final net balance determined upon the institution of any insolvency proceedings according to the Applicable Insolvency Law regarding the estate of VCL Multi-Compartment S.A.), as well as the right to terminate the current account relationship and to the determination and payment of the closing net balance upon termination.
- 5.6 Together with the rights assigned in accordance with this clause 5, all of the Lease Collateral securing such rights, as well as the rights arising from the underlying contracts (including the rights to alter the legal relationship), are hereby transferred to the Security Trustee, who hereby accepts such transfer.
- 5.7 The Issuer hereby transfers to the Security Trustee the Collateral Ownership Interest. To effect such transfer, the Issuer and the Security Trustee agree that:
 - (a) any transfer of possession (*Übergabe*) necessary to transfer title to the relevant Leased Vehicles is replaced by:
 - (i) in the event that the Issuer has direct possession (*unmittelbaren Besitz*) of the relevant assets over which the security is created, the Issuer holding the relevant assets for the benefit of the Security Trustee (*Verwahrung*); and/or
 - (ii) in the event that the Issuer has indirect possession (*mittelbaren Besitz*) or otherwise a claim for return (*Herausgabeanspruch*) of the relevant assets over which the security is created, assigning hereby to the Security Trustee all claims for surrender (*Abtretung des Herausgabeanspruchs*) against the relevant persons which are in actual possession of such assets;

- (b) any other action to be performed or done or form or registration to be perfected will be promptly performed, done and/or perfected, at the cost of the Issuer save where failure to do so will not, in the opinion of the Security Trustee, be materially prejudicial to the interests of the Noteholders,

provided that the Collateral Ownership Interest is transferred solely for the purposes set out in clause 7 below. The transfer of title for security purposes is subject to the resolutive condition (*auflösende Bedingung*) of the occurrence of a Lease Contract Termination Event. The parties hereto agree that the transfer of title to the Leased Vehicles shall not affect the expectancy rights to such Leased Vehicles transferred by VWL to the Relevant Expectancy Rights Purchaser (section 161 (2) of the German Civil Code).

If new parts are added to or replaced in any Leased Vehicle, the ownership of which has been transferred for security purposes, they shall, as a result of their incorporation, come into the ownership of the Security Trustee for security purposes. The aforementioned rule shall apply to accessories, *mutatis mutandis*, except to assets owned by the respective Lessee. The Security Trustee shall act in this respect in both the interests of VWL and the interests of the Issuer. Accordingly, VWL and the Issuer shall, in the event of payments in respect of the Leased Vehicles, participate in the Distributable Amounts pursuant to clause 18.2(d) and shall, to such extent, acquire direct and independent claims against the Security Trustee. For the purposes of the enforcement or sale of the Leased Vehicles contemplated in clause 18 below, the Servicer shall be authorised to dispose (*verfügen*) of the Leased Vehicles.

6. Pledge

The Issuer hereby pledges to the Security Trustee all its present and future claims against the Security Trustee arising under this Agreement, as well as its present and future claims under the Distribution Account, the Counterparty Downgrade Collateral Account and the Cash Collateral Account. The Issuer hereby gives notice to the Security Trustee of such pledge and the Security Trustee hereby confirms the receipt of such notice. The Issuer has informed the Account Bank of this pledge, and the Account Bank has confirmed receipt of such notification in the Account Agreement.

7. Security purpose

The assignment and/or transfer for security purposes pursuant to clauses 5.1 through 5.7 and, subject to clause 21.4 below, the pledge pursuant to clause 6 serve to secure the Trustee Claim. In addition, the assignment and/or transfer pursuant to clauses 5.1 through 5.7 is made for the purpose of securing the rights of the Transaction Creditors against the Issuer arising under the Funding and the Transaction Documents and any potential obligations on the grounds of any invalidity or unenforceability of any Funding or any Transaction Documents, in particular claims on the grounds of unjustified enrichment (*ungerechtfertigte Bereicherung*).

8. Authority to collect; assumption of obligations; further assignment

- 8.1 The Issuer is authorised to collect, to have collected, to realise and to have realised in the ordinary course of business, or otherwise to use, the rights assigned for security purposes pursuant to clause 5 and the rights pledged pursuant to clause 6 and to exercise or have exercised the unilateral rights (*Gestaltungsrechte*) pertaining to such rights.
- 8.2 The collection authority granted in clause 8.1 above is deemed to be granted only to the extent that all obligations of the Issuer are fulfilled in accordance with the Order of Priority prior to a Foreclosure Event. The authority may be revoked by the Security Trustee if this is necessary in the opinion of the Security Trustee to avoid endangering the Security or their value. The authority shall automatically terminate upon the occurrence of a Foreclosure Event pursuant to clause 17 below.
- 8.3 The Security Trustee shall, in its relationship to the Issuer and to VWL, comply with the continuing duties of care of the Issuer arising from the Receivables Purchase Agreement and the Servicing Agreement (including the treatment of the transfer to the Issuer as silent assignment and compliance with security agreements entered into between VWL and the Lessees). Such continuing duties shall,

for the avoidance of doubt, not include the obligation of the Issuer for (i) payment of the Purchase Price pursuant to clause 3.2 (*Assignment of Purchased Lease Receivables and Closing Date*) of the Receivables Purchase Agreement or (ii) payment of any compensation for damages.

8.4

- (a) The Security Trustee is authorised to assign and transfer the Purchased Lease Receivables and Lease Collateral assigned to it under clause 5 for security purposes:
 - (i) in the event the Security Trustee is replaced and all Purchased Lease Receivables are assigned to a new security trustee (the "**New Security Trustee**"); or
 - (ii) upon the occurrence of a Foreclosure Event pursuant to clause 17; or
 - (iii) if the Foreclosure Event pursuant to clause 17 threatens to occur because taxes are levied by Germany and/or Luxembourg on payments under the Purchased Lease Receivables, or if such levy is to be introduced, and if the negative consequences thereof can be avoided in whole or in part through the transfer, or
 - (iv) if – as long as VWL is the Servicer - VWL has given its consent to such assignment or if it unreasonably withholds its consent; such a withholding of consent shall as a rule be considered unreasonable if a transfer does not affect the interests of VWL, the Lessees or the Issuer and the Transaction Creditors risk substantial disadvantages without such a transfer.
- (b) In the case of an assignment pursuant to 8.4(a) above, the Security Trustee shall agree with the respective transferee that the transferee:
 - (i) in the case of an assignment pursuant to 8.4(a)(i), shall assume the obligations of Security Trustee pursuant to clause 8.3 above, and
 - (ii) in all other cases under 8.4(a) with regard to the sold Purchased Lease Receivables or the Lease Collateral, shall assume the rights and continuing obligations of the Issuer under the Receivables Purchase Agreement and under the Servicing Agreement (within the meaning of clause 8.3 above).

9. **Representation of the Issuer**

9.1 The Issuer represents to the Security Trustee that:

- (a) subject to the provisions set out in clause 2.2 (*Purchase agreement concerning the Purchased Lease Receivables*) of the Receivables Purchase Agreement, the Security has not already been assigned or pledged to a third party; and
- (b) the Issuer has not established any third-party rights on or in connection with the Security.

9.2 The Issuer shall pay damages pursuant to section 280 (1) in connection with section 280 (3) (*Schadenersatz statt der Leistung*) of the German Civil Code if the legal existence of the Security transferred for security purposes in accordance with this Agreement is invalid as a consequence of an action by the Issuer contrary to clause 9.1 above.

10. **Representations of the Security Trustee**

The Security Trustee represents to the Issuer that it is legally competent and in a position to perform the duties assigned to it in this Agreement in accordance with the provisions of this Agreement, and that, as of the time of concluding this Agreement, a ground for termination pursuant to clause 31 has neither occurred nor is foreseen.

11. **Release of Security**

Without prejudice to clause 5.7 and as soon as the Issuer has fully and finally discharged all obligations secured by this Agreement, the Security Trustee shall promptly retransfer any remaining Security transferred to it under this Agreement and that it still holds at such time to or to the order of the Issuer. The Security Trustee undertakes to notify the shareholder of the Issuer of the full satisfaction of all obligations secured hereunder and of the retransfer of the Security. For the purpose of release, the Security Trustee may rely on evidence which shows that all moneys necessary for the satisfaction of the obligations secured by this Agreement have been transferred to the Paying Agent who then forwarded the proceeds. A confirmation of the Paying Agent will be sufficient evidence for the purpose of the preceding sentence.

Part C.

DUTIES OF THE SECURITY TRUSTEE PRIOR TO OCCURRENCE OF THE FORECLOSURE EVENT

12. **Acceptance, safekeeping, and review of documents; notification of the Issuer**

12.1 The Security Trustee shall accept the documents which are delivered to it in connection with the reporting of VWL pursuant to clause 2.5 (*Purchase agreement concerning the Purchased Lease Receivables*) of the Receivables Purchase Agreement and clause 9 (*Reporting duties, duties under the Swap Agreement and Benchmark determination*) of the Servicing Agreement and shall:

- (a) keep such documents for one year after the termination of this Agreement and, at the discretion of the Issuer, thereafter either destroy such documents or deliver the same to the Issuer or to VWL; or
- (b) forward the documents to the New Security Trustee if the Security Trustee is replaced in accordance with clauses 31 through 33.

12.2 The Security Trustee shall, to a reasonable extent, check the conformity of the documents provided to it in accordance with clause 9 (*Reporting duties, duties under the Swap Agreement and Benchmark determination*) of the Servicing Agreement without being obligated to recalculate the figures. If this does not reveal any indication of a breach of duties or any risk for the Security, the Security Trustee is not obliged to examine such documents any further. If, on the basis of such checks, the Security Trustee comes to the conclusion that a Transaction Creditor is not properly fulfilling its obligations under a Transaction Document, the Security Trustee shall promptly inform the directors of VCL Multi-Compartment S.A. thereof. The right of the Security Trustee to obtain additional information from VWL shall not be affected hereby.

13. **Accounts**

13.1 Should one of the Accounts be terminated either by the Account Bank or by the Issuer, the Issuer shall promptly inform the Security Trustee of such termination. The Issuer shall, together with the Security Trustee, open an account on conditions as close as possible to those previously agreed with the Account Bank. The Successor Bank shall have at least the Account Bank Required Ratings or an Account Bank Required Guarantee. The Issuer shall, with the consent of the Security Trustee, conclude a new Account Agreement with the Successor Bank as counterparty. The new Account Agreement shall include an undertaking by the Successor Bank to promptly notify the other contract parties of any drop in its rating.

13.2 For the avoidance of doubt, in case one of the Accounts is at any time held with a Successor Bank, and the Issuer or the Security Trustee receives a notice pursuant to clause 13.1 with regard to the Successor Bank, then the procedure laid out in clauses 13.1 and 13.2 shall also apply for such Successor Bank.

14. Actions of the Issuer requiring consent

If the Issuer requests that the Security Trustee grant its consent as required pursuant to clause 38, the Security Trustee may grant or withhold the requested consent at its discretion, taking into account the reasonable interests of the Transaction Creditors in accordance with clause 3.1 hereof.

15. Breach of obligations by the Issuer

15.1 If the Security Trustee in the course of its activities becomes aware that the existence or the value of the Security is at risk due to any failure of the Issuer to properly comply with its obligations under this Agreement, the Security Trustee shall, subject to the provisions in clause 15.2 below, deliver a notice to the Issuer in reasonable detail of such failure (with a copy to the Servicer) and, if the Issuer does not remedy such failure within ninety (90) days after the delivery of such notice, the Security Trustee shall, at its discretion, take or induce all actions which in the opinion of the Security Trustee are warranted to avoid such threat. To the extent that the Issuer does not comply with its obligations pursuant to clause 36 in respect of the Security and does not remedy such failure within the 90-days period after the notice set forth above, the Security Trustee is particularly authorised and obligated to exercise all rights arising under the Transaction Documents on behalf of the Issuer.

15.2 The Security Trustee shall only intervene in accordance with clause 15.1 above if and to the extent that it is assured that it will be indemnified to its satisfaction at its discretion, either by reimbursement of costs or in any other way it deems appropriate, against all costs and expenses resulting from its activities (including fees for retaining counsel, banks, auditors, or other experts as well as the expenses for retaining third parties to perform certain duties) and against all liability, obligations, and attempts to bring any action in or out of court. Clause 34 shall not be affected hereby.

16. Power of Attorney

The Issuer hereby grants by way of security power of attorney to the Security Trustee, waiving the restrictions set forth in section 181 of the German Civil Code, and with the right to grant substitute power of attorney, to act in the name of the Issuer with respect to all rights of the Issuer arising under the Transaction Documents (except for the rights *vis-à-vis* the Security Trustee). Such power of attorney is irrevocable. It shall expire as soon as a New Security Trustee has been appointed pursuant to clauses 31 through 33 and the Issuer has issued a power of attorney to such New Security Trustee having the same contents as the above power of attorney. The Security Trustee shall only act under this power of attorney in the context of its rights and obligations pursuant to this Agreement.

Part D.

DUTIES OF THE SECURITY TRUSTEE AFTER OCCURRENCE OF A FORECLOSURE EVENT AND ENFORCEMENT ON AND SALE OF LEASED VEHICLES

17. Foreclosure on the Security; Foreclosure Event

17.1 Subject to clause 18, the Security shall be subject to foreclosure upon the occurrence of a Foreclosure Event. A Foreclosure Event shall occur when:

- (a) with respect to the Issuer, an Insolvency Event occurs;
- (b) the Issuer defaults in the payment of any interest on the most senior Class of Notes when the same becomes due and payable, and such default continues for a period of five (5) Business Days; or
- (c) the Issuer defaults in the payment of principal of any Note on the Legal Maturity Date.

It is understood that interest and principal on the Notes other than interest on the Class A Notes will not be due and payable on any Payment Date prior to the Legal Maturity Date, except to the extent there are sufficient funds in the Available Distribution Amount to pay such amounts in accordance with the Order of Priority.

The Security Trustee shall without undue delay give notice to each Relevant Expectancy Rights Trustee, Noteholders of the relevant Class and the Subordinated Lender and notify the Rating Agencies of the occurrence of a Foreclosure Event and of the occurrence of an Enforcement Event and the corresponding change to the Order of Priority.

- 17.2 After the occurrence of a Foreclosure Event, the Security Trustee will at its reasonable discretion and in case of Leased Vehicles for which expectancy rights have been transferred to the Relevant Expectancy Rights Purchaser with consent of the Relevant Expectancy Rights Trustee, if any, foreclose or enforce or cause the foreclosure or enforcement of the Security, in respect of the Collateral Ownership Interest subject to clause 18 below. Unless compelling grounds to the contrary exist, the foreclosure shall be performed by collecting payments made into the Accounts on the Security or, *inter alia*, by assignment pursuant to clause 8.4(a). The provisions of the Corporate Services Agreement shall be unaffected by the foreclosure of the Security (subject to the provisions of clause 8.4(a)).
- 17.3 Within fifteen (15) days after the occurrence of a Foreclosure Event, the Security Trustee shall give notice to each Relevant Expectancy Rights Trustee, the Noteholders, the Swap Counterparty and the Subordinated Lender, specifying the manner in which it intends to foreclose on the Security, in particular, whether it intends to sell the Security, and apply the proceeds from such foreclosure to satisfy the obligations of the Issuer, subject to the Order of Priority set out in clause 22.2(c). If, within sixty (60) days after the publication of such notice, the Security Trustee receives written notice from a Noteholder or Noteholders representing more than 50 per cent. of the outstanding principal amount of the Notes, objecting to the action proposed in the Security Trustee's notice, the Security Trustee shall not undertake such action (other than the collection of payments on the accounts for the Security). For the avoidance of doubt, upon the occurrence of an Enforcement Event, the Security Trustee is not automatically required to liquidate the Purchased Lease Receivables at market value.

18. Enforcement and Sale of the Leased Vehicles

- 18.1 The Relevant Expectancy Rights Trustee has been appointed to exclusively hold, *inter alia*, the expectancy rights purchased by any Relevant Expectancy Rights Purchaser. The Relevant Expectancy Rights Trustee herewith authorises any Relevant Expectancy Rights Purchaser, or the Security Trustee, as the case may be, to sell or enforce or to have sold or enforced, to administer and to do such other acts as are necessary in connection with the holding, administration and realisation of such expectancy rights assigned to the Relevant Expectancy Rights Trustee. In case expectancy rights relating to Purchased Lease Receivables have been transferred to a Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL shall procure that such Relevant Expectancy Rights Purchaser authorises the Security Trustee to sell or enforce or to have sold or enforced, to administer and to do such other acts as are necessary in connection with the holding, administration and realisation of such expectancy rights.
- 18.2 The Leased Vehicles the ownership of which has been transferred for security purposes (*Sicherungseigentum*) to the Security Trustee shall, following expiry or termination of the underlying Lease Contract, be sold by any Relevant Expectancy Rights Purchaser or enforced by the Security Trustee or the Relevant Expectancy Rights Purchaser, as the case may be, or by agents of the Security Trustee (including VWL) and in case of the expectancy rights with consent of the Relevant Expectancy Rights Trustee holding such expectancy rights or any other Relevant Expectancy Rights Purchaser, as applicable, upon the occurrence of an event described in clause 5.7 (irrespective of the occurrence of a Foreclosure Event), as follows:
- (a) To the extent no Foreclosure Event and no Servicer Insolvency Event have occurred but upon the occurrence of a prematurely ending of the Lease Contracts prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*), the Relevant Expectancy Rights Purchaser will (i) in case of VCL Master Residual Value C2 or VCL Master Residual Value C3 being the Relevant Expectancy Rights Purchaser, sell the relevant Leased Vehicles to VWL and the Relevant Expectancy Rights Trustee and the Security Trustee will consent to such sale, or (ii) in case of any Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL will pay an amount equal to the Vehicle Sale Amount to Issuer and the Relevant

Expectancy Rights Purchaser. The Vehicle Sale Amounts resulting from either such sale to VWL or payment by VWL will be allocated to the Issuer in accordance with clause 18.2(d) below.

- (b) To the extent no Servicer Insolvency Event has occurred but upon the occurrence of a Foreclosure Event, (i) in case of VCL Master Residual Value C2 or VCL Master Residual Value C3 being the Relevant Expectancy Rights Purchaser, the Security Trustee will sell the Leased Vehicles to VWL and the Relevant Expectancy Rights Trustee will consent to such sale, or (ii) in case of any Relevant Expectancy Rights Purchaser other than VCL Master Residual Value C2 or VCL Master Residual Value C3, VWL will pay an amount equal to the Vehicle Sale Amount to Issuer and the Relevant Expectancy Rights Purchaser. The Vehicle Sale Amounts resulting from either such sale to VWL or payment by VWL will be allocated to the Issuer in accordance with clause 18.2(d) below.
- (c) Following the occurrence of a Servicer Insolvency Event, the Security Trustee and the Relevant Expectancy Rights Trustee shall be free to sell or have sold the Leased Vehicles to any third party. Proceeds resulting from such sale shall be allocated to the Issuer by the Security Trustee or the Relevant Expectancy Rights Trustee, as the case may be, in accordance with clause 18.2(d) below.
- (d) A fraction of the Vehicle Sale Amount or proceeds from the sale of a Leased Vehicle according to clauses (a), (b) or (c) (each a “**Distributable Amount**”) shall be allocated to the Issuer as follows:
 - (i) if the Lease Contract relating to such Leased Vehicle has prematurely ended prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*) for any reason other than termination (*Kündigung*) by VWL, insolvency or death of the Lessee, the Issuer's portion of the Distributable Amount shall be an amount equal to the present value of the remaining Purchased Lease Receivables under such Lease Contract; or
 - (ii) if the Lease Contract has prematurely ended prior to the contractual lapse of contract (*Ablauf der regulären, ursprünglich vereinbarten Leasingdauer*) because of a termination (*Kündigung*) by VWL or insolvency or death of the Lessee, the Issuer's portion of the Distributable Amount shall be an amount equal to such Distributable Amount multiplied by a fraction expressed as a percentage:
 - (1) the numerator of which is the present value of the remaining Purchased Lease Receivables under such Lease Contract and the denominator of which is the sum of the present value of the Leased Vehicle's residual value determined as of the originally scheduled contractual end date of the Lease Contract as assessed by a vehicle expert (*Kraftfahrzeugsachverständiger*) and the present value of the remaining Purchased Lease Receivables under such Lease Contract; or
 - (2) to the extent the present value of the Leased Vehicle's residual value has not been assessed by a vehicle expert (*Kraftfahrzeugsachverständiger*), the numerator is the present value of the remaining Purchased Lease Receivables under such Lease Contract and the denominator is the sum of the present value of the contractually agreed Leased Vehicle's residual value as specified in the respective Lease Contract and the present value of the remaining Purchased Lease Receivables under such Lease Contract.

In case of excess payments over the respective Distributable Amount, such excess payments shall, *provided that* all amounts due to the Issuer under the Receivables Purchase Agreement in the context of the Purchased Lease Receivables and all amounts due to the Relevant Expectancy Rights Purchaser with respect to the purchased expectancy rights representing the residual values of the Leased Vehicles related to such Purchased Lease Receivables have been paid, be paid to VWL.

- (e) If the Lessee makes a combined payment on the lease receivable for all lease contracts that it has with VWL and does not instruct which payment needs to be allocated to which Lease Contract, then the allocation between the Purchased Lease Receivable and the other lease receivables still held by VWL or third parties shall be made by VWL after consulting the Lessee. The Lessee will then instruct VWL how to allocate this combined payment. In case this combined payment covers the total amount of all his respective monthly instalments, VWL will allocate the payment to each contract of the Lessee in accordance with the specific payment schedules for such lease contracts.
- 18.3 If and to the extent the Issuer and VWL are entitled to participate in the Distributable Amounts in accordance with clause 18.2(d), the Issuer and VWL shall each have a direct and independent claim against the Security Trustee to receive payment. VWL may at any time unrestrictedly dispose of the right it is entitled to.
- 18.4 Payments in respect of the Distributable Amounts and collections on Purchased Lease Receivables which can be collected after a Write-Off shall be allocated to VWL.
- 18.5 With respect to any proceeds collected by the Issuer from insurance enterprises as a result of the assignment of claims under clause 3.4 (*Assignment of Purchased Lease Receivables and Closing Date*) of the Receivables Purchase Agreement, the Issuer will allocate such collections on a *pro rata* basis in relation to the Discounted Receivables Balance and the Discounted Expectancy Rights Balance outstanding on the respective Lease Contract and will allocate such fractional amounts which refer to the outstanding Discounted Receivables Balance to the Issuer and such fractional amounts which refer to the outstanding Discounted Expectancy Rights Balance to VCL Master Residual Value C2 or VCL Master Residual Value C3 provided VCL Master Residual Value C2 or VCL Master Residual Value C3 is the Relevant Expectancy Rights Purchaser related to the respective Leased Vehicle(s) and in all other cases to VWL.
- 19. Payments upon occurrence of a Foreclosure Event**
- 19.1 Upon the occurrence of a Foreclosure Event, the Security may be claimed exclusively by the Security Trustee. Payments on such Security from this moment on will have effect only if made to the Security Trustee.
- 19.2 As of the Foreclosure Event, payments on the obligations of the Issuer may not be made as long as, in the opinion of the Security Trustee, such payment will jeopardise the fulfilment of any later maturing obligation of the Issuer with higher rank.
- 19.3 In the case of payments on the Notes or the Subordinated Loan, the Security Trustee shall provide the Noteholders and the Subordinated Lender with advance notice of the Payment Date pursuant to the Conditions of the relevant Class of Notes or the Subordinated Loan Agreement. In the case of such payment, the Security Trustee is only responsible for making the relevant amount available to the Paying Agent. In order to do so, the Security Trustee shall rely on the records of the Registrar in relation to any determination of the principal amount outstanding of each Global Note and on the records that each of the Relevant Clearing Systems holds for its customers which reflect the amount of such customer's interest in the Notes.
- 19.4 After all Secured Obligations have been fulfilled the Security Trustee shall pay out any remaining amounts to the Issuer.
- 20. Continuing duties**
- Clauses 12 through 15 shall continue to apply after the Foreclosure Event has occurred.

Part E.

ACCOUNTS; ORDER OF PRIORITY

21. **Distribution Account; Swap Termination Payment Account; Counterparty Downgrade Collateral Account; Interest Rate Swap Provisions**
- 21.1 The Distribution Account shall be used for the fulfilment of the payment obligations of the Issuer.
- 21.2 The Issuer shall ensure that all payments made to the Issuer (other than the collateral under the Swap Agreement and Swap Termination Payments) shall be made by way of a bank transfer to or deposit or in any other way into the Distribution Account.
- 21.3 The Issuer has entered into the Swap Agreement to hedge the floating rate interest expenses on the Class A Notes and the Class B Notes. The Issuer may, from time to time, enter into one or more replacement Swap Agreement with one or more replacement Swap Counterparty in the event that the Swap Agreement is terminated prior to its scheduled expiration pursuant to an "event of default" or "termination event" under the Swap Agreement. The Swap Agreement will have an initial notional amount equal to the aggregate principal amount of the Class A Notes and an initial notional amount equal to the aggregate principal amount of the Class B Notes on the Closing Date. The notional amount of the Swap Agreement will decrease by the amount of any principal repayments on the applicable Class A Notes or Class B Notes.
- 21.4 In the event that the Swap Counterparty is required to collateralise its obligations pursuant to the terms of the Swap Agreement, such amounts will be held in the Counterparty Downgrade Collateral Account and any securities deposited therein will be held by the Security Trustee on trust for the Swap Counterparty. The Counterparty Downgrade Collateral Account shall be separated from the Distribution Account and from the general cash flow of the Issuer. Collateral deposited in the Counterparty Downgrade Collateral Account shall not constitute Available Distribution Amounts. Amounts standing to the credit of the Counterparty Downgrade Collateral Account shall secure solely the payment obligations of the Swap Counterparty to the Issuer under the Swap Agreement. The amounts in the Counterparty Downgrade Collateral Account will be applied in or towards satisfaction of the Swap Counterparty's obligations to the Issuer upon termination of the Swap Agreement. The determination made by such expert shall be final and binding upon the Issuer and the Security Trustee. It is understood that the additional tasks to be performed by the Security Trustee will not be delayed, but instead will be continued as if the Issuer and the Security Trustee would have agreed on a fee immediately.
28. **Reimbursement of expenses; advance**
- The Issuer shall bear all reasonable costs and disbursements (including costs for legal advice and costs of other experts) incurred by the Security Trustee in connection with the performance of its duties under this Agreement, including the costs and disbursements in connection with the creation, holding, and foreclosure on the Security.

30.2 All payments of fees and reimbursements of reasonable expenses to the Security Trustee shall include any turnover taxes, value added taxes or similar taxes, other than taxes on the Security Trustee's own income, profits or gains or any FATCA Deduction, which are imposed in the future on the services of the Security Trustee.

Part H.

REPLACEMENT OF THE SECURITY TRUSTEE

31. **Termination by the Security Trustee for good cause**

31.1 The Security Trustee may resign from its office as Security Trustee for good cause (*aus wichtigem Grund*) at any time, *provided that* upon or prior to its resignation the Security Trustee, on behalf of the Issuer, appoints a reputable bank in Germany or a reputable German auditing company and/or fiduciary company as successor and such appointee who needs to be experienced in the business of security trusteeship in Germany assumes all rights and obligations arising from this Agreement and has been furnished with all authorities and powers that have been granted to the Security Trustee.

31.2 Without prejudice to the obligation of the Security Trustee to appoint a successor in accordance with clause 31.1 above, the Issuer shall be authorised to make such appointment in lieu of the Security Trustee.

31.3 The appointment of the new Security Trustee pursuant to clause 31.1 or clause 31.2 above shall only take effect if (i) VWL consents to the appointment of the proposed new Security Trustee; and (ii) the Issuer consents to the appointment of the proposed new Security Trustee or withholds such consent unreasonably. 31.5 The provisions of this clause 31 shall apply *mutatis mutandis* to each Relevant Expectancy Rights Trustee in case such Relevant Expectancy Rights Trustee or VCL Master, acting for and on behalf of its Compartment 1 exercise their respective rights under the trust agreement dated 19 January 2010, as amended and restated from time to time and entered into, *inter alios*, between them.

31.6 The outgoing Security Trustee shall, in case of a termination, reimburse (on a *pro rata* basis) to the Issuer any up-front fees paid by the Issuer for periods after the date on which the substitution of the Security Trustee is taking effect. In case of a termination by the Issuer for good cause (*aus wichtigem Grunde*) which is attributable to a breach by the Security Trustee of its standard of care set out in clause 34 hereof, the outgoing Security Trustee shall reimburse the Issuer for the costs (including legal costs and administration costs) or pay any costs incurred for the purpose of appointing a new

Security Trustee up to a maximum amount of EUR 15,000 (the "**Replacement Cost**"). For the avoidance of doubt, such Replacement Cost shall cover any and all replacement costs occurred in respect of a replacement of Circumference Services S.À R.L. as Security Trustee.

32. Replacement of the Security Trustee

The Issuer shall be authorised and obligated to replace the Security Trustee with a reputable bank or a reputable German auditing company and/or law firm and/or a fiduciary company who needs to be experienced in the business of security trusteeship in Germany, if the Issuer has been so instructed in writing, whereby letter, fax or e-mail shall be sufficient, by a Noteholder or Noteholders and the Subordinated Lender together owning at least 50 per cent. of the aggregate outstanding Nominal Amount of the Notes and the Subordinated Loan. The Issuer shall be obliged to notify VWL and the Rating Agencies within thirty (30) days upon receipt of such request to replace the Security Trustee.

33. Transfer of Security; costs; publication

33.1 In the case of a replacement of the Security Trustee pursuant to clause 31 or clause 32, the Security Trustee shall forthwith transfer the assets and other rights it holds as fiduciary under this Agreement, as well as its Trustee Claim under clause 4 (including the pledge rights granted for the same pursuant to clause 6) in its capacity as trustee to the new Security Trustee. Without prejudice to this obligation, the Issuer is hereby irrevocably authorised to effect such transfer on behalf of the Security Trustee subject to the condition set forth in sentence 1.

33.2 The costs incurred in connection with replacing the Security Trustee pursuant to clause 31 or clause 32 shall be borne by the Issuer. If the replacement pursuant to clause 31 or clause 32 is caused by a violation of obligations of the Security Trustee as set out in clauses 34 and 35, the Issuer shall be entitled, without prejudice to any additional rights, to demand damages from the Security Trustee in the amount of such costs.

33.3 The appointment of a New Security Trustee in accordance with clause 31 or clause 32 shall be published without delay in accordance with the Conditions and the Subordinated Loan Agreement, or, if this is not possible, in any other appropriate way.

- 39.2
 - (a) The Swap Counterparty and the Issuer shall be entitled:
 - (i) to amend the Swap Agreement to ensure that the terms hereof, and the parties obligations thereunder, are in compliance with the Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories, known as the European Market Infrastructure Regulation, as amended from time to time, ("**EMIR**") and/or the then subsisting technical standards under EMIR; or
 - (ii) to amend or waive (subject at all times to Article 15 (Dispute resolution), Chapter VII of the technical standards under EMIR (which relate to, *inter alia*, non-financial counterparties, risk-mitigation techniques for over the counter derivative contracts not cleared by a central counterparty) any of the time periods set out Part 6(c) of the schedules to the Swap Agreement.
 - (b) The Servicer or the relevant Transaction Party(ies), as the case may be, and the Issuer shall be entitled to amend the Servicing Agreement or any other Transaction Documents to ensure that the terms thereof, and the parties obligations thereunder, are in compliance with EMIR and/or the then subsisting technical standards under EMIR;

in each case of (a) and (b) above, with the consent of the Issuer but without the consent of any Noteholder, the Subordinated Lender or any other Person; provided that such amendment or waiver shall only become valid if it is notified to the Security Trustee and the Rating Agencies, and the Issuer and the Swap Counterparty or the Servicer or the relevant Transaction Party(ies), as the case may be, have received a confirmation from the Security Trustee that in the sole professional judgment of

the Security Trustee, such amendment or waiver will not be materially prejudicial to the interests of any such Transaction Creditor.

- 39.3 Notwithstanding clauses 39.1 and 39.2 above, VWL will be entitled to amend any term or provision of this Agreement with the consent of the Issuer and the Security Trustee, but without the consent of any Noteholder, the Swap Counterparty, the Subordinated Lender, the Arranger, the Joint Lead Managers, or any other Person, if it is advised by a third party authorised under Article 28 of the Securitisation Regulation or a reputable international law firm that such amendments are required for the Transaction to comply with the Securitisation Regulation, including the requirements for simple, transparent and standardised securitisations set out therein or in any regulatory technical standards adopted under the Securitisation Regulation.
- 39.4 The Security Trustee shall have the right to request a reputable international law firm to confirm the legal validity of such amendment and/or to describe the legal effects of such amendment and to incur reasonable expenses for such consultation which shall be reimbursed by VWL.
- 39.5 This Agreement may also be amended from time to time in accordance with the provisions set out in sections 5 to 21 of the German Debenture Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz – "SchVG")*) with the consent of (a) the Issuer and (b) the Class A Noteholders evidencing not less than 75 per cent. of the aggregate outstanding principal amount of the outstanding Class A Notes, for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Agreement or of modifying in any manner the rights of the Noteholders; (x) provided that no such amendment shall (i) reduce the interest rate or principal amount of any Note or delay the Scheduled Repayment Date or Legal Maturity Date of any Note without the consent of the respective Noteholder, or (ii) reduce the percentage of the aggregate outstanding principal amount of the Class B Notes without the consent of Class B Noteholders evidencing not less than a majority of the aggregate outstanding principal amount of the outstanding Class B Notes, and (y) provided further that if any of the amendments relate to the amount, the currency or the timing of the cash-flow received by VWL under the Purchased Lease Receivables, the application of such cash-flow by the Issuer, or the ranking of the Swap Counterparty in the Order of Priority, or materially and adversely affects the interests of the Swap Counterparty, then the consent of the Swap Counterparty will be required. The manner of obtaining such consents may be either a meeting of Noteholders or by way of a decision without a meeting of Noteholders (*Abstimmung ohne Versammlung*), in each case as further provided in sections 5 to 21 SchVG. The manner of obtaining any other consents of Noteholders provided for in this Agreement and of evidencing the authorisation of the execution thereof by Noteholders will be subject to such reasonable requirements as the Security Trustee may prescribe, including the establishment of record dates. Upon full redemption of all Class A Notes, the foregoing sentence shall apply with the modification that the required Class A Noteholder consent as set out under (b) shall be replaced by consent of Class B Noteholders evidencing not less than 75 per cent. of the aggregate outstanding principal amount of the outstanding Class B Notes.

Pursuant to the Note Purchase Agreement, the Class B Notes will be underwritten by a syndicate of financial institutions for placement with eligible counterparties and professional clients only, headed by Commerzbank Aktiengesellschaft, Kaiserstraße 16 (Kaiserplatz), 60311 Frankfurt am Main, Germany, Crédit Industriel et Commercial S.A., 6 Avenue de Provence, 75009 Paris, France and ING Bank N.V., Bijlmerdreef 106, 1102 CT Amsterdam, the Netherlands, lead managed by Commerzbank Aktiengesellschaft, Kaiserstraße 16 (Kaiserplatz), 60311 Frankfurt am Main, Germany, Crédit Industriel et Commercial S.A., 6 Avenue de Provence, 75009 Paris, France and ING Bank N.V., Bijlmerdreef 106, 1102 CT Amsterdam, the Netherlands at an issue price of 100 per cent of their principal amounts. The payment date is 25 June 2026. All rights and obligations of each Joint Lead Manager under the Note Purchase Agreement are several and not joint.

The issuance of the Notes is not designed to comply with the U.S. Risk Retention Rules other than the exemption under Section 20 of the U.S. Risk Retention Rules. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended, adopted pursuant to the requirements of Section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

The Notes sold on the Closing Date may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**"). Prospective investors should note that whilst the definition of "U.S. person" in the U.S. Risk Retention Rules is substantially similar to the definition of "U.S. person" in Regulation S, the definitions are not identical and persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

Each purchaser of Notes, including beneficial interests therein will be deemed, and in certain circumstances will be required, to represent and agree that it (1) is not a Risk Retention U.S. Person (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note to an U.S. person; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules. Each prospective investor will be required to make these representations (a) on or about the time of the announcement of the securitisation transaction involving the issuance of the Notes and (b) if such representations have not been previously made, as a condition to placing any offer to purchase the Notes. The Issuer, VWL, the Arranger and the Banks will rely on these representations, without further investigation.

The Notes may not be sold to, or for the account or benefit of, U.S. persons except (i) pursuant to an exemption from, or in a transaction not subject to the registration requirements of, the Securities Act and (ii) in accordance with an exemption from the U.S. Risk Retention Rules.

Selling Restrictions

General

All applicable laws and regulations must be observed in any jurisdiction in which the Notes may be offered, sold or delivered, to the best of each Bank's knowledge and belief (subject that each Bank shall have no liability to the Issuer or VWL in respect of any non-observance of the U.S. Risk Retention Rules by the Issuer or VWL or any other person). Each Bank has agreed that it will not offer, sell or deliver any of the Notes, directly or indirectly, or distribute the Prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and

regulations thereof (other than the U.S. Risk Retention Rules), to the best of such Bank's knowledge and belief, and that it will not impose any obligations on the Issuer in connection with the U.S. Risk Retention Rules except as set out in the Note Purchase Agreement provided that, as part of the initial distribution of the Notes, each Bank undertakes to the Issuer and VWL to use reasonable efforts prior to the Closing Date to only, directly or indirectly, sell and deliver the Notes to a prospective investor in the Notes who has provided representations to the Issuer and VWL relating to its status as a Risk Retention U.S. Person. Each prospective investor will be required to provide representations to the Issuer and VWL relating to its status as a Risk Retention U.S. Person: (a) on or about the time of the announcement of the securitisation transaction involving the issuance of the Notes and (b) if such representations have not been previously made, as a condition to placing any offer to purchase the Notes. The Banks, the Issuer and VWL will rely on the representations each prospective investor will be required to make as outlined in the immediately preceding sentence without further investigation.

Notwithstanding the foregoing, the Banks will not have any liability to the Issuer or VWL for compliance with the U.S. Risk Retention Rules by the Issuer or VWL or any other person except to the extent as set out in the Note Purchase Agreement.

Notwithstanding the foregoing, the Banks acknowledge and agree that the Issuer can, with the consent of, and in reliance on, the Seller, sell a limited portion of the Notes to, or for the account or benefit of, Risk Retention U.S. Persons under the "foreign offering" exemption from the U.S. Risk Retention Rules.

Neither the Banks nor their respective Affiliates (as defined in Rule 501(b) of Regulation D under the Securities Act) nor any Persons acting on their behalf have engaged or will engage in any "directed selling efforts" with respect to the Notes, and they have complied and will comply with the offering restrictions requirements of Regulation S under the Securities Act. At or prior to confirmation of the sale of Notes, the respective Banks will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Notes from them during the distribution compliance period (as defined in Regulation S) a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until forty (40) calendar days after the later of the date the Notes are first offered to Persons other than distributors in reliance on Regulation S and the Closing Date except, in either case, in accordance with Regulation S under the Securities Act.
